It was known the Master had another place of residence...

It was said to be London...for his work for General de Gaulle -

A woman of the staff had tried warn MONSIEUR MALRAUX the eldest boy was being lead astray - he was encouraged to waste his time - men came from Britain -

but they were fluent in French...»

PJPW notes “...the staff was big, lavish perhaps... Sometimes a Mafia...You had the feeling you were followed...or listened to...even when you had left you felt you were investigated...”

But they, these kind people... did not criticize him in any way...curious...
I should make that clear, by the way...”

1967 end November - **PJPW returned from PARIS/ichthyology/is translating his notes...**

Gross Britain Nobles play the old Nobles game of squatting & lavishly when they can... Sunday GAMES of `pull them down-call them immoral-isolate them-we may need to expose in order TO GET THE BIG WIN/1920s Roarings of the dripping blood & gore NOBLE BRITAIN/Scandinavia...coming & going in disguise/ see Reports/ Police objections 1950s use of disguise by the fashionable!)

PJPW adds “ I will try translate a little more clearly...

They were often hesitant...but I think deciding what was important - I had gone with someone - *it was arranged* - of impeccable standing over there. I won't say whom.

But their sympathy clearly lay with him, MALRAUX ...

Yes I can see it more clearly now...from my notes...»

“ DID YOU SEE ANY OF THIS WITH HIM ? **This UNSEEMLY BEHAVIOUR...No-No- I think you did not.** HE IS NOT OF THIS CHARACTER -

“ I have not read you all - you could be shocked at some of it ...

I do not think he is of this calibre...a buffoon...If he were...

I could not understand you...well...living in that house...such a lovely house as you have described it...*but saying `SOMETIMES...when monsters did not creep in...` but I thought you were being smart...modern quips...*

(50 Lancaster Gate Square)...when you showed me last year...»

1966 November...**Lancaster Gate Square- 7.30pm a mist laden cold wet November night- not a soul in sight- a sign in dull pink-green fluorescent light said `The Dive` to the basement of the house next door to our No 50...** I had brought PJPW to see it after he had spoken with Richard Carrington/he is finding references for him for his new book **The SEA... OTH ERWISE ALL WAS AS QUIET AS THE GRAVE...**

1970 January... **ANDRE MALRAUX says “...you went back at this time...Yes, I have heard...& you went back earlier...my housekeeper reported that you called 1962 November...there had been an accident a year before but she felt you did not seem to know...not too much...** Did you see the sign **THE DIVE** next door to us ?... A little cellar nightclub put there after we left for **FRANCE...** otherwise it was the same,

was it not ? ... ALL AS QUIET AS THE GRAVE ...

(Andre Malraux in a heavy dark overcoat perhaps deepest navy-blue, not his usual Glenn Miller USA Army raincoat...icy speech...his hair greying...he had his head sunk into the collar of the heavy overcoat...)

ANDRE MALRAUX in The Pillar House dining room...sitting at the table...icy controlled speech, very precise... I nodded at the figure as familiar as The Parthenon to me...but nothing remained in the memory of **THE TENDERNESS, THE LIVING WEIGHT** of two HUMAN BEINGS... I have been SCARED OUT OF IT...

...the old PERSECUTION...`its been happening the last 2 years...

I must be too scared to see anymore imagery in my memory !

There is no mechanism in my brain to bring up the PAST...

But then the misery the loneliness, the neglect, the embarrassments caused by dirty JIM, Mad mother Kali & her creepy freak Doctor *Mengele*

...

both of them threatening to lock me up...lock Malraux up...everybody who was kind ...& then there were deaths about the Square 1957 onwards

threats...

I keep them from **ENTERING** The Pillar House I hope !

THEY ARE UNACCEPTABLE TO ME... Peter`s father would say this about such creatures...

1967 November ...PJPW says “ I remembered as they spoke ,

my 3 kind informants what you had said about living in his London house...I said a little to them, a very little, about the house in Lancaster Gate Square... ` You said it was creepy-erie there sometimes...in the London house

...

the men from that Club got in

...

when he Malraux was not there

...` I do wish you could recall much more ”...

Next day PJPW had a translation done by Edmund Launert Botany BMNatural History & read it over to me two days later... he had the interview correctly recorded in French it was decided by them. Peter did not read the shocking parts...perhaps he was advised not to...

