The 20th century - THE EVIL CENTURY ... has produced the UNREST FOR THE 21ST century -

Afghanistan had a very nice GROTE HOME for orphans 1880s-1940s by agreement not just the King but many Elders out in the countryside... & the children orphans came out at 18 years of age with 3-4 languages & the literature...technology-medicine-science... went out & taught HUMANISM... brought gentle progress & a civilized living -

TIGGY GROTE was a remarkable HUMANIST... he could explain his aims & take Elders & Rulers to see GROTE HOMES in progress...BALTIMORE had some Raving Clerics stay 2 years in the 1880s ...they returned & never chopped hands of anymore ... the GROTE HOMES were to show the way forward in such a civilized manner ... they agreed ...

A man of such PROGRESS was blown up by the British c late 1970s/early 1980s ? ... `The British`

1937 SUMMER - ANDRE MALRAUX **reading his notebooks**

The Pillar House Harwell - 1970 in winter -

“ We decided to keep her with us SUMMER 1937- not the 4 days planned & then take her to her grandmother widowed in March,

Mary Gordon ... for the rest of the summer -

Mary Gordon from whom I had much to learn, Peter -

We began with Southern IRELAND...but our talks broadened ...

I called

Greetah

the Prophet

-

the family history was being unveiled - I had no idea it was all true -”

“ Hearing her (*Greta*) speak I felt she listened ROUND THE TOWN & this child whose little hip we found had signs of needle injections wove stories to comfort herself & also slept with her door open at nights hearing the grown peoples below -

There was no poor intellect

“ ... GREETHA !- Her poor young father & his kin were away A RESCUE IN SPAIN - a tragic matter - a savage obscene death for fun to a 22 years old ...
given by YOUR CLASS
- he ran the Estate & translated from Coptic the records given them to bring to a safe nation who would value them -
records of a 900 years old Trading Post on the coast - Ethiopia - The Sudan -
given them by a doomed man
...
whose family it was over 900 years ...

ANDRE MALRAUX - reads his notebooks 1937 -

“ I heard of how a Captain in the family Ransom had said `Beware of Courts & Kings young woman-we once found an enlightened Ruler down in San Salvador
...
I had no way of knowing this was all true -”

“ Sadly I did not comprehend GROTE - Yet many years ago...in the 1920s I beheld a woman at the end of a Saloon in Paris - talking with a group of very distinguished men - I was not invited to come closer - it was she - the-girl-of-the-snows as
Greetah
called her
-

**A Goddess -
Peter !**

...

**I had read a magazine about a woman on a barren isle Scotland who owned 3 or 4
Gericault paintings-in the 1920s- “**

**« ...& yet AGAIN - ships that pass in the night... I sat on a sea wall beside a man an old
man in Brittany ... when I was in my 20s
perhaps - He told me of
an Angel who came with
her only child a very small boy - how she watched him fishing with a net he flung beside
his knees when he was 15 years old - he would wade out & stay still then fling - One
morning she spoke to him a few words
- she explained fishing methods where she came from in the North**

...

**& she came in the mornings for two weeks with her small son & always spoke with him
...»**

***(Len has drawn this back in the 1930s - perhaps with additions 1960s - Margarethe gave
birth to Basil at 41 years of age 1882/3 -***

**“ Then one day (*he told me*) how she took him to buy a boat - No he need not pay the
bank anymore than what she had paid to them -
Payment to be made by him when he found he had sufficient moneys from the fishing
each time after looking to his mother & the younger children**

-

**& if he found he had surplus fish then he must take them
to a HOME for orphans nearby**

...

**She took him to see THE HOME & speak with the children...
& the HOME for orphans was a real home
& it became part of his life -**

**He had his widow mother & two younger siblings to rear when he met her an Angel who
came from the North...she understood how they his family depended upon him
They could now take part in the Life of the HOME for orphans**

...

HE WAS 15 YEARS OF AGE-

Now he had one son a fisherman & one son a Notaire in Paris -

HE NEVER SAID HER NAME

-

& I - ANDRE MALRAUX, to my shame - I did not ask

...

Ships that pass in the night` ...”

