

Mr Babylon Ransom - **adopted by the families, is a middle-aged man come back to us OUT OF TIME PAST ... he lives at**

Jerusalem

Deptford little sloping Park in his tiny glass topped box about 7 inches by 5 inches - I like being able to enter any TIME of the globe -

& many-many years on I will realise that

Saint George

ANDRE-Colonel Malraux doth too like this entering TIME & having a chat

...

but I am not in 1937 Summer to worry he & Jo

-

now that they have left the Wars of Spain & kept their lives ...

I tell Andre & Josette useful & happy things... **that `I have tried the Arab headscarf ... but had to have a letter written for me saying it is too difficult in class ... at St Clare Convent it slips over my eyes even though the Nuns have put a grip to hold it in my hair - & crossing the road I am unable to see either way properly` ...**

I tell ANDRE-Georges that an ARAB PRINCE or KING - somebody Aunt Margarethe/Aunt Mag visits **...(ARAB Acquaintances of TIGGY & THUS Aunt Margarethe has her Arab Emirates Investments the king asked her to make - Some Arabs that Tiggy visited 1880s let him set up HOMES so long as the children were separated into Classes for girls & boys when they got to 10 years**

old...

so

metimes they learn much more deeply when this is thus so...

TIG never confronted...but he spoke his reasons well -)

1937 - **The Prince or King has sent me a PRAYER MAT & said I am not to worry & he understands my role** ... “ be a boy 6 days of the week & a girl on Sundays - I will talk with Aunt Margarethe or your grandpa ... ”

... **This was the courteous understanding reply & the Prayer mat arrived** - narrow & fitting with my length ,
fringes
& of blues
& indigo & golden
weave

...
I am to understand that when I come to see them it will be alright if I wear the headscarf or veil once a week

...
I am told William Shakespeare would understand all of this matter ...

Of PRAYER MATS ... I suppose in **ANDRE MALRAUX's** mind, *he half awake, half hearing the dwarf Prophet striding beside him, running & a little skipping*

-
he had some imagery of FLYING CARPETS & BAGDAD
& thieves hiding in BIG POTS
- & felt it was a tale I
had
heard half asleep with my door open at night

-

BUT - He had told me he was not a Christian but a Follower of the Prophet Mahomet ... & he had been converted when he was 15 years with an Arab schoolfriend in PARIS
... I heard his new name ...

... *however* he still had to go to Catholic Church on Sundays with his Mummy & Auntie Marie - or his LATIN would not be so show off ... *would it - Georgie-Po rgie ...*

1937 - I dared say I thought that to have one Religion is a bit narrow minded - I explained that when you travel with THOMAS you have to have ALL RELIGIONS

...
& that I did even ANA-Baptists when the Bishop allows them a Service every 2 months at Great Clacton

...
I had said several times that our dear THOMAS travelled with Jesus on one shoulder & Lucretius on the other ...

1937 Summer - Georges-ANDRE told me clearly one day, *putting*

me on the mantle-piece so we were eye-to-eye ... ` THEY, Lucretius & Jesus & Thomas - DID NOT LIVE IN THE SAME CENTURIES

...

I could only hope for RANSOM family to return *from wherever they had gone* & confront this most dreadful understanding
he hath

...

I only had the label HERETIC from Auntie Winnie

...

but I did not apply it to Saint Georges & Saint ANDREW ... SO MUCH HOPE *hath* Josette &
me of his
gathering STATE OF GRACE ...
She our dear JOJo&Joh Josette ...
doth not
recognize him

in the daylight ...`

SHEshe - of IMPERIAL BIG BOOTS Scandinavia & Noble Britain -

has thrown the Arab MAT on a fire where *she* threw the baby ESKIMO grey pink
embroidered boots - snow skis fastened on -

Baby SNOW BOOTS sent for me to practice when SNOW comes with FOUL WINTER to
East Anglia ... a present from Sarah Poulsen de SALLE of Paris 12 years old -

...They went on the Visit to New York & Japan with Aunt Margarethe September 1936 &
MISSED HAVING ME WITH THEM -
I lay in bed a month with a face black from the blows of Mr PONG NANKIN MAN

...

1936 August - Mr Charles Magowan Town photographer took photos for a lawyer in New York .
The coarse brute LINDSAY
to be Earl 14
came with a thug
to DEMAND in name of CROWNS the negatives ...

