

Notes- Saturday morning July 1945 ` (Greta said)

a rearing tom cat with green eyes was boasting he had torn the arms off the girls of age 15 16 17 years...as they waited to be shot- The older man Lindsay Clarke said they were down to celebrate his 20th birthday in the old place before it was pulled down...& would get the doctor to give him something to take his memory away- he was too excited...Silly boy...Silly boy...his first experience...`

Greta Ransom 12 years old - **called pauper-other names- by this Teresa Gordon R. friend of Angela since they are teenagers ...this Old Mother Ransom thing**

that often jeers `YOU you YOU are not mine-you were muddled in the hospital- I ONLY WANT SONS SONS SONS

....

Suddenly with her help-she got me away on the errands !

I went down to the Old Road &

almost fell over into 2 school-teachers & began

TRYING TO SAY OF THE HORROR I HAD HEARD WITHOUT SEEMING TO BE DRAMATIC...

They of Cambridge & Oxford Universities were in the Old Road- it was an hour later from the first appearance of the many odd looking persons- My head now felt numb then full of fears & my words came stumbling out... I told my school teachers some things of horror of these people in Old Films clothes...perhaps about 16 or more of them in our garden & outside by the sandpit and some on the hill round the deep end of the pools for the big yachts- I spoke on ` A REARING TOM CAT WITH GREEN EYES that had torn the arms off girls...` This was recalled by them during the next years...

The Wartime CLACTON Teachers know we live at the house on the Rec- They calmed me & told me to go & do the Saturday shopping before the shops sold out of things ...& took the matter higher- & lived awhile

- Mr Andrews B.A Oxon Science & Maths- & Armstrong geographer of Cambridge- Armstrong knows my Uncle Potter 6` 4 inches tall...

This whole Gross British Imperial Lordly Cult **should have been thrown on a railway line & run over** for that is what they have caused to happen to **JOSETTE MALRAUX** last year
...so they can wallow in blood & gore **MONEYS...**

1945 **spring-** **ANDRE MALRAUX Colonel Georges-Andre Malraux Wars of Spain & 2nd World War**

Man of Letters-

has come in his grief back to Clacton-on-sea where he & JOSETTE

entered happiness

SUMMER 1937-

HE COMES BEARING THE DEAD JOSETTE-

She is dead from British Imperial HIGH CLASS SIN GREED-

These criminally insane have slain the GROTE HOMES CHILDREN A to Z the globe

-

some few Homes are left & in danger...

1937 **SUMMER September**

ANDRE & JOJo&Joh- Greta- set out from the seashores of Clacton-on-Sea-upon`A JOYOUS VENTURE` TO LINCOLN

- to find his mother's

ancient men-

ancient lines- families- homes & lands & monuments Andre has her old family names from her 9

th

century SEA PEOPLES Sea Traders down to the mid -19

th

century- They too went sailing the globe as RANSOM & lines...

1944 **THE DEAD JOSETTE HAS LEFT ANDRE HEIRS-2 sons-Pierre & Vincent- heirs as Ransom-Gronlander-Weddell leave lines of SEA PEOPLES-**

One day we ALL go to the STARS-

`1937-1945 POST/Mail of ANDRE MALRAUX is stolen by the British Government & Crown for the Earls of LINDSAY-

Premier Earls Gross Britain`

Malraux to be slain if he dares Claim

-

reports Whitehall -

1937 It is a summer morning early the next week of their holiday-I say Aunt Winnie says 'the way to the SEA is lined with chapels & churches'☐☐ I know that

ANDRE-George

likes to see architecture & look at everything inside a building & be introduced if I can see somebody we know-or he will

spe`ke

forth on his own

- I say that Daddy & I pop in on some to hear different hymns Sundays as we make our way to the

SEA the cliffs

to take me to the great church of Our Lady for the

HIGH MASS-

Jo & Andre are both Catholics so I do not have to explain other things

& he can read all Latin easily

-

From Great Clacton where the Little Doomsday Book old Church was is now a later church & close by is the tiny early Anabaptist Chapel (

to be a wood cutters workshop

) leading to the Valley Road that descends then rises to the Holland cliffs- I say that we can continue the Old Road & come to the Doctor Barnardo's Home for Orphans & see the tiny Greek temple Masonic Lodge-

then reach the old Quaker Meeting House where people come from London to hear him preach once a month wearing a stovepipe hat & his wife & the other ladies in black with lace collars sit on the steps of the white wood houses & smoke CLAY PIPES on

Saturdays. He the Old Preacher is INSPIRING...

