

1937 SUMMER - WE FOUND A MAN WHO SAID HE WAS NOW A *KING* - We stayed to hear great simple philosophy -

Andre & Greta

...

from a young man who had been in Welsh Mines-other things & now had 2 acres a white cottage a wife a toddler a babe in a pram-he described

& she nodded agreement

of the mighty skies all day sea mists winter frosts & SEABIRDS of many kinds

...

Ducks to shoot early indigo blue dawn misty morns with friends-rowing boats quietly amongst the reeds

...

his own earth sky & over there THE SEA all weathers

...

& after 2 pints *or so* of that clear pale gold Suffolk Ale- *primroses in a large glass with a handle*

-

Tea time under the Willow tree they

had just bought for the little natural pond the sun lowering itself- the talk reached from late afternoon to near Supper time-& beyond

...

Saint George became ANDRE MALRAUX-

Writer- `Storm Over Shanghai 1933- Man's Hope 1936...

(*`la Condition humain` `Le Espoir` `Temptation of the West`)///*

Two young men were talking about life

a summer afternoon 1937 ... **out on the Holland-on-sea marshes the lowlands where the**

Andre MALRUX
Widower 1944 & sons killed 1961
-
I think LIR Len must have gone as driver perhaps as pilot
...

1937 ` **THE MAN NOW A KING** ` spoke on the seabirds of Essex-Suffolk & he had been
interested in birds since a child-he made notes photographs did drawings-
Years ahead he writes a little
very useful book say BMNH
on the birds he is describing & pointing out to us.
I now took a sleep on our rug under their
Willow tree.
I felt that the confident young hero of
JO
did not need
my Prophet
,
s words -
I do know when not to use
,
the razor sharp mind
,
sometimes !

I *Greetha* am certain my sleep was needed ~ already I can outwalk JO's hero of Spain - & she does not want him, perhaps, to return excited by any comments I may make upon Nord Sud Poles birds

...
she has to have a rest from
MALRAUX
of Spain

...
& she has said
he can do
far far
far
more staying alive
- we have wisely talked of this over the kitchen table at our sewing & making things -
or when I
again made them the Fairy Cakes

...

At nearly 8 pm Saint George ANDRE MALRAUX was hurtling the pushchair - *me clutching at the safety bar, sat on top of our long walk & beach things - We flew- on one wheel sometimes- or were airborne-*

JO
,

s TRAIN HAD GOT IN AT 6.30pm Clacton-on-Sea Railway station

-

!!!

1937 SUMMER - did not drink Ale yet so I could steer him home- we were some miles away out on the marshes down a lane off another lane with brambles- *but not any blackberries yet*

...
then a climb up a broader road to the
Marsh

-

gases

pool

Holland-on-sea cliffs then miles still to go!

As we approached the town I yelled at him

YOU MUST NOT GO PAST THE SEA MONSTERS PLACE-

(

I `noth spake Lindsaybuggarhs)

-

they could be come down to the sea !

He yelled back

‘

I have to go the quickest route

,

.... *Then a` Mercy !* He swung suddenly towards the Catholic Church my Convent School
to zig zag across the town to home - Shouted he felt he could get lost

& said

‘we have to risk

it

’ ! He charged

past The Towers & their

crouching Jurassic

GRAND - past The Royal Hotel

tossing his hair

then doubling his now to me 7 feet high frame of the HERO

as POUL of GREENLAND I hath told him of

...

.bended over the pushchair & rushed us on

...

I tried keep my head down-

perhaps I put one of our swimming towels over my head !

NONE of the LINDSAYBUGGARHS charged after the Grote heir

shouting `all that money is ours- you Ape-you Eskimo..`

Our philosopher did not have a car or a telephone yet-**but a nice wife a toddler of 2 years & a baby just come-& the sweetest homestead with 2 acres-**

We, ANDRE & Greta HAD DRANK ALL OUR WATER

from the glass lemonade bottle & my Nord-Sud Poles water bottle.