... MAGOWAN & some TOUGH SCOTSMEN who are educated in music & humanism ` **grabbe**
d the little beggar & hit him
... then they DUMPED him outside the Public Bar of the ROYAL HOTEL Clacton seafront
...
nobody picked him up for the Town knows
HOW EVIL HE IS
..
. he was OUT for 4 hours...
POLICEMEN were Oh so busy at their noble duties ! `

1937 October - I hear of the death of Cousin Murgatroyd

age 22 years in Spain on his family Estate - & learn where the RANSOM family have been that summer
- then I did have my bedroom door open but some things had to be told me for my own safety -

1936 September - Aunt Murgatroyd **had showed me his photo, her son her only child, a smiling dark haired nice happy faced boy-man** ... She a
Missionary came to Clacton to help heal my mind 1936 September ...

... after the beating at my head August in the Rec by Mr Jong with an iron bar - **in the name of Angela & Teresa DEMANDING HALF EACH OF THE ESTATE...**
who hate me because I am in training with Lennie as Heir & co-heir -

...my young cousin Murgatroyd he will not translate any more of the Coptic 900 years old Trading Centre records - All about an unknown Port & settlement 900 years ago - their families - lives - Trading records & travels they made -

- Premier EARL of LINDSAY mob boiled him in marmalade for fun - pouring lemon juice & olive oil in the Vat -
after Angela has UNLAWFULLY given them this Estate ...

FJR age 26 years - **My young Father is weeping...**

& sheShe was not to be sympathetic - Says “ should have got out then ... if CROWN gave it to them ... ”

The Lindsay *buggarhs* are claiming the Estate near the Spanish seashores - A woman called Angela had told LINDSAY monsters 1936 that they would have the Missionaries Estate -

1937 autumn - We are not to tell Aunt Murgatroyd how her son died - my girl- of-the russet silk bridal gown

...

1937 Summer - I try only tell ANDRE MALRAUX happy things -

except when I must warn him about going too near THE GRAND where Monsters of the Deep can rush out throw stones & make rude signs - try drag me into a car

...

Our Hostess has warned him too

- The POLICE will try tell us if they think they may come down - but there is the possibility they come overnight & we do not know

...

She says it would be UNWISE for them to recognise him ... ANDRE ... because they do not agree with anyone helping SPAIN -

1937 BLACK NIGHT - of the gentle summer **with Andre & Jo Clacton-on-sea - It is the second-third week & it is a very black night about 10 pm & we sit on the beach at Holland-on-Sea - now become the beach Jo likes**

-

& where she can find us or we can come & find she or a message, a note is left with the beach Wardens

...

Unity's mother Stella-stars is with her father above the cliff in the white Art deco Convalescent Home - his wife her mother died awhile ago...& she fears he will not recover from an operation - there is added sadness to the TIMES of the visit - but we all say cheerfully to him that we PRAY he will get well & he will if he will rest ...

& be happy because we are so grateful to him for the use of his home ... & he is told every day what we do, where we go ... & adds ideas to the ITINERARY

-

I, Greta Frobisher Weddell RANSOM - feel the chill advance upon me of my own death to
be in September 1937

- *that is not to be* - now ANDRE Jo hath come ... & similar is said 1957 onwards by Saint
George

Andre,
reading us his notebooks,

...

about his own state of health after
SPAIN ...

“ I thought I only had 2 months to live ... ”

1937 March - I Greetha have also my Grandpa Gordon in the grave from March & this causes
sadness - & *Mary Helena Granny Gordon goes every day to his grave & tells*
him of our happiness ... amidst her sorrows ... for his DEATH is
because of ALL OF THEM -

the VERMIN that first came round her family with JIM & ANGELA
... trying to STEAL HORSES from her IRISH cousins Murphy O`Brien Carroll Families ...

And they got NONE - *so are crazed with hate & SPITE ever after ...*

1937 - BLACK NIGHT - I SIT A LITTLE DISTANCE FROM JO & ANDRE ...

they have lit a small fire on the beach near to the water's edge where the clean sand shelves to the ripples of the sea - the beach here shelves & slopes & I sit above them 20 feet or so away on the big shingle stones

-
**Andre & Jo will leave the town -
& I will have the return of the braying brutal liars who persecute us for dough**
...

These IMPERIAL MONSTERS...they wish to destroy all the foreign settlements so they are not in the way of British Trade

-
& they want to punch the faces of the Grote children & hurl them in the deep seas - I have heard them say so

-
These VERMIN creep in the Clacton little Old Road House when Daddy is out -

1936-1939 - **I do not like the Earls Lindsaybuggarhs & Mr Pong when they creep in the backdoor - & play at this COUSIN lark !**

& with Teresa drink & eat big piles of bacon sandwiches - & then they make sandwiches of best ham **- THEY NEVER**

GIVE ME ANY !

