

George COLONEL ANDRE MALRAUX enters upon *SHEshe* again- whom he was not impressed by at Christmastide

1924/5

Deauville & Paris met with a Miss Plunket-Greene -□ They had been robbed by JIMMIE

Jong at Calais-on his way to

The Bloody Liar Dusty Mansion France

-to deposit a sack full of money & things from a robbery he'd made in England-□ He made another robbery CALAIS in the early hours of the morning December 1924- leaving them very ill from drinks he had bought them !□ He in

1924

has a 2-room apartment at the back of Buckingham Palace- until 1956-lost it for hitting a woman with a spade in the backyard there-but has several woman friends in private apartments & slips in & out as he has done since 1924- records-

1924 December at Deauville Race Course FRANCE ANDRE was just back from The East & a fearful adventure (caught for tomb & Temple robbing-prison sentence- *Clara did not know better !*) records

1957 October ANDRE MALRAUX age 55 years tells Greta Ransom age 24 years about meeting *SHEshe* aged 19 years of age-he 23 years of age in December 1924 at the Races-

The two girls were without any money-he & friends loaned some & it was repaid by Teresa with a polite letter in January 1925.□□ They took them to PARIS found them an apartment & showed them the City for 2 weeks.□ Saw them safely on the train back to England.

Andre

& friends going into Italy- Clara to catch up with them.

ANDRE MALRAUX speaks one cold autumn evening at Saint Edmund's House 50 Lancaster Gate Square- "A man of distinction put his arm about *your future mother's*

*your*

shoulders- Teresa Gordon was her name- & -they began to talk about horses-in a spiritual way-they all were able to stay at Cliveden (*say Clifton*)

the Astor place- a group of young & older people-  
*a cult*

” ...

I Greta Ransom was glad to learn he was not her boyfriend-I can remember almost fainting as he began his novel like tale from his notebooks...

ANDRE MALRAUX AFTER JOSETTE IS KILLED -his world

1945 May- Mr Professor Winnleman warns Andre from his arrival 1945 May ` & the house at the end of the REC Andre-

I want you to walk the dog there with Mrs Winnleman if she is free-see that the three children are safe- the woman is a Virago-

Miss Gordon her sister just from the ATS is not aware perhaps- I am waiting for *Elsa's* father to return-I think we should get her into a school on the Continent ` ` (Elsa=Lohengrin-I like to hear Richard Wagner on the gramophone Mr Winnleman has)-

Colonel Andre widower is to meet Greta Ransom that week-& when I am introduced as `Greetah Miss Gordon's niece` Malraux picks me up by my elbows & laughs- ` She was with us-before the War- I had hoped to find Mary Gordon- I am saddened she has died...`

`THE TWO BULLETS AIMED AT MY BACK`

1945 October -Clacton-on-Sea REC-

ANDRE MALRAUX reads his notebooks in 1970-

`I was shot at in the Recreation ground- it was past 8 pm Clacton-dark but there were a few dim lights-& much blue light from the Railway where they work all night over-haul on the trains-some of the famous trains come...

I came to walk the dog for the Winnclemanns *Greetah* would come out of The House at the End of the REC to join me perhaps-

1. I wished to know if Greta's Father had returned-&

2 . Mr WINNCLEMANN was anxious to speak with him-

We had a Convent School in Magdeburg felt to be right for *Greetha*- They taught partly in English-a tradition-there were no Finishing Schools now until girls reached 16-17 years of age-it was felt that we should get her away- The Convent had suffered in the War but were getting on their feet-pupils helped with the chores-collected eggs tended a vegetable garden-it was felt to be a happy place-

Mild objections came from Miss Gordon-*it was Protestant*-that it was German she did not mind- but she was anxious for her niece's SOUL-especially as she came from a home where her parents were unsettled in the marriage. We could assure her

*Greetha*

would attend a Catholic Church once a month on Sundays to begin with-

I still feel I want to explode

-

after the research of Arthur Malone & the others-what we came upon-my detectives Earls Colne 1960-1961`

I correct him- `its Colne Engaine/Engayne-very ancient-*the Gallows was there` Malraux adds ` Ah I did not know it was called that- Yes I know it is Gallows Corner- you described what you felt to me one night I took the*