Then walking the

WAY TO THE SEA

we shall see the modern churches Christian Scientists-Baptists-Methodists-☐ All

townspeople now more or less go to church-☐ Then we reach the church over the road from

OUR HOUSE

where we are having our holiday...& if we do this on Sunday we, or Andre & Jo if they like to be alone... they can hear the singing of so many different kinds & Ages on

Sundays- But the Catholic Church has many services all the days of the week & is the best `like theatre` & very friendly except the Converts are serious & do not joke inside

the Church gardens...

We shall see inside them but not all on one day- And not the Catholic church for Andre says he & Josette know them in France

-

thus he will be amazed in June 1945 when at 9 pm he saw inside & entered
ANCIENT ROME-
a gift of 2 widows

-

who said in

1920 "we'd like something like we see in Rome- here's 20 thousand pounds & you can have some more..."

The Pope before 'young Paccelli' sent an old valued Priest to us from Rome 1929 to live at Clacton & assist-

1945-46 the winter evenings- Widower Colonel Andre & Greta Ransom make this walk of the Seven Churches again & again-without JOJo&Joh-Josette-who has left 2 tiny boys-
The coming years of grief

-

he will say

'Thee did hold back winter for me-

Where did I put my porridge bowl ? On the moon-on my shelf - & a crown of STARS

I made thee for evening tide rippling gently in or out -

& did

Cassiopea

eaha-

our Queen sleep- ? -until the Dancing Time...When we were both young-

so young enough not to feel embarrassment over being so young-that summer the weeks were always 8 days long-

we became worn out STAR WATCHING...."

ANDRE *becoming Saint George*, did sometimes make me feel silly as he stared at me when I *spoke forth*-I do speak as the grown-ups for I have to be with them to be guarded from 'monsters from the deep'. But I have gathered some dignity again & *SHEshe* was stopped dressing me as the Little Match girl & sitting me in the back garden in the icy nights-where I was supposed to have fallen asleep. Oh no I do not-
SHEshe
puts nasty powders in my drinks-& when

going mad with them monsters of the deep

she rubs powders in my mouth & nose-

say high intellect folk...

1937 summer- Sometimes I have said a thing or two to JO that summer when a matter requires a fuller answer-it maybe because she is often writing notes for ideas for her stories-she makes headlines & sub-headlines across the page-sometimes she uses red

or green ink-

we went to buy some

-

Mengele paedophile

1947

onwards & destroyed he said all her writings at Clacton-on-sea

...

he took a boyfriend to also have a good time-he had been getting in the Chateau saying

he was able to say he is the Malraux family doctor & Clara (

on heroin since she was 12 says Mr Professor Winnlemann)

has said

Mengele

could do this-

ANDRE did not know until autumn 1957...

1937 February- Suddenly my young Father 6 years younger than Teresa found SHEshe out telling big lies- I heard him saying -

`she has been out all night again- found talking with the birds again in the dawn & the night was frosty- you DO IT ON PURPOSE- she does not sleep-walk- & she is not an imbecile- She was found by the neighbours...` FJR means me Greetha Ransom- she puts some drugs in me says I am an ape-

Mad mother Kali-Clytemnestra-Mata Hari will demand 'WHO-who-WHO- I WILL GO & SEE THEM - tell them to mind their own bloody business- they are telling lies about me -because you give me no money-

'I have married beneath me-my friends-my friends *Angela* all of them tell ME ME ME I have married an ape- beneath me

Nota bene:

All these noble Vampire women like to play at being Mata Hari in the 1920s-they can sell information to Whitehall for moneys- they think always of dough-

(Angela-Ange is called 'vulgar' in the '1930s-'1960s- Teresa-Tree I think should be called 'thuggish')

1938 my Father Frederick John RANSOM tried get a divorce but LINDSAYBUGGARHS would then claim custody me Greta Frobisher Weddell Ransom who is Margarethe Ransom Grote's heir in-training with Lennie to look after 'THE JOYOUS VENTURE' OUR PEOPLES & OUR LANDS A to Z the globe ... Oh they would WIN in any Gross British Imperial Court-it's a dirty system when they go to Court- they are Premier Earls Gross Brit & of the even GROSSER Scotland-where they pour petrol down people & set them on fire for lands moneys or FUN...

I did not tell ANDRE or JO these things- what Daddy came upon when young & why Margarethe SHOULD NOT HAVE GONE THAT WEST SIDE OF SCOTLAND- where they grow purple plum...