T

hey drink Sandman Port & Absinthe & Brandy until every bottle is dry

..
..

ABSINTHE is banned at LAW since 1929 but ANGELA their friend has a barrel delivered every month back of the Palace .. Where they all have apartments ...
but Daddy has gone with Grandpa Ransom to have the apartment of
SHEshe
taken away

1937 **BLACK NIGHT - ANDRE Georges** is gracefully going about the beach of grey black shadows finding dry wood for the fire ...he
swoops down in a
slowish
motion from his tall body,
bowing first from the head & the shoulders -
Perhaps I notice these things because of JEAN ballerina

,
s mother
of the beautiful all colours ballet shoes-
Len
,
s

-

1935-1936 - I have seen JEAN dance in many places South America & do the splits in the air - whirl to the 3 Cornered Hat - be a dying Swan ...&

**... She dances for our kin when we are
down in the Magellan Straights & when we went to her Island

Alfred Charles Ransom Rear Admiral RN will arrive too -

**we left him *Alfie-Charles* at The Galapagos - to do some surveying & natural history work
with a professional man**
-
He is reminding Greta Ransom in Clacton Quaker Rooms, The Old Road, December 1946
...
before we are all DRAGGED INTO HELL AGAIN...

1937 - **BLACK NIGHT** - It is agreed - Georges-**ANDRE MALRAUX** & **JOsette** - they will stay longer with us at the seaside ... They say they appreciate the house on the corner & enjoy our arrangements - they have asked permission of the *it is feared* dying man in the White Art Deco Convalescent Home above where Holland-on-sea begins - They have spoken to him of our sight-seeing & the pleasant safe life here in East Anglia ... after the dangers they have experienced in **Spain** - & the contrast with the modern world of big cities & rags & riches they have entered when young ...

... Here is a modern world but ancient at the same time - & common-sense ways & SEAS peoples ... **Andre is proud of his Lowlands & English ancestry...& he knowing it so far back from his mother who has papers showing her ancestors back to 9th century**

...
As writers they appreciate a home & safe days & nights...

Both

Andre & JO

make notes every day - & some evenings

...
read all the newspapers we can find even looking at the Southern Irish Rag

& now listen to the BBC

begun in 1931 -

6 years ago

...

1937 - **A BLACK NIGHT ... We make no human sounds sometimes for two or three minutes ... we can hear nothing except some night birds far away & the gentle whispering talking of the night sea along its edges where it pushes at seaweeds shells & stones - I think of Neolithic Clacton Man coming down to get his shell-fishes & catch fish & net some sea birds for feeding his families ...**
The very soft voices of **ANDRE & Jo** sometimes in French-English
suit the dark night -

... Then two deckchair & chalet-care men step from their tasks out of the deep greys blackness - they have come to speak about **SPAIN** -

at first a little withdrawn & busy tidying the beach about Andre & JO ... then bringing them some more drift wood for the fire -

... They have been checking the private chalets are locked but I have seen them gazing towards us when their forms were caught by the lights along the seafront road above - Then they come stepping towards the fire of driftwood ... speaking as men who have seen action in **The Great War** ... only ended in 1919, which is 18 years ago ...

Andre gives them practical answers ... then descriptions...

` **SPAIN** a statement made - & he says do not let anyone go - tell them not to go - a waste of life now

- we have made a Statement to the world -

They question intelligently, then comment on what they have read & their experiences

..
.

I begin to follow much more why we go at dawn to get ALL the NEWSPAPERS for him -

he really is a

1937 - Holland-on-Sea/Clacton - **A BLACK NIGHT** -

(written by Greta Ransom & Lennie Immanuel RANSOM 1937)

`The beach men know I am `Little Miss North Pole` & know all my families... & know our hostess *Stella-stars* ...

& her father trying to recover in the Home above ...

