1947 January - Clacton-on-Sea, East Anglia

Acceptance of our Engagement to marry- the Sunday luncheon for Andre & Greetha (*the 2^N*
D

world War finished spring 1945 but not yet in Asia...there was the horror of
HYROSHEEMAH...)

Winter 1946-1947...There is severe food rationing for Britain & this will have
Esther-Estelle saying as she tells me of the lunch cooking “...&
because of the shortage of food I have cooked this
cabbage yellow-green it looks like a spring cabbage...

it looks so nice & the carrots

...& your Uncle Potter has seen to the Chicken in the oven & the potatoes to help me...

he cooks a chicken very well

...

(clearly she is a little nervous of this dinner for a FRENCHMAN...who may be used to big
SLOSH-UPS in PARIS a la Russe or something UP THE KASPAR !)

I PLAN TO COOK **Georges-Andre Malraux** NEOLITHIC- as Clactonian MAN had on
Holland-on-Seas cliffs- got from THE SEAS ... !

Auntie Esther continues... “... your Uncle Potter...his mother taught him she was half French or is it a quarter ? ... they her sister & she were the Misses Romilly...or is it Neville ?...before they married...”

“... & Dessert in this beautiful bowl we had for a Wedding present...There is a good white-yellow wine from the Cellar of an old man your Uncle’s father knows... ask Andre to tell me about it

...

it has a label with lots of information I think...”

(old Grand-dad Potter Town Printer/owns the Clacton newspaper/ LIFEBOAT Secretary used to GO OUT when he was young...)

“ & your Uncle has some very good Whiskey...the men can have that together while we make coffee...perhaps they want to talk...”

.... A little nervous perhaps for not producing something French on the plate ?...as she has experience of pre-war in London Town when Uncle Edgar Gordon takes Uncle Potter & she to a fashionable place...one at Leicester Square was run by old BOULESTIN who writes cookery books in English & is in the world of art & letters...(he was born 1878 in

*Poitiers & enjoyed his first 18 years a garden & kitchen of the old family house) ...
BUT THIS IS SEVERE RATIONED BRITAIN even though the War has ended...it's the
BERLIN Airlift food time...*

Although I am in awe of Colonel Andre in his grown up role here at the Engagement Luncheon

... I am not in awe of

Saint George

Andre Totem Pole

in Church...

he who can sing higher than me in Choir - go up to choir boy & soprano !

1947 January - Esther-Estelle`s food was perfect - Richard & Jenny & I ate a good Sunday dinner...`
*I am the engaged young woman
their cousin in Esther`s high heels now... & they polite children*

I took such a gulp at the wine as it was sharp sweet & I lack vitamin C... & Colonel

ANDRE-

e

it off me rather quickly saying

Georg
took

“ No alcohol before you are 17 - I will teach you about it then !

I know children take it with meals in France but I think I do not agree with the custom...”
(I recall with graceful hand movements getting another sip...!)

I was very intrigued with the golden glow like PRIMROSES in a spring wood out at
Wheeley Village-

where Auntie

Win is buying us a Bluebell Wood for our wedding present....

&

the wine it did taste like very sharp lemonade

...I got the glass back filled by Uncle Potter but

Georges
the Blessed Colonel Andre
swiped it from my lips & looked at me with a stern lingering gaze...
I have to wait 3 years to 17 !

IT WAS A MILD winter DAY...NOT AS FOUL WINTER COM' TH so often to the EAST
COAST... a phrase that
JOSETTE noted in her IDEAS for her writings here by the seaside
TIME PAST-
coming 10 years ago

1947 April - Saturday 19th DAY THREE of the 5 days leave from school after the 'early
wedding'...
the American Colonel Philosopher
(*Clive I think was his name*)
friend pre-war of ANDRE MALRAUX of INDO-CHINA & SPAIN,
gave me a pint mug of thick-cut Jacobean glass with thin golden
SUFFOLK beer -
& that was taken off me
fast
when half empty by
Colonel MALRAUX Suuuurrr
- *as the young USA Serviceman have been saluting him...*
I am accepted as " THE COLONEL`S LADY
Marrrrm..."

... our AGE difference cannot show then ?...I get great confidence !

UPON THE mouthfuls of SUFFOLK ALE ... GRX began to tumble words out upon the
Matters of Confucius

-no more understood perhaps by me than those of Teilhard de Chardin 1937
?

Or was I getting from my heightened BRAIN POWER some of the teaching of the pre-WAR designed for LENNIE & GREETAH RANSOM HEIRS...?