1937 our SUMMER VISITORS - Andre & Josette have had enough of spilling blood & gore burnings IN SPAIN for greed ignorance- & dough - I do not know of the boiling in marmalade

by Earl Lindsaybuggarhs & thugs of cousin Murgatroyd on his lands age 22 years
only-Coptic scholar-
until October when Andre & JO have left-

1969/70 They do this to Dr JOHN RAY/rae ® Montrose-

c 1917 Earl Lindsay women called & attacked him at 1 month old-this is in the same
house `Jerusalem` where they had persecuted & killed Millie Frobisher Mrs John Ransom
1890s after murdering her husband 1890 Hithergreen School *-whether the attack
on baby John Ransom is after or before the basket of poisoned fruit they came with by
carriage I cannot take time to go to the archives-the fruit killed the 11 years sick son of
the Deptford High Street Wireless man` as well as making Jean Fred & my father FJR 7
years very ill-Police reports & the up-market shop...*

Jean & Frederick Charles RANSOM their little 2

Nota bene : This 1937 summer morning (I Greta 4 & a half years old) before we left the house on the corner

to come to the Tennis Club Unity's mother spooned into me some of the medicine- She had got the other bottle from Mary Helena Granny Gordon

widow

at `Crail`

1970 ANDRE MALRAUX to PJPW` `.... it was clearly laced with dope-a spoonful & she a child of not yet five years would become restless & speak of deep matters of the soul- Peter ! They were trying to KILL HER- because she was heir... That summer her protectors had gone to SPAIN- a rescue that failed - that is

one of the most tragic murders I have ever heard

-

I WISH TO GIVE IT ALL BACK TO THEM-

in the name of the Estate-the children they have slain- in such horrible greed...`

`Yes ! I Andre Malraux have always accepted the Guardianship of *Greetha*- I did so in writing & on the telephone to Mary Gordon October 1937- A woman of intelligence

whom you have been taught to make flippant remarks about- & her sisters my aunts...her families- ~

I am warning you about Teresa

-I have known her far longer than you...!

As soon as I knew

the contents of THE WILL

December 1959-

WE DID NOT HAVE THE WILL DOCUMENT ITSELF AT THIS TIME

...

I immediately made it known I accepted Guardianship to Greta again as I had when I received a letter from her aunt October 1937- a Mrs Grote- Oh don't you know this Peter ? I wonder why...It-the letter told me she had made me this-it had no address- It said I WAS TO HEAR MORE ! It was a handwritten letter by a person of QUALITY...!

I am warning you NOT to believe Teresa or any of her noble friends-

THEY HAVE BEEN KILLING FOR THIS MONEY...!

`I -ANDRE MALRAUX - WAS TO HEAR MORE`...the letter from the highly educated Mrs Grote-whom at that time I sadly did not recall... *long ago I had*

seen a figure at the end of a Paris Salon surrounded by distinguished men & women- I was 20 or so !

Oct

ober 1937 upon receipt of this letter I ACCEPTED Guardianship of Greta-

if I had known more I still would have accepted-it was what I was looking for IT WAS WHAT I COULD DO...IT MADE SENSE...I WAS TO HEAR MORE !

It is NOT a matter for Teresa or her Noble friends-

if the Estate did not go to the chosen heir then there were 50 others in the Families it could be handed to by the

Those saved not killed would hold their partners in a HOLINESS-as this delicate music was□ 'the last dance'-□ many amazed they now had to-morrows-

They had lived survived the War & had the certainty of a Life into the years ahead -
All that Summer 1945 Andre Malraux thinks upon JO...

JOSETTA-Josette-JOSIANNEA

-□ who is the dead & many in the town join with him in his mourning-□ It is only months
not even a year since her death...□ It was customary in those times to think upon the
beloved in the coffin beneath the earth...

1945 Colonel ANDRE MALRAUX is aware that young girls can be carried away with
emotions over heroes- *he has read a lot of books- He is*
anxious not to encourage

Greetah

in her romantic attachment to him & suggests

`you are too big now to hold my hand...

in public`

I think Colonel ANDRE MALRAUX Widower feared I could SWOON AT HIS FEET-IN THE
MOONLIGHT *that first summer of*

what I felt to be a love of hundreds & thousands of years...

He recalls that when Jo was with him here in 1937 he was called Saint George by Greta &
it is about The Schools & Choir 1945□ `He may be considering TAKING THE ROBE-to
which Mrs Taylor Choir Mistress understudied Milan at one time say`th

`With THAT VOICE he is taking the Veil & he is in with our Nuns singing in their Private
Chapel...`

I avoided George-ANDRE MALRAUX when December came & Clytemnestra Mad Mother
Kali overnight had taken us from our home `Pearly` in her cunning
dopes

raging madness

& certainly encouraged by her `noble true blues`

Noble Imperial Gross Britain Lindsays awarding themselves double DSOs for killing the children of Continental Grote Homes were so anxious to isolate my father FJR who returned to his little family home `Jerusalem` Deptford a pile of rubble the joists having been deliberately cut after he had been sent to Philippines & the Paintings robbed

(
records/accounts accurate)

FJR he is in terrible shock- also he knows of the extent of the murders of the Grote Homes children & some of the horrifying details...