` I can only bow my head & say I - ANDRE MALRAUX-

I DID NOT KNOW - by Christmas 1937 my correspondence to the families did not arrive - but we had our friend our hostess of the Summer happiness - & she delivered to them all messages & a package to Greta ... from Jo and myself-

From Mai 1938 all my mail was scrutiny the British Government & Crown - where they could arrange it - & later we learned falsehoods had been sent ...”

ANDRE MALRAUX is to be Widowed & given dead boys AGES 18 & 21 years so the trash of Imperial Britain Scandinavia & Europe can dress itself up & put up pyramids of blood & gore moneys...

1937 Summer - **THE ARRIVAL** He, **ANDRE MALRAUX** arrived about 2.30pm - with Jo ? No - she had to come later - he will not travel with her .

He came by plane to Croydon Airport then by railway to Clacton -

She arrived a little later on after docking by boat in the morning & taking another train & another to us at the seaside

...

She is upset & near tearful but puts a brave face on

... We will learn he is frightened of Clara & Maurice who wave GUNS !

round the simple furnished bedroom***

**- for I had woken as I heard the Old Road door opened downstairs & was beginning to
want to be on the defensive ... at least standing on my toes holding the cot rail - standing
on the very tips which I will do as they talk & collect my small luggage & she our Hostess
goes on talking in French & English- I see JEAN do this in her ballet shoes & although I
am still a dwarf I know I shall grow like she my Granny**

the FIREBIRD of the INCA ...

The ANGEL figure in the half light - He had a very too tight grey jacket of a worsted raised weave in squares of two greys & such bright eyes dark but with a flash of lights that are I think greens...Oh so keen-searching those eyes about him- & in between kindly but as if he is looking for someone with a GUN ? Is this POUL great POUL arisen from the SNOWS ?

Hmm

mmnh !

I know from two black cover books Margarethe`s father has written another tall figure Angel like with a flop of dark hair coming over his forehead & cheek ...

Grandpa 4 times back

THE GRONLANDER ...

He leaned down at me & I wondered if he would pull out spectacles -

I have been told they are Catholics very much so when they were children

...

She addressed him as ANDRE...but we may have to call him GEORGE if he thinks he can be recognized here at the seaside ...

` They have come for a rest `

from bloody SPAIN & wars ...

Unity`s mother said apologetically picking up my clothes put neatly on the chair & my tiny suitcase “ ... and the little thing is already in its sub-conscious mind Andre - Teresa

goes up to town - I have the key & we share the guardianship during the holidays -

Greetah

is at the Convent School on the seafront -

”

She our hostess is to re-speak this to PJPW 1968/9 - & Andre Malraux has his notebooks - he has gone over this first meeting so many times -through the decades ahead to his early death - November 1976...

1970 - Andre MALRAUX very agitated... says to PJPW - **‘I wanted to keep her with me all the time - I always have - when the truth was told to me about the ESTATE it was going to be too late unless the POST/mail was delivered - not stolen by your nation**

...

as it has from 1937 near Christmas -

G .R. If only he had been told immediately : that I have really travelled from October 1935 to summer 1936 from Pole Nord to Pole Sud - learning with Lennie about the work of Thomas & Margarethe girl of the Snows- & that my instructions for how to get out of a MOUND of the INCA saved my life... for

September 1936 evil Mr PONG &

the jack-in-the-box Earl to be 14 Lindsay shut me up in the MOUND at the deserted Alexandra Palace/they were going to kill me later...

This was an experience I survived because of the earlier INCA training !

Mary Gordon thought he

,

d been told of the HEIRSHIP & that he knew of the Estate -

Ransom family

have gone rescuing young Missionary Murgatroyd in

Spain-

Lindsaybuggarhs

hath

been told by Angela they can lay hands on their estate - log the half a mountain RANSOM Estate too-

they can share the dough -

I don

,

t know until October 1937 all details-

it is likely Unity`s mother feared he would

DASH BACK TO SPAIN & in a young man`s enthusiasm

hoping to get our hundreds of planes...seaplanes & others & a flying boat on the river

Orinoco

or the Amazon or is it the Plate ?

I forget ~
