It is 2. 30pm ... I am put into shorts & shirt- a bag of things beside the cot picked up & off we go with

*this young
fella*

says he
doth not mind ...
& it will be agreeable to speak with her father,
& he will help with The Calls to cheer the invalid.

He is nicely brought up then - & later I will hear of his 3 Graces - who stopped him falling
into Dante 's Hell - His
mother dead -
how sad

...
& his granny Adriarrrr-nea

...
but his Aunt Mary -
Marie
is alive - & she cares for him
...

(recovery of `THE ARRIVAL 1937` by GR/LIR/ & Andre Malraux)

He is called ANDRE - but when in public places we should say Andrew -or George- I am
to glean that a Clara is chasing him with a gun -
& most of all wants to shoot JO -
Jo who is clearly a young lady -
I hear on the beach this first afternoon, that French Law will allow Clara to shoot - & CRY
OUT ALOUD to the newspapers ...
`Crème passion dale`

-
I cannot ask Lennie what it exactly means ...
as he is away FLYING

...

The two young tall, *very tall people*, have told *Stella-stars* that TO GET AWAY they had to dress a friend up as JOSETTE - this had to be done every morning & she, *this good friend*, sat in a window wearing a big hat with a newspaper & a cup of coffee - Where Clara kept watch or had a watcher - the friend had been able to tell them by telephone, & soon a postcard arrives, ` that the ruse was working & she would go on ` ... (*Len & I doth know similar scenario*, *I fear!*)

JO is a writer - ***tall very tall***, & he makes her sad sometimes -

THUS I BEGIN TO CALL HIM TO HIS BETTER FEELINGS - HE IS A ROMAN CATHOLIC - & so am I ... but also like Daddy
& everyone of the RANSOM WEDDELL side of our family,
a Quaker-mixed Nonconformist - & a HUMANIST
... I
will
be taken to an ancient ANABAPTIST Service but I am not to be allowed to become one ...
the Bishop lets the old people have a Service every 2 or 3 months ...
They were supposed to have packed their branch of Christianity
UP ...
in 1596 I hear ...

` RANSOM Sea-Traders ... **we sail under an invisible flag - HUMANITAS - but we can also sail under that** of
ZHENG HE`

...

Admiral of the China Seas - **It is a white satin flag with 3 red stars or splodges upon it ... This ` DISHY ` Admiral gave us a Courtesy Flag under 3 Emperors - for he came aboard sometimes -** & they talked philosophy ... **Two RANSOM brothers went Trading 1400 East ... got a Siberia bride, a Mongolian-Chinese bride ... then SCOOPED the PRIZE with one of Hue` Artan`s daughters ...somewhere on the coast that is to become North Korea ...**

(lessons Saturday school/Len & me)

` 1400s onwards ... We have at that time the Sea-trading RANSOM brothers marry & give Len & all of us 3 grandmothers in a straight line of CHINA ... “ we must have become very slant eyed for awhile ” says FJR

(he can be seen as Lazarus in Kalkar Altarpiece & probably painter Joest let apprentice young Joos van Cleve *our friend* do this Lazarus as a portrait of the WIDOWER RANSOM) -

“ 1499 - He, our Ransom direct ancestor has lost his wife & 2 sons at SEA - her Japanese brother picked him up floating on a spar in the Arctic with one other - The Japanese young Captain said `go & see my sister in Bruges - we had to put her in a Convent after our mother died - but she is like you, she can speak PHILOSOPHY ...

After 5 years Widowhood he will wed again

- He & his wife-to-be got on very well, & she did not really wish to be a Nun or a lay-sister ... but the Convent was kindly, most of them, but they had to talk the Bishop into her

honourable release.

**SHE HAD BROUGHT A BIG DOWRY ... when she came into the CONVENT ...
RANSOM Widower was able to assure them he did not lack moneys, properties,
Continent ... & a BARGAIN WAS STUCK .**

1500 - **Meanwhile he bought our Farm Montrose basin in 1500 - moving away from the
Estate about Dundee where he lived with the first wife now dead - He began with
sheep ... this will
be their main income when religion & fisti-cuffs start affecting Bruges now & then**

...

1504 - She left the Convent ... clad in a wedding gown of rose-salmon-pink ... the Cathedral
Bells of Bruges rang ...
a Catholic wedding so the Nuns could come/perhaps they sang ?

...

The newly wedded gathered Good Will from the Church **but there were some hurdles to be
overcome ...** *the Bishop may have got*
into trouble at ROME... **it**
depends IF THEY WERE SHORT OF DOUGH ... !

.... But we were still RICH from ZHENG HE` letting us venture a little INTO THE PORCELAIN