Nota bene : **the monsters who prowl about us have all been in**

**The Nut Houses (Lunatic Asylums) on & off...3 in PRISON & JIM a Court martial 1949

1967 November - 3 people speak in PARIS to PJPW BMNH/Fishes on the Malraux Household
1946-1961 :

**“ When the Master of the house came he went up to the two boys...It was known he had another Place - it was not known where ?
He was very fond of the two boys...they should have been away at school....**

When the Master MALRAUX was not in residence the Place had the smell of a Mafia...**an old woman camped out in the dining room & demanded meals at anytime...`**

**“ A doctor rather odd...had attacked young people...young men...`in the buttry` (*The Butler’s Pantry*)
...`**

`He Malraux & She the Madam...had separate lives...

When the Master of the House was in residence...here in Paris...He was treated as a buffoon...` ... there is more...

PJPW - “ Well - I have read some of his writing...its interesting.

I am a frankly horrified by some of this (*Peter is waving the translation which has now been typed up...I am not to read or hear all*

***of it...he says it is unnecessary at this distance of time)* the things that they have told me in confidence...
rather frightened - They are**

anxious I do not say whom they are or how I came to meet them...I have given my word...this is mainly why I did not tell anymore of your accounts...while living there...”

« A little more ... “ Sometimes she took her child with her -

there were two boys - they were neglected up on a platform ... ”

PJPW - “ Well I won't go on with this...but its not the household of an intellectual...*but you clearly did not feel this...with him...*

You did so many things in London...from Colchester too...

I've seen your programmes/pamphlets...you've told me things

things I did not know...about the 18th/19th centuries too...

where I have to go into for my Classifying House work..."

Peter is worried...he has had this door into 20th century gangsters & politics suddenly opened to him...asks GR " ...what was it like...

the day to day life at the ANDRE MALRAUX London place...this Catholic household... ?
" How were you treated...Frankly I am shocked...shocked at the things I have heard... been allowed to note down by them...I shall make certain I do not give them away...or how I came to them...IT IS NOT.. I REPEAT- THE HOUSEHOLD OF AN INTELLECTUAL..."

Married to PJPW 6 weeks- suddenly asked to find my way back into horror- happiness of an eerie few years...misery & terrifying horror ! I was fairly speechless- a typewriter to put things down when I thought of them...?

A little Olivetti typewriter to carry around the answer ?

...Yes - but then if anything is read by monsters they can attack...

dirty JIM Cur James got my notebook one evening- I had just arrived back to my top room ...tore pages out & called me a fool &

said Mengele

would LOCK ME UP !

But I had kept my Stark Lines...the memories aslant...lines collected or composed...a form of a diary upon a few things

...hidden in the lining of my duffle coat !

PJPW continues speaking upon his secret encounter of November 1967... “ What impresses me is they are only looking back a few years...my notes (*made with them*) go on from 1949 or so...1950s

You came to the Museum 1962 from Colchester (24th January 1962) you never said about living over the Park Lancaster Gate Square with him

Only that you called a mysterious man

`your second cousin`

and had written some poems to him-

Only last year you told me more...

A YEAR AGO I learn who he is...an impressive European figure...BUT YOU DO NOT SEEM TO WRITE ABOUT HIM AS THAT...& you did not speak of him so...only in a rather mystical way

...& it had been all rather EERIE...”

1966 November - I took PJPW to 50 Lancaster Gate Square at nightfall - he had been told
1958 on his Glasgow `sabbatical` that MALRAUX lived in the Gardens
Lancaster Gate Square when he Peter with Monica 1
st

wife called in on The British Communist Party London...

his Grandmother`s cousin HUGO RATHBONE is a Founder Member -

It was the author Richard Carrington told PJPW that night of this visit where we were
heading

“

THE MALRAUX MORGUE...”

I had gone with Peter to deliver some Research papers/references for his book on THE
SEA just publishing...I GR found Carrington a rather creepy EERIE bloke...in this big flat
near to Lancaster Gate Square !

1966 - I Greta Ransom wanted to see if that building of horror-happiness-horror-built
1860s-existed ! I was recalling that EERIE HOUSE when in October 1966 I had returned
from 6 weeks Athens with my cousins Jennifer married to Yiannis an Athenian & living
there-

*Some older scientists in the BMNH who had known Andre Malraux from 1920s/1930s...
said about my going from one side of the Park to the other when I turned up BMNH
1962...but they were welcoming & discrete...certainly not going to INFORM the younger
staff like PJPW about tragic
matters...*
