hearing you were not yet interested

and MALRAUX had no time for it : -

**He tells of the early decades achieving this after Tiggy began his HOMES**

**by the end of the 1870s Aunt Margaret and her father had the wheel spinning round the earth**

1967/1968 onwards ... “ Many things were packed and delivered to you at The Pillar

was only when we managed to attend your

The same old tricks as pre-war, and after the war =  
Again  
...  
nowhere are MEN or WOMEN of HONOUR  
...

I am going to tell you what your father had to suffer after the 2<sup>nd</sup> World War ... his families, vast  
families we are, could not in 1945 come to terms as fact the slaying of the worldwide GROTE  
HOMES CHILDREN

...  
children ages 3-4 years to 18 or 22 years of age  
...  
Everyone was scattered after the war  
...  
but these EVIL from pre-War were raking moneys in :  
This is what your father reports, and he and good Banks verify this often

Report : " We know your father was being poisoned towards the end of the 1960s - he had visitors he did not want - Mrs Nurse Harrington would boot in telling his neighbours she was a Nurse sent by his Doctor

...

this was not true

...

he NEVER asked the GP paedophile Doc `Mengele` HARRINGTON to visit him

...

... he would be aware that HARRINGTON was a travelling companion of Phil the Greek : Lady James came, wife of JIMMIE the PIMP that hung about his Aunt Margaret Grote from the 1920s :

**JIM JONG** who had persecuted the GORDON families of his future wife = dirty JIM who spied on all his family Ransom 1930s after the marriage 1932 to Teresa Gordon : she picked up by JIM and Angela 1918/19

...

all that terrible matter of harming the cousins of her mother  
*(Carroll farmers, horses,  
& Murphy families shipping)*

...

*Gordon men had a lot of pieces of land in Scotland*

...

*some abroad*

...

:

1960s ... occasionally his wife Teresa Gordon came with them after you married the young man at the Museum = remember ? it was forbidden for you to marry so

that they could all claim the Estate  
ese old crazy crows used to do this in their Scotland days

- th

...

...

**YOUR FATHER TRIED HAVE THEM LEAVE -**

... they had a key to his tiny accommodation ... it would have been put in his kitchen ... s  
edatives and harmful things to his breathing, his liver, kidneys

...

when he was out

...

he had begun to write at the Public Libraries - they kept him safe from them

...

... You should be able to remember (1957-1959) that MALRAUX was often unwell at  
Lancaster Gate Square ... Doc Mengele  
and his Missus wearing her nurses cap were always stopping you and Andre going to a  
film or having an evening in with your books :

Can you remember that Doc Harrington was always very tall ... would sweep up in that  
young man blue car ... he  
had a funny gait

...

he wore 6 inch boots

...

He is only a GP

...

yet swung on everyone that he was qualified in brain surgery and all branches of surgery

-

truth is he was banned from operating on any patients in London hospitals from 1953 -  
he had killed a woman and mucked up others

...

But seen in photos with Mountbattens and on that yacht

...

no newspaper men would tackle this

...

Your father ... his sister Ivy ... made a bad match - got a crippled child dumped on her  
and its father not sane ... man she  
had worked with

...

he in Middlesex Local Government employment

...

She had Nurse Mengele Harrington and himself Doctor HARRINGTON booting in on her  
talking of concern for her health

...

that her brother needed a place of his own

...

... Sad Ivy who had protected her brothers ... as her eldest, your father, had protected  
her as a child ... The Earl began it ... killed  
their grandparents to get the Estate
