

`It was the Catholic Priest who got an admittance of these crimes going on for some 2 or 3 years against children & often they were very poor children sent for Convalescence - children under 12 years of age - The culprit a member of the MONTAGUE Catholic FAMILY was in his late teens we think when they caught him -

the

crimes had been underway for quite 2 years

...

The attack - the trauma -

& birth of a son to a very small girl left her scared ...

& she has not married ...`

` Then her mother (Julia Williams Butler) died suddenly . A man came to the door of the house in Salford & she had to speak to him & it was after dark - she died - `

` She Miss Butler kept quiet about the death of her mother because of her brother JOHN BUTLER eldest child of the family - an educated man his job would not be safe if they & others took any action against the mighty *Catholic*

Montague family

-

But the Catholic Priest got a Confession - **an INTENTION was secured that they the father's family MONTAGUE were to bring up this their illegitimate child in their own family**

-

they put it to a very distant branch - & had the male child neutered -

The young Catholic girl only 12 years & very small for her age had her life stunted ... & the loss of her, their, mother from a knock at night on the door!
!

She Miss Teresa Butler was alarmed when a marriage was made between Lindsay & Montague families 1953 ... because she knew of the CURSE on the Old lady Margaret Ransom`s Estate ... Earls of LINDSAY claiming it illegally - there were many young educated Ransom family who understood this Estate -`

“ There was too much power & too little Catholicism up there Montague & LINDSAY - She felt her families were all vulnerable again especially since the marriage of *Greetah* & Andre was said to have failed

...

they would make trouble because the marriage granted by Paccelli was said to have immediately failed ...

... MALRAUX GUARDIAN & Greta Ransom heir to the Estate of a Miss Margaret Ransom who married a man with Orphanages ... she believed they had been torn apart - she spoke with Greetha 1948 when she was catching a bus ... she found her vague ... the marriage said to have folded up

...

She Miss Butler DID NOT TRUST HER COUSIN Teresa the girl`s mother ... & her NOBLE

TRUE BLUES ...

Goblin Market !

... she had tried explain it this way to Greta before Christmas 1959 ... she was surprised at her lack of comprehension & her belief that she had to be responsible for her mother ... this appeared to be coming from her cousin WIN sister to Greta`s mother ...`

`Her two sisters & cousin Win ... she did not trust a bunch of holy old maids ... to understand TERESA & her TRUE BLUES ... always short of money the Nobles

-

She, always the plain one in the family,

had gone to the Astor place the house Cliveden

(Clifton)

a visit but was glad to escape after finding them

sporting in the library

!!!

She herself was an old mai

d but she felt certain the marriage had been interfered with by Greta`s mother & these TRUE BLUES

... She HAD NO IDEA ANDRE MALRAUX had never known of the full guardianship he had taken up to Greta that summer 1937 ...

She began to follow some matters December 1959 after listening to Arthur Malone the Detective Andre had hired for Greta ...

there had to be well organised STEALING OF POST ...

Miss Teresa BUTLER - SHE could recall now ... she HAD TRIED CONTACT ANDRE MALRAUX after the WAR 1946 ... but he never replied ... She had left two telephone messages for him to contact her - T. BUTLER ... *perhaps he thought she was a budding author* ... BUT HE SHOULD HAVE HAD

NO DIFFICULTY RECOGNISING THE NAME BUTLER as of the family ...

certainly by 1946 !

After the War she had been asked to leave a Committee in London ...

it was the anger & spite of her cousin Teresa & her TRUE BLUES ...`
