

`Unity`s mother & Andre said ... `meanwhile here at Clacton-on-sea we enjoy free a neat little house beside the town- a vegetable garden with salad plants & potatoes & early cabbage if we run out of money ~ We have sun most days-everything to interest us- & we know people who have fruits in their gardens who will happily tell us to pick a bowl or basket
- ANDRE MALRAUX & JO become relaxed & very happy- It becomes a summer holiday 1937...`

1938 summer - The next year DISASTER...Andre is observed by *the future Doc Mengele* a Mr Harrington just got RELEASE from a Nut House in Britain after serving part of a prison sentence Continent for being a nasty paedophile...Herr Harrington begins writing spiteful things about this first meeting with Andre...
Harrington seems to be typical of the MONSTERS that NOBLE BRITAIN employs to do CRIMINAL WORK to get itself DOUGH
...

1970 ANDRE MALRAUX winter - The Pillar House Harwell

-“ here SUMMER 1937 in East Anglia...I found the Gospels Acted Out - wandering about with Greetah & with JO -

we made friends - Our friends came to understand what I wanted to do in life- I was working it out -

that summer when we were a unit - then a family- We had come for 2 weeks but stayed on -5 weeks- Greta accompanied us to LINCOLN- a journey to see a monument to my father's line-& places where my mother's line had lived-fished-traded that coast-farmed- East Anglia- Our travel began Lincoln & then over to The Wash- all those centuries ago some of my ancestors had lived in these parts - some stayed- I had a guide book in French...an old one..."

(

I remember it...

it is the same one he has 1947

...could it be DEFOE `Tour of the Eastern Counties` /a French transl. ?)

1953 - Mr Poulter & friends were very interested in my English ancestors...we discovered 2 people retired- *Histon by name* - but they were away - 2 years later they had died but there was no trace of them & we could not discover who had bought their 2 acres & the bungalow- It was Mr

Poulter who began to be concerned -

I did not know of the persecution going on in Colchester Museums too -

I became ill in the spring after Gretha was taken from me again- her father & his family were insulted over a Birthday Party in March 1954 for her 21

st

...

it was many years before that poor young man knew it had been a most horrible trick-
Greta was ill for a month & could not be seen...

& I only learned of this from my Detectives & Colchester Museum 1960/1961/1962...

(1950s - Persecution too of the Graham Greene families - he could follow some of it-

then his friend the bookseller Donovan had his rare book room burned in his STRAND premises...then he died- his widow had JIM the Crown & Mengele the DOC walking in on her ...)

Andre Malraux continues :

“ At the Castle & Hollytrees evil men came to remove books -documents with a link to all the Estate names - & to me ANDRE MALRAUX my ancestry ! It was as if a maniac was loose`

1945 - I returned in May without Jo - I a widower...

Again I found friends & THE GOSPELS ACTED OUT-

Greetah was clearly being harmed by Teresa for *kudos-moneys*-from her high born friends- I did not know this - but old Winnclermann had an understanding of the situation - He had worked with children-psychology-on the Continent - (*he trained in chemistry of the brain-Germany - other nations...*)

1945 - early that summer June...He told me more & called Teresa a Virago - He was surprised when I related to him my memories of meeting her December 1924

Deauville-she & another girl were with us, my friends about two weeks we took them on to Paris - Neither the Winnlemans or I knew of an inheritance overseas.

Miss Winnie Gordon did not hand me her copy of the Will -

She should have done so by June 1945 or told old Inclement ! She told me in the month of June that Greta could not learn algebra at school because she played these games - these invented games

-
played them when she should have been learning at school - She persuaded Winnlemann to take those games out of Greta's head,

GAMES I HAD HEARD

FROM GRETA

IN 1937

& THAT JO HAD HEARD...

One was about AN ISLAND IN THE SNOW

“ Greetha`s father was in Africa - trying to get a ship back to England- Jim all of them intended he die- first in the Philippines- then in Africa-

He got help to keep himself alive

-

after tricks played on him by

JIM

who 1944 got himself & his bar rats into Kenya

-

My notebooks the years tell much more-

I could weep