We would have to retreat to the seafront all the way back-
along the second lane where we had taken a rest & he ANDRE of SPAIN had written
some things-

I looked for blackberries

FOR FOUL WINTER DOTH COME

-

but only the pink flowers & some tight green berries 2-3 weeks away-

He

Saint George

advised we should go on & see if a

heimat

appeared

-

then finding the white house he doubted anyone was at home.

But knocking politely he had

a woman looked out of a window then open the door

...

& he being very polite

in clear English so correct

-

no Essex slips & slurs or my Quakerisms

-

he got the bottle filled

& an invite to call in on our way back -

they had heard from Harry Gordon who we were

...

1937 SUMMER - AT 6.30pm after tea & philosophy & some Suffolk Ale it was suggested
we wait for

the man on a bike to come by` & he would be
able to telephone Harry at the Thorpe-le-Soken garage & say we would be late-perhaps
Harry could go & fetch

JO

& our hostess-whom they knew slightly-& the evening of philosophy could go on & we
could make some sort of supper-

Yes-that would be a good idea.

Harry would come over by the car at 7 pm.

I forget how it went & I knew that our household would bring some supper things in a
basket to help the philosophy-I have taken part in such gatherings with Ransoms of our
many branches down the centuries-young people are bidden listen then fall asleep when
they find it boring

-
but it did not according to plan.
S0-
while waiting for an appearance of
somebody
they had some more Ale
-
like spring primroses pale yellow
the evening light catching the glass tankard
...

& if I GR had not gone to help in the kitchen & with the babes to their bed I would have heard great philosophy-

but this Man who is a King can speak French !

**When we got back from Holland marshes to the house on the corner Clacton... in `our drunken state
as perhaps MALRAUX ancestors did thus
...
along rolling reeling lanes of the East Britain coasts ` -
somehow a message had been delivered to them at home-**

JO had made her own way... back from the Clacton Railway Station-

We were forgiven- but from now on she will be firm-

**When we are in The Town with her she will SIT US UNDER THE TREE & say “ STAY- whil
e l
GO ROUND THE TOWN ! `**

We were now referred to as

`
youuu two

`&

`
you two monkeys`-

August... We had set out for a long walk midday & he wished to think & write ideas... NO IDEA
OF MEETING A KING
with SUFFOLK ALE

...

-

**I made a mental note NOT to speak too often to
Andre-George
-writing & thinking-
*the Ransom family do this too***

...

JO we had put on the mid-morning train to London

...

**it is such an
opportunity for her to see places
- she would go to The British Museum - a girlfriend would meet her but not one who
knew she was with
ANDREW
-Georgie X-**

**He MALRAUX was becoming quite calm & happy for her to see the monuments the
landmarks- now they have settled their future. But the dreaded Clara
waving a gun was in all of our minds even if it had slipped out of his now & then-
& money orientated Maurice-**

1948 Maurice is used by JIM JONG Mr Pong called *Kubla Khan* in New York to search

out as much as he can on the lay-out of the RANSOM 19 acres under New York bought in 1801 & also the 4 acres almost that Tiggy Grote

s father

(NOW UNDER
CENTRAL PARK)

gave him in 1860s when he was so embarrassed at Tig leaving the Ransom families
SHOELESS while he rushed round the globe setting up the HOMES-

WHEN when Grote Brokers were tumbled without any warning 1954

there was talk later of this Maurice going to Prison in the USA & his family being evicted-

this information rises up again 1960...

(the almost 4 acres were sold a few years ago to the New

York City Administration-they are under Central Park-)

Unless in the 1960s the Ransom Brothers & Andre Malraux Guardian parted with these
then here maybe another
theft-

who received moneys for our Grote 4 acres- ?

*These ceremonially insane keep re-writing their FRAUDULENT RECORDS to suit the
changing decades*

...

It is known from 1954 who received the moneys for our 19 Ransom acres New York-

Earls Lindsaybuggarhs 40 of them heard of their share Nethrington Hall New Year's Eve 1953- & they had to give

Angela
a share
