1940s - Wartime Britain - A woman called Angela was given my school books after I was sent into class or exams doped ! She was seen waving them about & talking of apes & Eskimos & they are stupid -
JIM was always in attendance 1939
into some time 1944 -

It was the great geography teacher Armstrong/Cambridge - who found this trick was being played on Greta Ransom age 10 & 11 years - & the Humperdinck family saw this was so - then others from the Universities who teach us

they tried explain to WIDOWER ANDRE MALRAUX ...
but had not idea he did not know of the INHERITANCE OF THE NORTH POLE
... he understood it to be his GUARDIANSHIP TO GREETHA
October 1937 ...

1959 MISS TERESA- Terry BUTLER 17-19th December-

has exposed the violence against her family on several cousin lines from time of Great War - & after the Ransom marriage of 1932 the violence horribly increased ... *because many persons knew of the fraud- theft- murders against the Ransom family from the marriage of Millie & John Ransom & the horrible interference to get the lands & moneys by the EARLS of LINDSAY creatures gone mad in Scotland -*

some of their crimes are listed in this Document ...

1938 - It is swiftly understood by G.B Government & Lords that the INHERITANCE to GROTE HOMES RANSOM ESTATE the legally chosen GUARDIAN a FRENCHMAN... could take the Estate away from their PLANNED FRAUD ...

ANDRE MALRAUX

a known writer & popular for going to SPAIN in the Civil War ...

was in IMPERIAL BRITAIN`S

way ...

The ESTATE could not boldly be TAKEN BY FRAUD if FRANCE GOT TO KNOW...

Therefore GUARDIANSHIP had to be kept from MALRAUX from winter 1937/8 ... OR KILL HIM FOR IMPERIAL BRITAIN

...

so its VERY UGLY SIDE AT THE TOP COULD DEBAUCH ON-wrecking the globe

1938-1960s - Often the intention was to KILL HIM but he had often to HIDE FROM CLARA & MAURICE THE MOUSE waving guns at him ... THE BRITISH

GOVERNMENT & Crown removed all his Post/mail & had spies -traitors about him -

Miss Butler

had written to

Malraux

3 times - but not given away too much

- she had never received an answer from him - but

as Guardian

he should have known the name BUTLER-

NB : Two of Mary Gordon's sisters married 2 Butler brothers Manchester late 19th century
