escape for Greta Ransom - MALRAUX & dead sons ASIA -

1966 August - **Philip Silverlee arrived in Athens a few days after we arrived** - he had gone & asked Esther when he heard at Lambeth I was gone to Greece
- 2 weeks later came Arthur Malone Detective -

He had never been to Greece before ... he wrote & published on the Temple of Minerva Sunium & the Greek landschaft - I wondered at being alive - I did not dare think upon The Burgermeister of Paris... other than he existed - I am a pauper- G. R. photographs

1966 - **Mengele** Doc Harrington was away in the tropics with his chums ... chasing tiny boys .
SHEshe

tried **STOP** me going by making me ill again !

But Rose reminded

Mad Mother Kali

old Mother **RANSOM**

that she Rose could ask The

Hospital to REST Teresa for 2 months if she felt she was STRESSED

...

Teresa Gordon R. does not wish to lose the use of this central flat Lambeth

...

But she had told Auntie Esther that I WAS NOT COMING

... luckily the party were late driving off, 9.30pm, to drive in the van **TO ATHENS -**

“ to see the Great Goddess Athena/Homer & all of them ”

1966 - Malone wrote/spoke on GREECE ... “ a path of gold across a silver sea that night - **All the cousins I knew by sight & their ancestry**

- I made myself known to one & to some older people of standing in the community

...

I even fished up some Greek from school & Law studies - they understood -

We would have got ANDRE to come to us but he was abroad round the world -

that Greetah got away was a miracle ”

“...a miracle Miss Holder got her the passport up-dated using the KUDOS of the Main Post Office Saint Martin le Grande ... We saw all the greatness of Greece in monuments &

Museums

... the cousins went Disco evenings so

slept afternoons - Greta Ransom & I saw everything in the heat

...

I followed on like the frog

...

it should have been our Andre -

I even went Disco with the cousins

...

for Andre

”

“... it is still dangerous around us - **& we could not follow her state of mind...the dramatic weight loss had**

Mengele

boasting she was dying - her mother agreed too

...

I LOOKED AT THAT SEA & thought of those children from the orphanage HOMES

...

how they

,

d been slain

so a group of people I found myself related to on the male side ...

could have dough -

All now become too powerful

-

It had become a Mission -

the way of life - I began to sign myself not Arthur but

Detective in the Lawyer`s Gown ...

later added POLITAN ”

1964 - **Mr Mengele came to Lambeth** & did a War Dance **outside Miss Holder`s flat** - when

Greta Ransom came back to London ...

1937 - (*put in diary by LIR from phone call from Greetah made to `JERUSALEM` an hour later ...*)

Old Road house by Labour Club Clacton-on-Sea -

Cocktails & dopes & MOUNTBATTEN & the blazing Cow -

I Greta Ransom - legal heir with Lennie to Margareth girl of

the SNOWS ... am in my Clacton Recreation Ground clothes -

Teresa Gordon Ransom opens door & in thrusts tall man dark hair with gun - He demanded money & knocked me to the floor in the sitting-room when I said we had spent it on the shopping -

He waves gun at her & **GAVE FORTH**

she owed him money from a Yacht trip long ago he shouted -

he has been drinking with Lindsaybuggarhs at their **GRAND** on the Clacton seafront next Royal Hotel ...

**Hot in drink - nasty dopes - from the LINDSAYbuggarhs PEN their GRAND Clacton
seafront he rummaged in our little old house - pulled
everything in drawers out - shelves of books & files to the floor
- called the house a rat den & shouted that I
Greetha
had no fine clothes -**

I said I did - for Sundays - **he could have been drawn by Lennie as a big tall rat with stripes
- he yelled that I *Greetha* should be a Ward of Court ...**

... I said " the Joyous Venture will go overseas then -

I want you to leave " ... **his eyes mad - like an animal just caged from the Wilds - He
rushed upstairs shouting his name
- she said it was**

Dickie-bird -

**She had a bump on her face - she went to her coat & may have said she was getting the
Policeman on the corner ...**

... but he shouted he'd shoot her if she left -

... *She may have been having a sane day p.t.o....*

He found no money ... except my money-box ... & ripped it open

... and took every coin - threw the box on the floor ...

Auntie Winnie bought it for me - it is a red Pillar box - & when full I put its coins in the bank for buying my Christmas presents to the family - then it is filled up again - people put half-pennies sometimes a piece of silver in if they

“

have had a saving week ”

He shouted down the stairs ...

“ & Angela is a blazing penniless cow ”

(I heard later they thought he said `brazen cow` ... so I probably asked about this word ...)

... Then shouting he rushed about upstairs & tossed out Daddy's wardrobe too - he did not touch the famous Spanish Cross in my room where Aunt Murgatroyd had put it on the wall -

He jeered at the embroidered waistcoat that Daddy's friend had given him - BUT HE TOOK THIS WAISTCOAT !
