it is a light brown mouse colour but gets golden glints in summertime...

Permission comes swiftly from `young Paccelli` **March 1947-** he is not happy over Mary Gordon's death June 1944

**He expected she & the GROTE heir her grand-daughter in The Vatican from January 1939-
As Pope PIUS 12 in 1938 he sent photos to Mary Gordon of a 2 room apartment near the Vatican Gate & she could go in & out- into the City of Rome-
she would have assistance two Nuns for domestic purposes-
& his little school `children at risk` was well organised as she knew- some Jewish children too- they all stayed within the walls
/
records/published/**

` Mary Gordon could go out into Rome- leave the gate...` Greta Ransom's grandmother has an Irish passport of course-

she got a passport as soon as Southern Ireland got its Independence-1932-she was born 12/13 Sackville Street 1870-of families Murphy/Carroll/O-Brien-date back to Brian of Boru-there were Papers/records/letters everywhere...

**“Young Paccelli” a Priest they had all known since they were young- The five Williams sisters Teresa Mary, Julia Anne, Bessie Martha, Mary Helena & Annie Agnes- the five daughters of the Classics Degree girl Teresa Carroll married John Williams son of Anne O-Brien became `A Little White Nun` her daughter-in-law Teresa of 2 Southern Irish families Murphy-Carroll (3 baronetcies)... The girls known because of their Welfare Mission & work with young semi-working Priests-
in the North of England-**

In 1944 there was another PLAN to get me to Southern Ireland & off to USA or Vatican School which functioned into the 1950s- It was in 1938 as Pope he brought this little school into the Vatican for `children at risk`... Somebody stealing our post knew or eavesdropping at Montfort Lodge the Clacton Priests household perhaps found out arrangements- my grandmother was poisoned- *accounts-records-Greta's account to the Winnlemanns-*

Granny Gordon (Mary Helena) her father John Williams Welsh/Irish made his coming-wife for the marriage a gold cross & she Teresa Carroll who had studied Harmony & Plato, took a ring made from a scarlet skein

upon her finger at the Wedding ceremony at the Altar- girls like her gave the money for the customary gold RING to the poor-box the Church-or founded a charity- Her new husband would then earn the money for the gold wedding ring-

A NICE CUSTOM

by Catholic Irish humanist blue-stockings- Teresa Carroll Williams gave her five/5 daughters ancient Catholic-Classical names-my grandmother is Mary Helena-Helena mother of Constantine who found the true cross- of whom my Great-Aunt Annie Agnes-artist her youngest sister would say "She, Saint Helena, would have been better staying at home cooking her son's dinners-`

I HAVE BEEN READING THEM UP `...I

Greetah

Ransom hear such matters when I call in on the 3-storied house ` Stella Maris`

after school 1943-1944- Annie she talks away & if time reads me The Ingoldsby Legends & is teaching me to make crosses out of anything- cross the wooden kitchen spoons in the kitchen on the table for a start-`then nothing may burn..`

ANDRE MALRAUX calls them firmly & with harsh eyes at Peter "my aunts & my intellectual equals Peter" he is sensing foul mouths have been at PJPW from Halls of Debauchery...Andre Malraux flashes a look at me Greta R.W & then drops his eyes in almost despair...he picks up another Notebook.... *winter 1970 Harwell*
The Pillar House-

The Wedding of Grace with Josette between us we three holding hands 17 April 1947...."young Paccelli" is Pope Pius 12 - & he felt it would be wise that a marriage of the GROTE-RANSOM heir & ANDRE MALRAUX her Guardian as well as Guardian to the Estate-with half of it in Catholic nations- be granted as 'early wedding'

-
some couples made this when there was ample provision & they had responsibilities to the family the community...

JANUARY 1947 The Pope was informed by the Clacton-on-sea & district town Catholics & other faiths something like...

`they walk about already like *Darby & Joan*- sing in the choir- & walk dogs along the beaches-he says he will marry her when she is 17 years & meanwhile NO KISSING- The school girls several schools call him `still a boy in need of a good wife`- Mr & Mrs Winnlemann look after them & Professor Winnlemann is teaching them about Continental history-& other things- They have got an old house on the Holland marshes & Andre goes to work in France & is over every month-`

`The Convent school are very happy about it & *Greetha* will stay in education with them until she is 18 years old- Andre also sings in the Nun's chapel as his counter-tenor voice suits their voices- our Saint Clare nuns are very choosy whom they have in their chapel & he suits them well a young Catholic raised man-they do not mind at all that he questions the faith & regard this as enriching...

He also drops into the schools all over East Anglia with Mr Armstrong the geographer & gives a talk & to the Youth Clubs...`

`So that while the Convent school girls in *Greetah's* class call him ☐ 'a boy still' they are well aware of his high intelligence

-
& only the intellectuals of the Convent School & the Pathfields classes engage with him in earnest conversations-

`However all girls in school have told him they do not like the nasty guillotine punishment in France- it is barbaric ! Andre has promised to try & do something about this- he agrees with them it's a most uncivilized custom for a nation that calls itself A Modern Republic`
- *perhaps he had not thought too much about it of recent years-wars & things-but it was amongst the young non-stop-especially the maidens*

...

`FOR A NATION THAT CALLS ITSELF A MODERN REPUBLIC -messy chopping off heads ~...Andre !!!...☐ I mean George...who clears up the mess ?☐ Do they mind ?☐`
The intellectuals did not let the matter drop-they too were 12 & 13 years-
I Greetah Ransom stuck to history remarks & lines of poems...I have been told my name is shameful by messages from a woman called Angela one of Mad Mother Kali's friends of the 1920s- she says I am to call myself PEARL BARLEY -my Grandmother Mary Gordon was still alive while this was going on 1943-1944...

Further advice that may have reached `young Paccelli` who is a surprisingly humanist young man

(At school I am told he does not inhale much- Fags...& they are really a young man's symbol for France- Gaulois- he did not smoke Gaulois- but a plain cigarette that aunt Julie Butler used to get him when she could find them-cigarettes were hard to find sometimes...he could get

fags

when he landed at the USA` airbase Ipswich but I do not remember him with those brands...G.R.)

`**OUTLOOK** - for a hero & little Miss North Pole- a home is what they both need- not just walking about the marshes the seashores- buying fish & chips when they can find it
