- Ugly GREED & MONSTROUS DOPE IGNORANCE raged 20<sup>th</sup>

century--

Moneys shared amongst the noble scum-

1978 The NEW YORK eminent doctors : she a niece of an artist Catholic friend found Greta Ransom *Whitehead* coping with a historic village house 1978 when they visited an Aunt... & MF asked might we have them all to a luncheon that could be lingering from midday when we would begin by looking at her collection of paintings taking a glass of sherry up... to crossing over the road to The Pillar House & taking interesting foods...enjoying the great village house *where the immortal childrens books were drawn by L. Leslie Brooke-published F. WARNE 1900s onwards...`Johnny Crow's Garden`...*

& not hurrying over food- lingering into the afternoon...when we might all cross the road again to Winterbrooke House & make tea & talk & go up again to the Picture room if we felt like seeing a painting again...` Greetah who with Lennie Ransom 1930s had begun a book of

`WHAT DID THE RANSOM BRIDES our Grandmothers of 92 AD onwards cook` took naturally with not knowing WHY to making a 2,000 years kitchen...being asked to come & help with Sealed Knot Civil War Society 1970s onwards- helped a lot...

Civilized Village life & all the village all levels came into house & gardens at sometime of the year Winterbrooke House & The Pillar House HARWELL- 19<sup>th</sup> 18<sup>th</sup> century books-some of the Religious Tract Novels of Clergymen are able to convey something of this Gospels Acted Out-as ANDRE MALRAUX & JOSETTE discovered in East Anglia SUMMER 1937....

She suffered deaths of friends in this `Hunting Big Game` when JIM & Mengele & their Teams moved in on Berkshire Oxford 1966....

But Peter JPW BM Natural History South Kensington had not been told of this mercy mission 1967 by his Aunt Sparkman & sister his mother...he puzzled why his mother had their names in her address book wartime Britain...

Greetah-Greta HAD NO MEMORY...no first 7 years of life...-

Peter Dr Whitehead now BMNH told not to tell Greetah by slugs bilge rats issuing out of noble side doors...he blackmailed & threatened with horrible death if he did...

& Andre Malraux...

(A young hero for China who wrote the

book `STORM IN SHANGHAI` La Condition Humaine` 1933 -standard reading for all 1  
st

year students-

Greta Ransom Whitehead is told this 1986... With Dr PJPW she is assisting him on BM  
Natural History 2 month Tour ichthyology & lecturing on 17

th

-18

th

century Natural History reaching Europe from China

...

A surprising meeting came about...)

1950s The Chinese diplomats London knew

`MALRAUX & General de Gaulle good men were exposed to TWISTERS

TWISTERS

in British & French Governments- some down Whitehall

...

some down Whitehall

-& it was felt neither of them could follow easily the tricks of very EVIL MEN...`

This young scientist was asked to see if Miss Ransom Mrs Ransom Grote's heir was safe  
in this building when

MALRAUX

had to be away in France or elsewhere-

they had heard such devilish things

...` (in 50 Lancaster Gate Square-

*Malraux fortress of MI5*)

1986 China BMNH Fishery Colleges-Universities- PJPW & GRW...

I Greta was introduced to a woman who would rather speak in French & Peter said he  
would meet her later-smiling scientists seemed to know the matter...Head of her  
department with her students about her she put an arm round me & we had our  
photograph taken together- she had cancer but the hospital kept her going & her  
students-she lived another 2 or 3 years...*I had no memory & was told nothing.* This is her  
account translated later from the French-` She could not stay too long without attracting  
attention...she found Greta in bed & was sure she was drugged-she sat by her an hour in  
the top room & spoke-

perhaps one day she might recall

...She said everyone was so sorry about the marriage being attacked- Andre had to go to

work in France-be away-

but THERE WAS AN APARTMENT IN ROME...there it was felt we should be safe- if we could get there-

(they knew of Margarethe's house in Rome she left her heir- her stage clothes from the Theatre Jacopsholmen when she was a young girl-woman there...the yellow silk gold edged Imogen frock she wore by request at some events into her old age-they would have been sent copies The Will 1938 January...)

...She said Andre was a man who had tried again & again to help keep Greta safe...

SHE SOMETIMES FOUND ANDRE MALRAUX HAD NO SOUL...she was certain he too was being drugged

...The

Chinese Legation said THE FAULT WAS A MR JONG-whose grandparents were known in China- & a queer doctor-

She saw

*Mengele*

Harrington in the building & outside & describes him as

`a sinister man who seemed to think he was a doctor of importance`...

She came another night & Greta was asleep too deeply- she was loaned key to enter-□

She stayed again- nobody came up...She left closing the door locking it from the outside

but She reports the doors were of the hotel type-a key could be got from the

housekeeper's apartment on the ground floor & anyone enter a room- there were no

locks on the inside of the doors...` □ She had to return to her studies & go overseas...

She & others heard of the Triumphs & the terrible Tragedy of Andre's sons...killed before their time-

Her deepest sympathy went out to both Andre & Greta...she felt it was not Greta's mother that was in control...

it was MR JONG & the man who fancied himself AS ANDRE MALRAUX's PHYSICIAN...`

In China the Will was known- properties were held & the family Ransom had several

Chinese brides in early centuries□ -also the the Greenlander POUL got his height 6` 5

inches from his North Chinese forebears...

Nobody understood that ANDRE MALRAUX had never received The WILL...it was felt it was a matter to do with Faith & General de Gaulle...`

- `She recognised you-she knew your name Greta- she knew you might have forgotten it all...`

I think she came from a Chinese Catholic family background-early 20

th

century-

1937 ANDRE MALRAUX- his singing voice of 1937 I remember-he singing in my ear when I am to sleep...

*his voice honey-counter tenor could rise to boy soprano when he was in his grief from deaths-* 1937 Clacton-on-Sea he sang old French songs he knew as a child or popular lovely tunes of our age 1930s dance music -I did not hear  
his pure high voice the madrigal voice until
