

7<sup>th</sup> century Suffolk - **`MY NAME ONLY` RANSOM** ( ... he has a first name, Christian name, i  
**n the early 19**

th

**century genealogy**

st

**cent AD to 800**

**AD = our copy was destroyed**

**by the criminally insane**

)

-

It is in the 7

th

century that the head of our family insists to his sons & grandsons

**` YOU ARE TO USE THE RANSOM NAME**

-

**not take the name of the women you marry because their family is richer than you**

- ...

it is HUMANITAS that matters

`

***NB: We were also short of sons in the 4<sup>th</sup>-7<sup>th</sup> centuries ... infant mortality rates were high ...***

**NNB:**

**& WE ALL write in LATIN-Arabic-Scandinavian and Germanic tongues**

&`

Early English` tongue of East Anglia when WE are at home/heimat ...

= HUMANITAS = the condition of being a man/the qualities proper to mankind as a race - magna est vis humanitatis

-  
especially

:  
**human conduct, humility, philanthropy, gentleness, kindness, politeness = mental cultivation, liberal education, good breeding, elegance of manners or language, refinement -**

**`My Name only RANSOM` says firmly** “ ... I do not want descendants who turn and fight against our family RANSOM & do not uphold our high standards ”

...

( Uncle Gimlet Eyes Mainwarring RN (16<sup>th</sup> century Mainwarring marry PHOEBE RANSOM a daughter of F. Ransom & the Lady Japan-Okinawa 1504 Bruges marriage )  
**would add**

“ ... or I will not leave you a brass coin or a turf & certainly not one of my three ships ! ... )

The excerpt above is from his `LIFE BOOK` & he writes in Latin & an early English of East Anglia of the 7th century  
- RANSOM are never  
**without the skills of reading writing and languages - it is very necessary for SEA TRADERS -**  
**& to fly a flag`**  
*HUMANITAS`...*

7<sup>th</sup> century **Suffolk** - `CHALICE` RANSOM - ? **he may be the same as `My name only RAN**  
**SOM`**

... a silver chalice with a big R engraved on the side

**came to us early summer 1938 from Hebrides Arran solicitors for Margaret Ransom**  
**GROTE**

*(deceased 15 May 1938)*

-

**I was shown a copy of an English magazine of the 19**  
**th**

**century with a photograph with learned text**

**- The CHALICE was shown 1938 to**

**Norwich Museum**

**who authenticated it saying that**

**`RANSOM 7**

**th**

**century owner may have used it still as a drinking cup ...**

but there was the possibility it was older than the 7

th

or 6

th

centuries

- that it was a personal goblet made for a member of the RANSOM Family of EAST ANGLIA `

...

***it might have been used by this Sea Trading family in the Mediterranean or in Iceland or***  
***Greenland***

...

**DESTRUCTION - of RANSOM CHALICE or GOBLET : This our RANSOM chalice/goblet, is**  
**stolen from our Clacton-on-Sea Old Road home swiftly by**  
**JIM Jong**

before we put it in the Bank vaults & then took it to an American Museum for safety & where scholars might examine it in peace ... It was featured in a sepia magazine 19<sup>th</sup>

century - something like Illustrated London News.

JIMMIE JONG

*future SIR JAMES*

, spitefully had the GOBLET-CHALICE melted into a lump of metal ...

JIM Jong ( ... *he has a 2-room apartment at the back of Buckingham Palace since 1921 to 1956 ...* ) delivered it to my mother Teresa Ransom with the message for the

entire RANSOM FAMILIES

“ ... that everything belonging to the Old

Eskimo on Arran island

(Western

Hebrides)

in the

`Grange`

belonged to Her Majesty

...

they felt we could sell the lump of melted silver for money as we were paupers ...

” ...

**My father & I wept & wept ... ( I have some information in `1937 Summer` - type written pages may have more - I was not yet 6 years old ... )**

**(Memo: `Majesty` is `Angela` ( *the former Miss B L of Wales* ) who has haunted the Gordon and Ransom families with**

JIM Jong

since

1913

... She had been taken to ROME by our Aunt Margareth

*Girl of the Snows*

in

1910

**after an outbreak of Fever in**

Glamis Castle

-

**Angela**

**(Elizabeth)**

**Bowes Lyon**

**behaved**

very badly & collected for her family names of everyone Margaret Ransom Grote knew in Rome & other places they visited on the 1910 journey -

**NB : the names of the friends and families of Margaret GROTE were the `crème-de-la crème INTELLECTUALLY`**

**of the civilised world :**

**human beings beyond the understanding of British & Scandinavian aristocratic persons**  
***always short of a million dimes***

...

The friends of Margareth Ransom GROTE and her RANSOM families would never destroy ancient history

:

WEEP,

**but remember, our**
