1937 Summer - Next afternoon we , JO & me - *Greetah* - watched ANDRE wade out to the groyne & begin to pick off the limpets-with a knife I think...some young boys in the sea shallows ask him questions

Death as usual to all RANSOM Weddell Gronlander families ! *These planned non-accidents happen at least once a month ! find from the records 1930s ...*

Winter 1936/38 - **Accounts** - What I GR did not tell Andre Malraux 1937/1947/1957... but is read to him by LIR from his diaries ...

**LEN 1960**

**`THE HOLIDAY**

**OF THEIR LAST FALL...`**

... the worst faked accident at sea being the intended night murder of them all - the SOS lights & the torches, with dud batteries, one tea flask filled with something nasty - *but all had been OK when I watched them go carefully over the equipment at 7 pm...in this old house where men left to go fishing hundreds of years ago...*

*My father & 3 friends, all young men,*

*begin to pack the equipment from the Clacton-on-SEA Old Road house... it was spread all over the 17*

*on the side*

...  
Oh ... miracle ...  
how they managed to save themselves from being dashed to pieces under the Pier where  
the big  
Steamers come in -

1937 - 2 young men bracing their feet against those great columns of special wood of  
1890s... & 1930s pylons that are the re-inforced columns under the Pier built by  
the Kingsman family late Victorian days ... A third young man with my  
father, both rowing like mad to  
get over that great inset BAY for London steamers at high tide  
... If they can row to the beginning of the Blue Lagoon Ballroom on the Pier then  
here they could just stand on the seabed under the seas if the boat overturned  
...or swim in to the shallower water ...

( A burqa of soft *Broderie Anglaises* & organza in pale lavender shades would be nice I

He, ANDRE-Georges Malraux, seeing me he would say

WASH YOUR FACE - but I like the burqa !!

He is old-fashioned ! )

1920s-1930s - DEATH AT SEA plots & plans - WHY ?

... this is because we are Ransom-Weddell & we are keeping the GROTE Homes safe & Grote Brokers & all the Brokers Trustees & Solicitors around the globe are stopping the Noble Penniless Imperial Britain taking any more moneys to pay their gambling & wallop about in their obscene lives- just because they are Earls & other morons
