1937 - THE INCA MIND HOUSE OF STARS & STAR DUST -

**“ It was to be given to me...ANDRE MALRAUX. It was because I was considered a
humanist I was told. I nearly spoilt the**

design...the INCA architecture rather based on this little house we enjoyed for our holiday, I felt...I began saying that
I considered it would be rather dim perhaps dark inside
...& I rather fancied the North Pole Star to light it up.
I would pull it down when I required it then...

I RECEIVED A FIRM CAUTION ! ”

Memo: GR ... He *Saint George Andre* takes us to dark places on our night walks & pulls down a bright star to light the way ...I still have to caution him ...That he must not ever touch the

This is INCA early physics ?...medicinal therapeutic but linked to climate & horticulture ? Not so much mysticism & magic we Ransom-Weddell family feel, for we are level headed...
need a hearth & security the seasons the years...

Aunt Mag Mrs Grote, says Lennie, gave the INCA a lot of security immediately after the 1909 Weddell RANSOM marriage of his parents ... & her father & mother Fred & Gertrud Poulsen Ransom had helped PERU in the 19th century with transport trade & Reserves ...

1925 onwards - JEAN Weddell (widow Aquida Smith Spain in) RANSOM (her 2nd marriage)
mother of JOHN deliberately damaged baby boy,
is allowed to WRITE to him when he is 7 years at his high education school in Kentucky.

But not make a relationship for the sake of the child`s education...

She was allowed to put ideas in her LETTERS FROM JEAN that had JOHN RAY Ransom
(her middle son)

turn to Physics for his first degree...

JOHN Ray RANSOM attacked so horribly at 1 month 1917 by two women of the family of

1937 SUMMER Clacton-on-Sea - pre-dawn...

**I saw *Saint Georges-Andre* his startled face peering down at me from his great height at coming to 3.30 am...Oh why am I so small...supposing I stay a dwarf as she & Mr Pong say I am gong to be... they are getting a potion from Scotland- *th*
*ey are all criminally insane those they know...***

It is very pre-dawn full stars overhead & such peace & quiet...

& I fell over the bucket CLANG clang ! & the mop...I felt like the Phantom of the Shipwrecks... who fell off the ship in 1642 & comes aboard & demands a FAG & YOUR CHARTS as you GO ROUND THE HORN...& then he sends YOU BACK UP NORTH... he also tripped over the PAIL & the CAT & SUNK down in his breastplate armour...

(
Jacop`s Ladder by Fred Ransom...1830 -1860s...)

...

I left them sweetly sleeping Josette & Andre...arms stretched touching their hair...& I
crept so quietly, I the little Lion from the
CRUSADES at their feet ...

H we Andre & mee have to get up with the Goddess

Rosy fingered

DAWN in her cloak of grey about 5 am to get his lots of newspapers of the globe

...& I did not wish to worry him with historical accuracy about the cart & buckets of gold
just then or the next day when the building of the house was going on in A STATE OF
GRACE ...supposedly only in OUR MINDS...

but he WILL ask questions !

It has to proceed in orderly fashion...to the ceremony of having him enter the completed
STAR HOUSE for his MIND...

*So I think I did not mention SAN JULIAN`s father the last of the INCA...& he married the
Tierra del Fuego girl widow of the Noble AZTEC & she owns 2 or 300 miles from San
Julian`s Bay downwards...*

*& from the Aztec marriage she has a little son aged 7 years...then he got a blood brother
Yahamaha JOSEF SAN JULIAN when she a very RICH girl married the INCA ... She
brings the nutmeg gold auburn coloured hair into the family...AELOVEDMAH-Maria has
it...*

Len & I

have one of her braids...

1937 SUMMER - **ANDRE & mee *Greetah*** have already had a dispute about coffee ice cream which I am allowed from The Argentine down to the tip

he say`th

with a grim face !

... **He does not approve of**
coffee for kids or WINE...

I

have not that habit

...

I drink toasts in water, milk, or
Glass coloured fizzy lemonade Lemonade
...Sssweppppzzzz... !

I reasoned that as I was of this line who *hath INCA* humanism ...

I could give **ANDRE** a **STAR HOUSE** in the Northern hemisphere...

& I have, as *Daddy & Uncle Mainwarring* say in a funny dead-pan face way... `jaunted
from Sub-Pole to Nord Pole like our **INCA**...

*& during the playful discussions they all have I have heard it said it is possible the INCA
& others South America may have hopped across to Britain*

for

Parties/Soirees/Learned gatherings at Stonehenge & down-a-bit into Gaul...

come bringing their skills to other parts of the world..."

It is difficult to know when **Daddy & others** are being funny & I cannot always untangle
it...

but Len will always tell me what is meant

...& I know how to use the telephone to `Jerusalem...`

WELL THEN...it was going to be alright for me to do what I could

with what we had in the skies & the garage in these parts of the globe at Clacton-on-Sea - & this part were best done alone...for THERE SHOULD NOT BE ANY SPEAKING ! Not questions asked ... I shall later explain to him that he *Georges-ANDRE* could take this STAR HOUSE with him anywhere in the globe & find peace when he entered...but it should not be hurried for we have to work by night...& not in a state of agitation...

... Thus the INCA Astronomy & maths recorded in SAN JULIAN's library...heard by me *G reeta*

Weddell Ransom a child of 3 years who loved these new families Weddell & branches for their kindness & goodness whether they were alive or dead...

1935-1936..

.The INCA taught me how to get out of a MOUND...& that saved my life end of September 1936 Alexandra Palace/full reports by everyone ...

STARS of the Essex shores summer & winter nights were easy to see & perfect with drifts of starlight when the night was clear & cloudless .

He began to help me...soon I felt we had gathered enough...even though he had come from his SLEEP & stepped into my creation of a piece of common sense **MAKING ME FALL OVER THE BUCKET & setting up a dreadful CLANG to waken the dead ! ...**

A GIFT OF A PLACE TO REST YOUR MIND should not be hurried... I could always send him a postal packet of tiny stars & stardusts to finish off...

1937 Summer - **MALRAUX** reads his notebooks 1937/1970

` **A GIFT to me OF A STARS MIND HOUSE-INCA-**`

“ I was not satisfied ... I still said the house might be very dark inside & if I could not have the North Pole star then could I have some of the other big stars to give me light. The reply was firm !

“

NO !

I must not think of that !

Not touch the big stars & the Constellations.

They could not be touched for they were of such importance to those AT SEA.

I still said the house might be too dim inside when we spoke of it later in the day. She said after some thought that as she came of this family of ancient people she could, she felt, be granted to make some alterations then !

I & she agreed to my suggestion I have in the entrance hall pale blue sky & some high white thin clouds.

We had the same ideas now.... & these clouds & mists could be moved to the other rooms...

when I entered to rest my brain...to think...

I said the mists & clouds could settle in the hall when I was not in residence & when I entered they could rise to illuminate.

We came to an agreement here.

`Yes,
it would probably be alright` ... ”

(
*I GR wondered if he was frightened of the dark...
so he had best have some light in his Mind House... Well yes, it would probably be
alright...as we had to live here for awhile under Northern Skies...it would all come right
when when he travelled to the SOUTH...& lost some of our natural ARCTIC GLOOM...
as Uncle Doctor Hebedie revered BRAZILIAN Academic explained to Lennie & me when
we had that luncheon that came under silver covers*

-
I did not take this seriously!
& I did not ask anyone

` SHIPS THAT PASS IN THE NIGHT...I could weep...
