

MALRAUX reads in 1970 notebooks ...

`He had some worrying matters to tell me when they got back...but I was able to explain to him that what he heard was from her sub-conscious mind- for she had (age 4 & a half) been given HEROIN that summer 1937- & Greetha had only a little time to live- Because of her tears & words on the beach the first afternoon we decided to keep her with us the week- & when we bathed her the marks of a Needle could be found on her little hip ! Right hip !

(I think this was 4 days later-when they move in with us in the house on the Corner-we had booked them in 2 rooms next to Freddie 's theatre)

1945 summer- I heard from Miss Gordon the child was said by her mother to be deformed in one hip ! & the treatment had been a HERBAL one to cure a limp ! I know
the signs of heroin given children from living OUT EAST

(Here PJPW slammed the dining room hatch in my GRW`s face...I found it easier to sit in little kitchen & take shorthand at that height rather than a table

` I was a man who could not use a silver spoon-or hold his bread & butter correctly- I slouched- Andre Malraux- at the tea table ...`

This is the criticism of Teresa Gordon *R.* when November 1937 she found out whom I Greta Ransom had been with that summer- That it was ANDRE MALRAUX had saved my life - I had been 6 weeks with the kind 23 years old young man who had rescued she & Miss Plunket-Greene from the MADNESS OF JIM Jong & his Calais ROBBERY of the WAREHOUSE December 1924- MALRAUX-of-Asia !

Andre Malraux has already related ‘ in December 1957 he knew it was she Teresa who had stolen that parcel for Xmas 1937

It was a trick to remove my memory even more !

Malraux does not consider that it may be the same mixtures as 1937- heroin & other lethal dopes getting in my system from THEM, Teresa & Mr Pong & the LINDSAYBUGGARHS

the old SCUM do this to children or old relatives TO GET THEIR DOUGH !

THEY ARE ALL ON THE PIN since 1920s

Doc Mengele HARRINGTON spoken of as `Ops he had done looked as if a screwdriver taken to patient & had to be re-done 1953 but he has been treating ANGELA for dope & booze addiction & dangerous weight.. ` *Mengele* Harrington goes about with Scandinavian Big Boots & chums called Figures from a Morgue

1970 ANDRE MALRAUX tells PJPW `Greta was more like an 8 years old child than 4 & a half
... that summer 1937-

Malraux continues the Visit to the REC/Recreation Ground November 1957... " **My side-kick**

my staff member Nicholas was alarmed at a story of the `

OLD MAN- in Aunt Winnie

(Andre & I, Aunt Miss Win, Harry, Esther could explain easily a true event of late winter

1937- before the summer with Jo & he...but PJPW will not let me hear all
matters- *he is reporting to Mengele*
& Dame & other trendy scum

...
HE 39 years old IS TAKEN IN by his class
...

1937 late WINTER- `THE OLD MAN IN AUNT WINNIE`S BED`

“ He was widowed...too early... said Granny Gordon- & they had to give up the house- H
e had been an old friend from the days of the 1900s when they were all young-
perhaps he

d been on the stage or in the Army-or was Irish or Welsh like her father

s family on his father

s side John Williams

- He is frail & begins to cry in the tiny sitting-room at Crail .

Granny says

I

Il go down Town Hall- they can put him in one of the Convalescent Homes on the Front-
they are all empty in winter & they can put his name down for a place

...
He can come down here Clacton or near.

You and the child must sleep on the floor here- you on the couch Winnie- the child on
cushions on the floor.

He is to have some peace to-night- a day or two.

...
said Granny Gordon

...

THE GOSPELS ACTED OUT

...

He stayed 4 or 5 nights & Harry went to Mrs *Garage* to sleep & Curley gave him a bed-
Harry gave up his big front room. Gra
nny kept the Widower warm fed & he went back to London to clear up his things & to
return.

Treasa dirtied it- & Mr Pong

-

I expect Mr Pong & Earl Lindsaybuggarhs & their pack of wild animals also made fun
when they next saw Auntie Winifred Gordon in the town with respectable folk- or on the
Church steps after Mass !

Granny says

'

he

,

s widowed too early- she

,

s gone too early.

He

,

Il come to us-stay down here winter a bit.

They can put him in the place on the front- always Vacances in winter.

He

,

Il not be expected to pay.

I

,

Il have a word-

TELL BESSIE

...

if they like he can come to us for meals-but they

,

Il give him a good bed.

I have told ANDRE & JO of this 1937- **It is before Grandpa dies in March** 1937- We visit this
very Convalescent Home on the seafront in summer 1937-
GOSPELS ACTED OUT !

ANDRE MALRAUX speaks 1970 “ Do you recall- do you remember what you told me 1937
Summer
on the beach-

I believe that this is really HELL- they are wrong-
HELL IS WHERE
SHE
she IS-but although they say I dream- THUS IT IS SO- Oh thus it is so !

(& ANDRE MALRAUX wrote it in his notebook SUMMER 1937) And you wept & wept
upon my breast- & we went to Mary your grandmother & got your fine clothes & you
would stay with us that week-
& you promised to show me the LANDMARKS-

And to be my mother for you were distressed I HAD NO MOTHER

SHE WAS DEAD. Do you remember ? You should !.... For I have had all this out of her
mind Peter at Lancaster Gate Square.

Please do not stop *Greetah* answering ! I have opened those doors in her mind with him-

Nota bene : But *Mengele* wants to learn what I Greta Ransom know & can recall - This
