**The Home ... we moved it ... to a nearby Island but this was difficult as well ... so we PULLED OUT & took all the children to the USA where they did very well. A very few came back to try**

**...We kept numbers smaller here but accepted a 100 or so each year ...sometimes it was as low as 30 ... it all depended upon conditions ... we had all legal requirements & documents at LAW ... a few had a parent & there are some joined in the running of the new USA or South American Homes ...