... They have seen us come & go from this beach in the daytimes & heard us talk of the Calls we make *two of us at a time* so her father can speak without too much effort & enjoy the visit - **I cannot remember what he did before he retired but ANDRE goes & talks away with him & comes back very pleased with what he has learned...**

I see him, *Unity`s grandpa*, often in deep winter when we call an hour & he is in an armchair by a warm coal fire with a book & my father sits awhile & speaks about literature & gardens - **& I think technology perhaps... Someti mes my father returns later evening with *Stella-stars* when she comes from *PARIS* ... & two or three friends... she is an Artist
...I hear that Roger Fry has not pleased them on black art & UG ! how sad - when Dora shot herself ... it was probably the DOPE too ...**

I love the town in winter - a fierce sea then the lull, the trickling sounds of the waves about the Pier & the groynes ... **I have discovered the piano playing of YANCY - a man Uncle Harry knows is the**

MAGIC

of East & South coast

playing YANCY ...

Playing it

as if it is SEAS MUSIC ...

lapping about the seas edges

...

This I like very much.

I have been taken to hear the music played at Walton-on-the Naze or Frinton

...

... It is known that MINERVA my great grandma knew many musicians in America & everybody knew her book EVENSONGS ... **& Aunt Mag has put them ALL under umbrellas says**

Lennie .

.. so they do not lack a home or fees for lessons ...

That was why I played SPOONS, a great honour, with Muddy Waters last year

1936

-

or was it another

- I thought he was blind ...

was it BLIND BLAKE a legend ?

...

... **All we children were sat on the steps of the wooden houses & we could play things - the youngest like me**

3 years old

are given SPOONS to begin playing BLUES ...

To me it is SEAS MUSIC not trains music ...

like Villa Lobos whose composing cushion I kissed when we called & he was out - we would catch up with him later

... **Len plays all instruments & has a Strad that needs repairs**

& a clarinet with a famous inscription given his father

...

... Aunt Mag has left in her WILL the piano of LISZT to Angela for her children but NONE of the Estate for they are surrounded by greedy monsters...The Empire is falling so Nobles all GRAB at gold - & are plotting to have another
EMPIRE in Canada **... the Army**
& Navy good people say quietly
...

The deckchair & Beach men know my father & his Ransom family

& Harry & Miss Winifred & my grandparents Gordon ... & that Grandpa George has just died before this summer ..

THAT BLACK NIGHT - THEY BEGIN TO SPEAK to ANDRE upon WAR -

The Great War - real to me from Sundays talk about 1914-1919- & sometimes the Wars before **...We do not**

forget those fallen ...

& we keep in touch with those who came through

..

.

Christmas cards & letters ...

perhaps twice a year,

& visits to us or we to them

...& there is the telephone..

everyone uses the telephone ...

`... I have been hearing this Springtime 1937 that Angela is now busy

THIS YEAR ... so has not been on the phone baiting Granny Mary Helena about me ... *sheSHE*
& Angela are wild & even fight with people at parties

-

Angela is much older I hear

-

& there is

`

that JIM VERMIN`

who makes money from them both ...

`

1937 SUMMER - **Jo sits on the sands - & Andre sits then stands**

& walks to search for more driftwood & peers out into the deep grey black seas - We are on Jo`s beach with a Black Night beach fire -

Colonel Andre so often rising ... because he can speak so much more eloquently upon a happening or an historic happening from his feet - Unity

`s mother

Stella-stars

comes down the cliff to join us calling softly to us

complimenting us on the little fire

-

she has settled her father down for the night -

he is frail but content & sends his Goodnight & a Peaceful Night for all

-

I see it is

SUCH A LOVELY NIGHT

- Such a lovely night -

so peaceful -

SO PEACEFUL

-

`A peaceful night` the phrase it is said several times by all of them as we sit awhile with
SILENCES ... we ourselves,
our shapes & shadows,
etched-draped-drenched in slight coming & fading alterations to the shades of black-&
black-upon blacks

...

& greys

...

**& curious ghost gold-charcoal tints like veils of ghosts come
from the tiny fire on the sand ...**

even when it is a glow it does not give an even light as electricity

doth

**- I hath noticed these things ... night & its shades not really colours,
& deep are its darkness shapes in the spaces of nothing at all - AIR - ozone- SEA
shimmers**

...

& I appreciate these things -

JEAN ...

my grandmother Weddell ...

she seems to DANCE these things ...

dance thoughts & spaces ...

**I am thinking - here are a group of people, we, safe now - I know things about the state of
being safe awhile after you have come from danger**

-

so

the **WIDOWER** of **Josette** will come alone & sit on this beach the same place ... with a sense of

feeling the contentment of being safe ,

Jong`s CHINESE-Indonesian grandparents had lands & forests with stone buildings near NANKIN...but have lost it in the 1920s...