....& how EASY is EARLY LEARNING to learn it when your direct line RANSOM is linked to these wonderful figures & their Ages & SEASHORES OF THE GLOBE.... I perhaps was un-consciously trying to organise this world of different ages !

ANDRE MALRAUX

& GRETA RANSOM...

whose first British RANSOM grandpa is he of 77 AD

Londinium...that stony island in the Thames...

records Dr John RAY Ransom USA

A drawing published in a Paris newspaper had Malraux slipping out to night high-life having tucked a schoolgirl up in her cradle-

it had no comment... (*Mr Mengele Harrington will destroy it ?*)

That evening 19th April 1947 IPSWICH ... Ellen Mary WIDOW *husband beneath the SEAS in a submarine* ...who teaches

poetry somewhere about the Great Lakes said

' have you read many of the philosophers'

?

I said only Confucius & Bacon at the Convent School-but there were all sorts in our library my Father had -

She is in shock for her husband is dead in a USA submarine-

she has two children under 10 years...

They were all three of them over 40 years of age & going hammer & tongs about Gide-Gide *this & that*...in French-English-USA-& German languages ... I do know I must go along with the learning of my age group - & I do not want to have to shake hands with Generals & all that life ANDRE MALRAUX the French adult has to go into ... until I have more education !

1947 - ANDRE MALRAUX early wedding : It is agreed thank goodness that Esther, Auntie Win & Andre's sister-in-law can do all that- the public gatherings & Stages/Arenas of the modern world - shaking hands sometimes with MONSTERS OF THE DEEP...?

I have no photographs of my past life : I do not have a memory that I made a speech of thanks in the Argentine for the Green Train- *a real one* - before I was yet 3 years...Len holding the collar of my frock ready to tug it if I made a mistake...& that I was regarded as `a natural HUMANIST`...

That education so carefully begun based on the GROTE education system stopped....WAR CAME : & I suffered horrid physical violence since October 1939 when the Ransom family went away to War- & my Ransom grandparents had been murdered for the Estate - I have no memory at all of Frederick Charles & Jean ballerina & the sweet home `Jerusalem` or of Len & our travels 8 months Nord-Sud POLES TOUR of GROTE HOMES...

or even Len flying us up to Greenland FOR A BEER June 1938
to TAKE AUNT MAG`s SPIRIT HOME ...

The memory REMOVE continues - TGR gets money & smart invitations from the EVIL
NOBLE SCUM

if she sees I learn nothing

...

they want me to be like their wives & daughters...tarts-whores-good time idiots...
a few are idiots like me-prefer to be a humanist...

I am an aesthete & I prefer TIME stretching backwards, circling about us, & going
forward... & am looking forward to several children & a home
& George-ANDRE coming & going across the
Channel from GAUL & knowing
all of that
TIME

over there when he was a child growing up...with him I have been collecting drift wood to
make furniture...I think a bookshelf...a little table...

HE WOULD RATHER I DID NOT MAKE A CHAIR as he says it is a skilled job

!

The world is full of things to learn- from Clactonian Man`s TIME-to the Post Offices upon
the STARS ... But I must

have my post/mail & MY MEMORY OF YEARS PAST & YESTERDAY to survive !

1947

I must be able to go to afternoon school
with my memory of that morning

...

& THE MURDERS OF THE GROTE HOMES CHILDREN MUST BE EXPOSED...
PRINTED UPON THE NEWSPAPERS OF THE WORLD

...

OR NONE OF US ARE SAFE

...& dirty BIG BOOTS IMPERIAL go on with their STRUT of the CENTURY

1940s - small nations are in terrible danger because of the dignified graceful welfare structures we RANSOM have in them since the 19th century- a delicate flower garden encircles the globe twice-it cannot fail-it takes care of itself because it is so vast-

1947 - Saturday evening Ipswich 19th April -

If I GR had a memory I could have said a few things about THOMAS Immanuel GROTE his *great-great* uncle Frederick Immanuel KANT philosopher...for we send XMAS cards to them ...but probably recalled more about The KANT family on his mother's side leaving him Thomas-*Tiggy*

to die in a corner like a sick kitten` he would moan when threatened with a visit to them...because of he not keeping ` the Laws` on Jacopsholmen Island in wintertime - He is our Ward in the snows because of his ringworm outbreaks !

...& then I would have begun on the fantastic achievements of Mag & Tig...the HOMES for orphans educating to 18 years & we know all of them for the families Ransom travel round & round the globe - The humour of Tiggy...his idea, this common-sense miracle The HOMES using the RANSOM moneys & his New York father's firm GROTE BROKERS off Wall Street always helping ...