NIGHTWATCH

- & said something to your Detective Malone-I hired him for you-at Lancaster Gate Square-when you came to live in my home

`...(I

*Greetha*

-Greta was quaking Feb 1970 as he spoke-a door opened on a world I had not been allowed to remember-a second of MY mind in WINTER mists saying `you are in the wrong life

ANDRE MALRAUX retired Minister of GAUL spake on thus-October evening after 8pm 1945

Clacton-on-Sea

Recreation Ground

Vista Road to Valley Road leading to

Josette's

Beach Holland-Holland-on-Sea- the REC bordering the railway lines to the globe-

` THE HOUSE AT THE END OF THE REC `

`IT WAS A STILL NIGHT

there were some electric lights in the Rec- but on the paths- people came for a walk with dogs-I had a shortcut

from the Boating Lakes to the paths by the Tennis Courts leading

to the broad Avenue lined with small trees & shrubs- (The Royal Way for our Wartime games

I am telling him June-July

1945 as I lasso him Colonel Andre X)

I stopped by the Tennis courts with the dog -& I might

light a cigarette- I had behind me the Railways & the big Shed where the trains came for a re-fit an overhaul...I turned at a sound-a cloud of steam with a great noise hissed into the night air-blue lights lit the great shed- As I did so

I HEARD THE CRACK OF A

BULLET HITTING THE WIRE-a close mesh net so the balls could not fly-then I thought I heard another as I dropped to the ground !

I crawled slowly towards the paths-then I heard the sounds of

voices coming from the other direction-I got up-found the old dog`s lead he had been with the Winnlemans in their Internment the Race Course Epsom-*Oh a piece of failure-someone in panic Whitehall*

- I quickly went towards the people 5 or so- then another couple with their dogs & said to them what had happened- I did not know them- I walked with them...Greetha came across from

THE HOUSE AT THE END OF THE REC

...her father`s Army guns were all laid out on his bed Peter...

He Captain Frederick John

RANSOM

intended taking them to Colchester

(Camulodunum Colonia

Victricensis

) to have them checked in-Army rules- He also had a collection of ancient guns he had made in Kenya-he trained in Gunnery as a teenager- Greta`s mother we years later heard had tried get little Colin`s fingerprints on some of the guns that day...She was still giving signatures to her noble friends-they promised her a fortune...

*they came down in big cars after dark 1943 & 1944*

*-the town had rows of houses shut because of the War-fearing Invasion-...Y*

ou know about the plane crash that first year of the War...on the Holland cliffs...I spoke with him in Germany & his family-he came back to the Clacton-they had saved his life by directing him with search lights towards the beaches the sea...THEY GAVE HIM LIFE...Greetah saw the plane caught in the searchlights from her bed the tiny room facing East in THE HOUSE AT THE END OF THE REC...It has stayed with her because she learned there was not total loss of life-

1945 `That October evening It was about 10 minutes later after the two shots at my back that *Greetha* came quietly & found me- I had crawled to the end of the heavy metal nets & got up very slowly when I heard their voices-otherwise I was going to crawl on hands & knees to the entrance of the REC-or perhaps the other way to the ancient Farm House friends of Esther`s husband Fred Potter....Greta came in her school raincoat & Wellington boots all she had to wear that summer 1945-until she was given some shoes that fitted -She came like a wraith called no greeting only a calm smile to me & a bow of the head... but this was her LANDS & here she played her games of what I was told 1945 June by Miss Win was MAKE-BELIEVE...she stood a little distance from the people I

had gone to to stand amongst- (I age 12 years am shy & he Colonel  
Andre is clearly a NOBLE MAN) ...I

called to her (Greta) & said quietly I wished to go quickly to the  
Rec

Entrance in Vista Road & return to the Winnlemanns-she should go home-I can see her  
face obedient but saddened that we had to part so early evening-she did as I said when  
we stood outside the Rec big GATES- I was anxious to get away with the old dog  
- I said to her as we walked to the Gates what had occurred- later she found this blurred  
in her memory

& I did not like to disturb a very young Maiden-who clearly had fallen in love with me-  
I- October 1945 returned at 7.45 am & found the first bullet-returned again before mid-day  
& found the second bullet-

*Greetah*

again came to me her Aunt Miss Winnie had said what I thought had occurred & that I  
was upset & gone to The Rec - Harry came that evening & he had been told by Teresa &  
Miss Win it might have been boys with a pop gun- `having a lark`...their was some talk of  
Ben Brittan & new work `Peter Grimes`...I did not want to know-I was a WIDOWER & my  
brothers-two-were dead of WAR- If I had been more sociable I should have learned what  
I was being kept from knowing by a very few-When I began to work with General de  
Gaulle it was felt by so many people they should not approach me upon the  
Guardianship matters...

