“ WELL FRANKLY ... THIS IS NOT THE HOUSEHOLD OF AN INTELLECTUAL ...

I AM SHOCKED ... ”

- PJPW reads it first the evening of his return from Paris

` WHEN THE MASTER OF THE HOUSE WAS IN RESIDENCE - HE WAS TREATED AS A BUFFOON - **When he was away** the Place had the smell of a Mafia ... **There were two boys up on a platform -**

they were neglected - when he M. Malraux returned he would go up to them - they were very fond of him -

SHE often took her boy with her - **It was known the Master had another place of residence - it was said to be London - they did not know ?**

-

M. MALRAUX had his work for General de Gaulle

-

... A woman of the staff had tried warn M. MALRAUX the eldest boy was being lead astray - he was encouraged to waste his time -

men came from Britain - but they the men, sometimes women, were fluent in French ...`

` An old woman camped out in the dining room and demanded meals at any time - the staff was big - lavish perhaps -

sometimes - you had the feeling you were followed- or listened to -when you left the place ... when you had left you felt you were investigated - One (of them) had gone to New York - he said he was aware of un-natural watch kept on him- for sometime -
2 years before he felt he was not followed about -

` She had her own life, Madame - her friends- could get you out of bed at anytime to make up a game of cards -1 am-even 3 am-

If you asked her if she'd had a happy day you were cold-shouldered-severally rebuffed perhaps`

` Once given a car lift - about 9.30 ONE MORNING - " he the speaker -one of these 3 talking to me in strict confidence "

...

PJPW says “ IN NO WAY DID THEY my kind informers & helpers CRITICISE HIM - Andre MALRAUX - I should make that clear, by the way ” ... ` **In the car - she driving he asked if she was to**

-
have an interesting day - She was

pointed

that it was not the business of anyone`

...
there was lavish house-keeping sometimes

...`

PJPW says “ I do not want to shock you ... as I said THIS IS NOT THE HOUSEHOLD OF AN INTELLECTUAL ... I will read a little more ... ”

` SOME DAYS SHE WAS SO DRUNK SHE COULD NOT GET OUT OF BED ALL THE DAY -

He

MALRAUX

was not often there

- once a fortnight -

he had his career with the General,

& some events Paris could have him suddenly appear ...`

PJPW adds - “ I will try translate a little more clearly- they, my kind informants, were

often hesitant-
what was important

I think deciding

-
I had gone to meet them with someone

-
it was arranged-
someone
of impeccable standing over there

- I won

`
t say-
but their sympathy clearly lay with him Malraux ”

...

1967 November - *PJPW returns from ICHTHYOLOGY - PARIS*

“ Did you see ANY of this WITH HIM ? **This UNSEEMLY BEHAVIOUR ... No-No- I think you**
did not- HE IS NOT
OF THIS CHARACTER -

... **What am I to make of it ? ...**

... **I have not read you all - you could be shocked at some of it -**

I TELL YOU - THIS IS NOT THE HOUSEHOLD OF AN INTELLECTUAL-

Yet- I have now, (*since these meetings*) read two of his books -

I do not think he is of this calibre- a buffoon- If he were - I could not understand you ! -
Well - living in that lovely house - Lancaster
Gate Square ... that you showed me
last year ... ”

“ ... I told you ... I heard HE MALRAUX was up in the Gardens ... when I came over with
Monica the Sabbatical Glasgow 1958
- I called in
when we came down to London
at Communist Party headquarters...
they told me he was in London ...
he went to Moscow ...
they still regarded him as a bit of a hero ...”

& penniless AS WINSTON CHURCHILL says January 1960 ...

This young man received a last LETTER from JEAN *posted just before her death ... It came
from a tiny ancient homestead close by -*

he received these letters via her relatives WEDDELL in South America ...

he NEVER KNEW SHE WAS HIS MOTHER

...

... the RULES OF THE SCHOOL KENTUCKY *where he was being educated very highly to overcome his birth DEFECT* - forbade them to know their parents until they were between 17 & 21 years of age & could go into the world as fully educated strong young men

...

a few of the pupils would never leave the school for they were so deformed but they had the greatest education in the world ... & did so many things from their HOME ... & the lovely lands surrounding it ...

He was lucky

He is telling GRETA his niece ...` he explained to the old tenants that his mother stayed in that room ... then she died on the train after a happy summer with her son & his family ...

- your mother may call later ...

1946 December ... **It is Esther a week later made a fuss when Win excused herself saying**

“ I did not let Greta go to the Ball with the Naval people because she had no ball gown...”

Esther said bewildered

`I have evening frocks -

why did you not ask me Winifred...