...How all of us, both families Grote & Ransom, were shoeless for awhile so TIGGY could keep the HOMES going round the earth...they so easily accepted by all the globe from 1864 onwards

...except by the greedy Squander Bug ugliness of Gross Britain at the very top ! ... **& we would all have gone the next day Sunday to visit Ransom family**
...asking the London police to find them for us...for they were in Britain & expected to be at the `early wedding` ...
but Aunt Miss Win was told to cancel them coming
mere hours before the Holy Ceremony
`or her sister Teresa Gordon...
Edward's mother would not come`
EVIL GOT Miss Win's brain !

20th century ... ABOUT US WE HAVE BEASTS OF PREY & GHOULS in the RAFTERS on perches...PIMPS on the PIN ... **all penniless so they say...**

1947 early January - The ENGAGEMENT luncheon **was so happy -**

full of gentle courtesy...THANK YOU Uncle Potter & Esther-*Estelle*-

she only 19 years when I was born- I can re-live it all the minutes.

What is so nice is our families are often PAINTING WITH WORDS-

& in the memory *doth* it stay... *Records/archives 1940s -*

THE DEAD JOSETTE IS SPOKEN OF - regrets they had not met her ...

1947 early January - Uncle Potter says about "...that SUMMER 1937 Andre...you saw the town so much more than a holiday spot...good people here Andre - pleasant in winter...lots of sport, fishing...Harry & the others go wild duck shooting in the dawn..."

The Focus then became she whom he ANDRE Guardian to Greta had come back to talk with...the only just dead MARY GORDON June 1944...Esther's mother. A mention of sister Kitty dead 1929...Auntie Esther says
" Andre took the roses for me , he helped me cut them...
to Kit's grave for her birthday last summer 1946..."

(1927 Mrs Guy Vansittart legal Catholic Wedding in a Tree Cathedral-

Guy comes to speak with Harold W. POULTER, Hollytrees Mansion Museum, Colchester spring 1954...it was the DISGRACE at the Old Bailey of Teresa Gordon that had the wedding in secret *...& his brother is something in the Government...)*

Aunt Esther says "...Greta's Grandpa Gordon such a pity...

just dead when you & JOSETTE came that summer 1937

...the churchyard such a lovely place...a view of the sea...I shall like being buried there...with everyone...they are all up there...they have made us a Catholic area ... ”

The talk gathers upon Josette ... Summer 1937...

**...the matter of her death & how to speak upon it has been discussed before we come for this `delicate engagement lunch` & the `early wedding` ...I hear Andre say ...`it is believed it will SUIT US BOTH
...`**

Auntie Esther has said in the kitchen...“ Your father Greta-he always reminded me of a Young Teutonic Knight-I stayed at `Jerusalem` there was an accident on the line 1938 I think so I could not go by train Clacton- a wonderful old man-he told me ALL THE HISTORY OF THE RANSOM LINE-they were at SEA-I think he was writing it...”

I G.R. heard this & felt full of fear & dread ! Why is it not spoken about ? *Sheshe* says my father is adopted !

Esther is known to have a good memory

...but her information had little meaning as it ought to have done !

...I felt the words slip away...WHY WAS IT NOT SPOKEN ABOUT

?

Andre did not hear this .

I think I was more terrified that I did not have a memory

~

Terrified that I might be as

Treasa Mad mother Kali

says...“mad-daft-like HIM that man I was forced to marry by my mother-a drunk a fool !

The POWER of these EVIL OLD BRUTES Noble Britain is horrible !

1947 January - We will be seeing my father soon I have heard from Julie...he has given his permission for the marriage

.

Had Esther asked her sister Winnie to invite Fred Ransom ?... It slipped away amongst the delicate matter of the dead Mary Gordon & JOSETTE...Kitty...

Uncle Potter was a bit on edge when we arrived...now he learned that the Winnlemanns had not been asked... `How am I to talk to a leading intellectual Esther ~ *Perhaps Andre & I should have asked them...?*

I think I had heard they had gone off to a Sunday dinner somewhere so there was no chance of collecting them

...

Esther was concerned that there would not be enough food
...she had made a mention to Winnie...`

“.....Josette...Jo...a pretty name Andre ...

I heard about your visit... *we were getting married in October in London so I did not come down to Clacton that later part of the summer* ...so many people in the Town said what a lovely tall young lady she is ...”

I G.R. descend into nerves as the matter of the missing Winnlemanns is raised again....