I try to avoid thinking I have failed the girl-of-the-Snows & her brilliant companions sailing down  
the centuries

...

I=Malraux 1946 -entered into work for France

... (notebooks of the years read 1970 by Andre Malraux)

1957 ` I SHOWED A BULLET TO GRETA IN 1957 November- I kept one in my pen & pencil  
tray at 50 Lancaster Gate Square

-

*I also make little drawings now & then*

...I had decided to take up the marriage-she agreed- & her grandmother's friend `young  
Paccelli` had given me his time in Rome...

NOW I LEARNED THE MARRIAGE HAD NEVER BEEN DISSOLVED

-the Vatican had put it

ON HOLD...

deceit by Teresa & Nurse Connie Napper September 1947...

I signed something & believed myself an unmarried man...

IT HAD BEEN

*A MOST HUMILIATING EXPERIENCE*

...

I kept my promise & remained Greta's

GUARDIAN

all the following years-I have come here in that role-

1948 she seemed to think that I had `married my sister`...

**No 18 The Prayer Book-FORBID...`**

George-Andre Colonel Malraux

ANDRE MALRAUX reading his notebooks `about 5 people came long the paths with dogs-  
we walked along with them

...

I said to *Greetha* I must return to the Winnlemanns when we got to the main Recreation  
Gates...& she should return home but by the Vista Road a dozen houses to her home  
-[] I said she SHOULD NOT GO BACK IN THE REC

-

I saw

*Greetha*

off watched her go to her home-I turning to watch her as I hastened down the Vista Road  
knowing where I might turn off & hide-call on people in the few houses lived in...

She Greta had said her Father was not at home-she had come that evening to tell me  
this-she had been told I would be in the Recreation ground at that time...Her father had  
gone to London...he had to see to a damaged house...

I now weep...`

THE NEXT MORNING as soon as it was light I went to the place beside the nets-it was  
just light enough to begin my search-[] I found the first bullet after 15 minutes-later I  
returned at a quarter to 12 noon-& found the second-[] I was shaken !

No- I did not think

*Greetha*

had done it

.[] Later I learned as the Winnlemanns did-

*Oh a year later*

-[] that her Father returned & quickly departed to London & that

all his Guns from Africa were spread out on his bed-he was sleeping in the Nursery-

*Greetha*

was being dragged into the double bed by her mother-have you not heard Peter

?

Greta had a Virgin room of her own-

Yes I saw it !

...she had a bookcase her father had made with statues of the Holy Family & fresh  
flowers she put in tiny vases-

we collected them from the garden

-

YOU HAVE BEEN TOLD LIES !

This poor young man who had escaped with his life in the War found his parents home fallen down-the joists had been cut overnight-

**2 eminent people had a Magistrates Order to stop the theft of family documents-a painting**

**Joos van Cleve of him-married Japan**

**-taken 2 days before the Document was expected !**

She

& JIM-with 2 cars-

**many things taken away- neighbours reported & an Air Raid Warden kept watch- I have told you earlier...` They are mad-since they were young-there is the use of this narcotic-I had to halt 4 of them burning fresh corpses in Scotland by a Loch-**

***Greta & I got drawn into it that winter 1957...***

I had no idea WHY WE WERE BEING PERSECUTED...

Mary Gordon explained to me 1937 adequately the madness of Angela & JIM

**...If you are told otherwise about the Gordon households then it is LIES- these things are said to have Vagrants commit & hide from this crime using their *kudos***

...

