GROTE HOMES : Our dear Thomas-Tiggy 1864 age 22 years of age travelled A to Z the globe twice setting up his HOMES first explaining his ideas - thus

Uzbekistan

...he needed another U...

He felt it was sensible to use the alphabet & it could be easily understood & easy for the HOMES to be in contact - a broadsheet, a comic, the telephone had all the HOMES in touch ...

The children meeting Margarethe & her father & her brothers - JOHN RANSOM an educationalist & Poul into outdoor activities... heard of POUL GRONLANDER their mother`s grandfather & that this was how Tiggy got his idea to give them A HOME ... Thus POUL the FIRST ORPHAN ... The million or so orphans by 1880s thought of themselves as of the family GROTE & RANSOM & all the other families married to them ...TIGGY took the children by 12 years old on Vacations...*Equador went to China 1880s & made pen friends they were in touch with 1930s*

The children knew they were especially fortunate - some could recall horrible lives while others had mothers or a grandparent who cared for them ... Some had been abandoned at birth ... The children when educated would be able to help the less fortunate how to have happy lives ... QUALITY was stressed as advisable in all one needed in households - work places- arts crafts & leisure & sporting activities - Music & art were important ...

Margarethe & the families, people of the nations, bought art works for the HOMES & these were the property of the HOME & of the Nation should the HOME fail to be an orphanage ... it was hoped that it would be used for a similar venture of Welfare ...

Only GROSS BRITAIN abused the HOMES the lands the properties & the personal character of these GROTE children of the world - Filthy charges were made in secret silence meetings ... WESTMINSTER & the marble halls, Clubs, Race meetings etc ... against the children & the family Grote Ransom by the penniless British & some Scandinavian nobles ... they had long black tongues to their expensive footwear - these nobles with no breeding & so ill educated & Oh so GREEDY ... ALL ON THE PIN -

TIGGY learned by experience with his first HOMES ... with the Marsh Arabs who kept moving off but the 2 Teachers loved it - & the Island-with-no-clothes who became quickly so learned ... TIG pondered the system a week or two 1870s ... IT WAS ON COURSE & the Vatican had said *go ahead in all our lands* after 2 years trial in Italy having said ` *5 years trial would be required`*

Tiggy writings/ COMIC & broadsheet/ Margarethe letters...

all were at the Island in the Snows & Ransom families Homes & private collections... very

much found DESTROYED or stolen to mock us with...
GROSS BRITAIN IMPERIAL FIGURES FROM A MORGUE ...
said an old Eskimo gave it to them

...

1910 !!!

Tiggy Grote found that these simple folk came out on top intellectually - helping with the organization immediately - following Tig's philosophy... *humanitas*... `don't fight- lets sit down & talk first...

He found GROSS BRITAIN HAD BIGGER IMPERIAL BOOTS ...

as its Empire slipped away overseas ...

**" 1864 - first GROTE Home OHIO - Thomas he took a Mansion OHIO & plastered it outside with Broadsheets saying come & help me with this Plan - Grote Brokers his father`s firm apologised to the new Bride`s parents their well off clients from 1830 RANSOM - Soon Grote & Ransoms could say ... `we have no shoes` ...
But their were plenty of art works !`**

" Now Tiggy he ploughed across America setting up the HOMES & then leapt across the Pacific ... island to island ... getting much support from many nations & Arabs too ...Japan agreed immediately but Ransom had a noble line Japanese plus 2 islets end of Lusans Pacific ...`

“ ... in the 1870s The VATICAN after a 2 years trial said

`Tiggy you can go ahead` & we won't wait for 5 year results - Tiggy had the Vatican door open because of POUL GRONLANDER his great-grandfather-in-law
... thus in `young Paccelli`s times the GROTE HOMES had almost half in Catholic lands...»
Dr John RAY ®

“ 1880s - GROTE HOMES - KKK territories far from saying

`only whites` asked for orphans a bit different- we sent down to the South USA ... GREE NLANDER orphans

-
then Tig & Mag were asked if more might come for education to 18 - on account of their reliable common sense & good tempers - it did not matter that the skin tone might be a shade of olive-green-

Black orphans went to New York/Boston & off-shore...wise not to confront at that time but put the child`s education first & teaching humanism - let Grote students show their very human qualities to the people about them
- & display the GOSPELS ACTED OUT - THE RULE WAS WE DO NOT FIGHT but discuss

...
but you may have to consider this Rule when you are grown up & out in the world ...”

Dr John Ray 1960/
Ransom family 1930s/

1880s - A Dialogue with the Roaring Arab Clerics/success :

“ Tiggy invited them to Baltimore for a Visit - they stayed in Baltimore for 2 years - saw more of America - were delighted with manners & hospitality... The Arab prince agreeing with Tig about this Visit was relieved - they returned *the roaring radicals* within reason -

Yes well then girls should enter Grote too

That nation did not chop hands off anymore -

& Tig was still being called in 1900 - SIT & DISCUSS-newspapers handed him ? - TIG HAD ALL LANGUAGES

Dr J.RAY/

1936-1938 - ` Aunt Margarethe-girl-of-the-snows often instructing me *Greetha* by phone s *ay-eth*

“ T

homas-Tiggy would say if there was hesitation from some people to be involved in the Joyous Venture

...

do not bother to pack - just bring your servants - my wife is rich - we will get what we want on the way & when we arrive...`

“ So I had to learn to TRADE with Daddy ... Daddy said Thomas had left us shoeless & my Grote in-laws were ashamed of him...so they gave him the 4 acres now under Central Park to add to our holding the 19 acres that Daddy`s father bought ... Daddy he taught me all I know - I am sending you my Manuel 1909 - a bit out of date but in the East they use these old fashioned shipping terms & the etiquette is the same - ”

“ Margarethe girl of the snows ... a Goddess ... **Ransom Estates provided gentle progress for all peoples of the earth 1864 onwards ... as she & Tiggy & the families who are us put the JOYOUS VENTURE swiftly into place...eyed by penniless Gross Britain FIGURES FROM A MORGUE ...** ” *JR® & Malraux/*

“ THOMAS & the HOME & settlement that got CORRUPTION going ... **he was told one place had got corruption in ...**

Thomas-Tiggy called & began in his good hearted way... sitting himself on the ground with his haversack... `I hear you have got corruption in... No do not worry- I am most interested...let us talk... He says he talked for two 2 weeks...explaining his methods and their ways were not so profitable or so comfortable for everybody ... After that they were become a SERMON ON THE MOUNT to their neighbours for 100 miles that way 150 miles other way... ” **JEAN**
Weddell Mrs Fred. Charles RANSOM

1938 - that last summer of JEAN`s life : **FJR my father said they might have become a bit of a trial to their neighbours with their strict morality ...**
he must ask Aunt Mag

...
She said, of course,
they were taken to see Baltimore USA
TIGGY would preach that you could live like this if you kept corruption out...& we always gave good housing to everyone who helped with the HOMES & the same welfare as the children ...`

` THAT GROTE HOME THRIVED VERY WELL - with good works for miles & miles...children educated to 18 -helping their neighbours- JEAN/LETTERS to her son Dr John RAY ® & speaking to her grand-daughter Greta 1938 as she discussed with me now 5 years of age... what she would WRITE TO LITTLE JOHNNIE that evening in her LETTER FROM JEAN
