

1944 1st week of November JOSETTE sent ANDRE WRITTEN INFORMATION -it travelled by 3 resistance persons

...

the person sending it for her was cautioned they would NOT take nothing in her handwriting

...

or with names

...

no identification

...

So that it would not be taken by the resistance courier (*arranged by 2 people*) but he tried to memorize it-

JO did not know who the

resistance first courier

was-

it was dangerous times

- `he did not want to take the message`

...

(information got by Malone detectives & colleagues working for

Andre Malraux

1960)

JO's message had to go by 3 *couriers* before it reached ANDRE- AFTER HER DEATH- the last *courier* had had a worrying *dangerous* time- all he could recall clearly was something about

...

'she was worried about an island...-the 2nd courier after the war recalled a little more...'

1960- it is only 16 years since Jo's VIOLENT death, **9 NOVEMBER 1944-**

(I am called *little Miss North Pole* by some people whose grown children are training to come up & help us run Jacopsholmen)

Mary Gordon having been widowed in March 1937 ANDRE did not dwell upon the present time but got her talking about her early life, especially the 2 years in Ireland with her husband after the marriage 1890, her first child Arthur Gordon born there- he RN then in INSURANCE City of London lived at Woodford Green with his family perhaps was away on holiday

1937 RANSOMS were away -SPAIN-

By Xmas 1937 I G.R. am sure my Father FJR would write ANDRE & 'Miss Jo Elliot' a personal letter of thanks-hearing his daughter G.R.

& kind erudite sentences approving the Guardianship for Aunt Margarethe Ransom Mrs Thomas Immanuel Grote her Estate & Grote Homes, me & Len heir & sub-heir co-heir...

& my grandfather Frederick Charles *Frobisher* Ransom would certainly write-

(records/reports) ANDRE MALRAUX did not get this correspondence & it was stolen by G.B. Government & Crown & Lords

...

& things on the ladder of immorality-

1944 the Chateau where the railway station comes to Tullés...early November JOSETTE began to recall

...

& she

knew

ANDRE

HAD NO POST/mail- about this Guardianship to a big Estate for the child Greta

!

She was upset Andre was asked about

cashing big sums of money on a cheque-book she knew he never received for the Estate of Margarethe Ransom Mrs Thomas Immanuel Grote

...

She began to recall that parcel she & Andre got so much pleasure in gathering to arrive at Clacton-on-Sea for XMAS 1937 & that they were to return at Eastertide 1938

...

That parcel sent after the HOLIDAY of the GOSPELS ACTED OUT summer 1937 as he called it

...

they had been told things were in the post in a message from

Mary Gordon

October 1937...a telephone call from France

...

After Christmas everyone had tried to trace the missing parcel- that she & ANDRE had sent off in November 1937 to Mary Gordon with little presents for everyone they had met!

It had left Paris-

& it had arrived in England !

,

THE BRITISH CONSUL SENT 2 GUNMEN TO SHOOT SHE & MALRAUX- GET HOLD OF THESE DOCUMENTS RECEIVED

...

they arrived same time as her mother

...

they did not know what to do

...

one demanded early November the documents from her

...

he said she was not married to MALRAUX & he would REMOVE HER CHILDREN

...

1937 ANDRE had written letters to Mary Gordon & to a friend he had made with a small homestead on the Holland marshes (THE MAN WHO WAS NOW A KING in contentment ...) (In 1945 he learns this letter was received & answered by his friend-they go to ROME 1963 with his family

...

!)

Their hostess of Summer 1937/38 travelled between Paris & Clacton three/4 times a year & they sent messages, gifts, & she brought thanks from Greta on her return to is

.
The last exchange of greetings, a gift for Greta had been Christmas 1938/New Year 1939...

1944 early November-near Tullés...JOSETTE knew there was no post/mail about this Estate reaching ANDRE MALRAUX pre-war **except a**

letter October 1937 received by Andre from Margaret Grote-an Aunt to Greta

...

The documents JO examined those days late October-early November 1944 were from GROTE BROKERS New York- She saw the size of the Estate & Greta & Len Ransom heirs
...

ANDRE MALRAUX says (1970) `at that time- October 1937 he returned to several other letters in Paris- tossed it over his shoulder- it said he would hear more- it had no address

He now immediately informed MARY GORDON at Clacton-on-sea by post `HE ACCEPTED THE GUARDIANSHIP OF GRETA RANSOM` October 1937- She received his letter acknowledging it on the telephone call he made to her
...

1937 October (Malraux 1970 The Pillar House Harwell)

‘The writer was a MARGARET GROTE Aunt of *Greetha* saying she had made him GUARDIAN to her niece

There was no address but he was to hear more later.

He replied to Mary Gordon that he accepted Guardianship but it was a handwritten note & brought over by their hostess
(?)

He wrote Mary Gordon a personal letter & put that in the post/mail
(Courier is *Unity Coe*

s mother- who had her father in the Clacton Seafront Convalescent Home summer 1937- then he

died before the Christmas..)

1937 **NOVEMBER 1937** he **ANDRE & JO** set about a parcel to be sent to Mary Gordon, with gifts for everyone for Christmas

He & JO took a lot of time gathering things, looking for things in the shops, for this parcel. It gave them pleasure. When they were told it had not been received in December they were very upset.

1957 Andre said -December 1957 when they lived at 50 Lancaster Gate Square he asked Greta to make a list of simple thoughtful little presents for sending/taking to our relatives & friends at the seaside “

” He told Greta he did not know if they would be able to go to the seaside over Christmas

- his work in FRANCE had to come first

- *Mengele & Gang saw it kept him in FRANCE & made Greetah very ill-*
Greta was put by Andre in his bed & he gave instructions to housekeeper

... he arrived back from GAUL late Christmas evening-friends flying him in

... then he had to leave again in 2 hours

/ Account Text ` Church Bells-had LOST XMAS not lost`/
Mengele wanted Greta with NO MEMORY !
He was thinking of killing her but then he might not have so much DOUGH

... so he wished to cripple her-maim her brain

...

1957 Andre said- Greta put an item unusual on the list FOR TERESA-*HER MOTHER*-saying

“
**SHE
ALWAYS
HAS TO HAVE THIS!**
”

He questioned

‘
WHY does she ALWAYS have to have SANDLEWOOD SOAP ?

Greta said once she was given some.

Andre

said-

after his first shock

- I KNOW NOW

WHO STOLE

THAT PARCEL we sent to your Grandmother MARY GORDON after we returned to FRANCE from the holiday

with you that

Summer 1937...

”
...
..

1970 ANDRE MALRAUX is explaining at The Pillar House, Harwell “ I put in the parcel a letter saying how very much we had enjoyed our Summer Holiday- & we looked forward to returning & hoped to do so next year 1938 -

I also put a letter in the post to Mary Gordon-a personal letter on the matters we spoke upon & again I said I accepted the Guardianship of

Greetha-

no POST came on the Estate-from abroad or the Ransom families

”

ANDRE MALRAUX *from his note-books of year 1937-*

1937 `I did not receive any Post/mail on this matter in December 1937- or the next year
1938 -but I put a telephone call through to Mary

Gordon

& we discussed how the parcel could go missing.

She said not to worry-`

IT WAS THE THOUGHT THAT MATTERED-

SHE WOULD TELL EVERYONE we had remembered them at Christmastide-

& enjoyed our stay- Andre was to hear more-& **THE PARCEL WOULD PROBABLY TURN
UP-the Post was a very good Service-`**

He learned the Parcel had left France !

She & her son & daughter made enquiries at the Clacton Post Office-they were all
looking into the matter