JIM used to refer to his lost FORTUNES...

he may have swindled & lost some of it owned by a relative...
his Chinese grandfather had information)

1920s onwards - George & Mary GORDON & their many children - **had their lives destroyed by this awful mob that their daughter Teresa trailed with her from the RACES -**

1964 XMAS - for 10 minutes Uncle Harry spoke on the pre-War past - suddenly I realised he was meaning this *Cur*

James

-

called DIRTY JIM by young London, a FAT pig man with a rude jeering voice & always WITH GUNS in his POCKETS for THE CROWN !

A fat piggy GANGSTER running WHITES CLUB 1950s - **making the Club called a naughty Vice Bar** by
young educated people
& some who had been in the 2nd World War ...

1950s-1960s - JIM JONG Mr Pong - **Cur James** ... etc

I only had a memory of this JIM from 1953 October -

& having heard some things about his WARTIME days/

1949 Court Martial **when he is to NEVER WEAR THE UNIFORM AGAIN -**

I hear casually that he KNEW MY PARENTS in the WAR !

1954 - he clearly hated me - **& came to try take me away with thugs from COLCHESTER MUSEUM !** He was STOPPED by phone calls made to
important people in LONDON - he was told TO GET
OUT OF COLCHESTER CASTLE !
I did know now HE KNEW MY DREADFUL MOTHER !
Who should have been in a NUT HOUSE !

1950s - I heard at sometime that JIM/now CUR JAMES/is a drinking CHUM of my mother before the WAR - but it had no meaning as I HAD NO BEFORE THE WAR MEMORIES !

... & 1957 , he is a boozing nasty CROOK in a BIG CLUB - inviting my mother into WHITES his PRIVATE OFFICE !
HE IS SCARY !

& 1958 - I learn that he is ROBBING this Catholic household of ANDRE MALRAUX - but calls CLARA MALRAUX into WHITES for drinks
& goes to *PARIS to see Messalina ...*

(Records PARIS November 1967 given to Peter J.P. Whitehead of the BM Natural History Museum !)

1957 Oct - JIM also came to order me out of the room I pay for - & then poisoned some oranges & a pear with a syringe

-

the dark brown marks inside the fruit showed what he had done !

I did NOT leave !

The young staff in the Household appeared to be polite about JIM - ***gradually over two years I came to know some matters very disturbing were connected to them***

-

& felt THAT SOME OF THE STAFF
WERE FRIGHTENED of JIM too -

Clearly other people in London FEARED this fat little GANGSTER -

who drank down the road at a place he called the pub of

`3 BROADS & A GREEK` - I collected information 1950s & it is alarming ! But he was NOT the ONLY CROOK in LONDON ...

I HAD NO MEMORY COME TO ME OF THE 1930s - probably because he

was then a tiny man not fat & still young .

1953 the man JIM in Whites Bar was very fat & given to bad tempers & threats - he ran blackmail/prostitution/gambling/DRUG SALES/other crimes...
& IT WAS KNOWN ALL ABOUT THE TOWN THAT THE POLICE COULD NOT TOUCH HIM -
because of where he DRANK !
& he had an apartment at the back of the Palace since 1923 !

Like many young people, from time to time, I came to hear more & more about the Adventures of dirty JIMMY ...

MY GRANDPARENTS RANSOM did not exist !

I HAD NO PHOTOGRAPHS ... & my father never sent me a letter from abroad !

**I heard 1950s that JIM had an apartment back of Buckingham Palace from 1923/ I had NO MEMORY of Mr PONG pre-War
- he a little nasty IMP who kidnapped me several times !
He was MAD !**

LINDSAYbuggarhs did not exist in my memory either !

In the late 1930s I had found JIM a tiny *tiny* nasty IMP to look at ... & when I was 5 years he seemed very small a man !

1964 - HARRY reports on JIM - **Harry Gordon says**

**“ Little beggar, when he came back from Kenya, came every 6 weeks/2 months - threatened in a jovial way & demanded
I
pay**

for a good lunch & drinks for him & give him a FIVER so I said NOTHING about the

INHERITANCE... or he'd put an axe through the car I was working on...

JIM - He sent 3 cars of them from that Club to beat my head in 1957... when you went to live at Malraux`s place Lancaster Gate...that autumn... the old Bobby (Policeman) was going by on his bike & he had a Walkie Talkie so he frightened them off ... called Clacton Police to come ... HE GOT THEIR NUMBERS to the boys in the Police cars ... ”