They had no money

**~ She was heard spitefully saying 1939` `People in small houses should not have works of art`...the night of the theft of the paintings**

**...No-some have clearly been destroyed...Delacroix-others-the Gericault burned on the Island 1933...I saw them in a magazine 1920s...but did not remember the name of the owner-**

***perhaps it was not given...`***

**What they owed...It was always known- I have now seen` documents of their debts-some taken with USA...**

**it was known early in USA where they**

**were trying to rob Grote-others...**

To return to an attempt upon my life 1945 October ... **From what we learn later - IT WAS AGAIN HELL**

**...I & the Winnlemanns expected he would get in touch- when he did not we wrote- *there was never any reply !***

**We also put letters by hand into the abandoned house after Teresa had left & taken the 3 children with her-she was promised a lot of money & a house if she would do this-her friends in town-**

***one is Angela-***

**She now went into a rooms & a rented flat-her sons got to a school in Surrey a reward for their father`s Service in the war....her daughter clawed at by she**

-

It was Fred Potter got Greta away from her twice- (March 1946-June 1946) he did not know what was happening-he had to take Courses for Boots Chemists after the War & was away or deceived...Miss Gordon had told her niece Greta to stay with her mother & help her with the servants work-looking after the two boys John & Colin -later they go to boarding school-

Miss Win has been told a lot of lies by her nephew a bastard du Cann  
-& other non-men

... Greta taken away by Fred Potter Esther's husband now became the paying guest of the young Napper couple-nice young people-she very kind-21 years expecting her second child...The expenses were paid by the family & reimbursed by Captain Ransom...he had to rally his family to`

SAVE WHAT WE CAN`...The children overseas had been murdered or were missing-`  
You do not know these things Peter

-

JIM Angela their noble friends & Scandinavia were told to destroy Greta-halt education...the curriculum of the HOMES had been begun from her birth...this is an educated family...those who committed the Fraud are not educated...They prey on others...

-

It is this Walton Road house close to the REC where  
Jim & Teresa

moved Mary Gordon October 1939 when her son & daughter went away to War Service...  
the house I knew 1945

...  
then in a few months Win with Julie Butler cousin moved to the very big house near the Clacton seafront-Colne Road-they began to run a Guest House with an ATS loan- The house where Greta lodged was next door to the house where she & John- Colin- were raised by Mary Gordon January 1942 to 1944 ... her daughter Teresa was forced by Police & Clacton Hospital back into THE HOUSE ON THE REC- she used her mother as her servant & was harming her health- Greta's Lodgings spring 1946 belonged to the young Napper couple with their first son...

Greta's room here was known to me-I saw that it was suitable for a young school girl-  
Mrs Napper 21 years old impressed me with her kindness & common sense- From here Greetha walked to our marriage-she wished to say a prayer over the gate of the house `Crail` ...

where Jo & I entered freely  
1937 to talk with Mary Gordon  
whom you have not known Peter...`

Miss Gordon said she had heard Greta's father was busy in London-he had a brother-she

**would ask her sister for his address- Letters were given to she to write the address upon the envelope- We had no replies...**February 1947 this poor young man gave his Permission for the `Early wedding` I older than he- to THE HEIR...he knowing my FULL GUARDIANSHIP...

**I HAD TO GO TO FRANCE every few days ! I was over monthly-to a community Essex who had welcomed JO & I 1937- & as I have said `where we found the Gospels acted out`...**

**Captain Frederick John RANSOM - I was never told he was an educated man- he was spoken of by his wife Teresa as a rough man-**

**I WAS A WIDOWER with 2 small boys-I had to have a home a base in Paris-my 2 brothers dead in the War-I had to leave it to the Winnlemanns- IT GETS TOO DISMAL-**

**I  
WILL WEEP-**

**The man younger than me- Greta's father could run a small Republic- like France-better than me- I discovered this October 1957-I told Greta that first meeting I had with him... WE ENTERED SWIFTLY UPON HELL again**

**-we were never left alone by their scum-every word spoken was heard by them-he FJR was attacked again-the flat broken in-the collection of histories he had out to write upon taken-some photos trodden underfoot...**

**The British Government & Crown HAVE STOLEN MY POST/mail-with great skill-from 1937 onwards-they have often threatened my life...others...died...**

**so they could kill the children sell the lands-it has never stopped- I will weep.... "**

When we are in The Town with her she will SIT US UNDER THE TREE & say " STAY-

ROUND THE TOWN !`

We were now referred to as