I did not care to speak to the lofty Totem Pole GEORGE ANDRE COLONEL MALRAUX...I felt crushed but pulled my tall frame up high & tried to go on with daily tasks & get to school- I did not call at the Winnlemanns for music & politeness- It was Colonel ANDRE came to find me & he was concerned- he remembers he is my Guardian

1945 onwards ANDRE MALRAUX doth not know what good people think he knows- slain children- & he since GROTE RANSOM ESTATE
1937 Guardian must have it a matter with General Charles de Gaulle-FRANCE...
Andre believes Greetah has some inheritance from the Mission work of her grandmother Mary Gordon & sisters...

It is known October 1937 he accepted Guardianship from Mrs Margaret Grote- The good people do not know ANDRE MALRAUX has HIS POST/Mail STOLEN BY ORDERS IMPERIAL Gross Britain Government for The Crown- since November 1937-
` The date when the Imperial Noble big ugly clumsy doped up buggarhs found out`
(The previous is some solid East End London common sense- Andre Malraux goes about with many people 1950s raising Funds for Children Holidays-hospitals etc...
They call him `Andre Old Sod`...
Perhaps some were in SPAIN...)

it is believed in East Anglia that he ANDRE &

Saint Charles

General de Gaulle have the matter in hand-

This is a

Iso believed by Mary Gordon's sisters Bessie Martha & Annie Agnes of his intellect-
sometimes going that higher because of their Mission Liverpool then London-& input of HUMANISM from their mother TERESA CARROLL a girl with a degree in Classics Southern Ireland-branched into studies in Plato & Harmony...

Good townsfolk & the families of Greta Ransom do not tell him what they are certain he doth know- Although a lot is said by the school-teachers 1945 believing he should be informed of dangers-the murder by Lindsay Earls of the 9 years Sea heiress in Greta's Class 1942 to get hold of the NEWFOUNDLAND LANDS of her 900 years old Essex family of Sible-Castle Hedingham- **IT IS AGAIN A MATTER OF SHIPS PASSING IN**

THE DARK

- Good citizens of East Anglia know

he now carries responsibilities at the top of FRANCE-

& a General known to old ladies as

'Saint Charles'

de GAULLE-

Of course ANDRE MALRAUX does not live in Essex- he descends

(USA Airbase Ipswich who load him with RYE Whiskey for his War Services-or perhaps for SPAIN-it was in a line at the Winnlemanns -

Mrs W- would have preferred the new powder coffee...

)

Colonel ANDRE descends to the Winnlemanns

& it is very important that CLARA & the rest of the French Connections do not know where he goes-

General de Gaulle is informed

from

1945/46 MALRAUX & THE GENERAL are

1937 SUMMER (*some friends & acquaintances Andre makes he keeps for life*) `Andre plimsoles- I am your size` ...a very tall man went off on a bike & returned with them to try on- Andre said he was surprised at such kindness- So Andre & JO are to play this early evening & are booked in now- Unity's mother says

"WE HAVE TO GET THE JUMPS OUT OF HIM...he has had them since being in SPAIN..." & many kindly people will help here at the Tennis Club-they all know Mary Gordon & are shocked at the sudden death of George so active so much apart of the Town gentle life...

1937 Summer dawns...

This morning as we go to The Way of the Newspapers with Rosy fingered dawn yawning

pulling on her robe of grey

&

we have been talking softly away since waking in

the ozone fleeting stars Ancient Theatre

...that the old men Neolithic lived with too...We have some of them here named after us

`Clactonian Man

`...ANDRE of Spain Catholic boy &

meeeh

...

we have especially been chewing over about that lecture that I stayed awake at in March 1937

in Colchester-□ & noticed on

Our Arrival

the old lamp outside the old dulled brick walls school & the way the evergreens reached about it- `it was cosy Andre-

George

`□ - Teilhard de Chardin removing his jacket & waving his arms in his white shirt was saying things I did have difficulty with but was recording mentally what I could for

`Daddy could not come`...

so Unity's mother & her Roman Catholic Convert friends took me...`

& I have agreed to agree

Saint George-

Andre

is right & he is

not

an Indian-the lecturer...

only was talking about India.

This morning Unity's mother has brought us in her car but he

Saint George

& I are beginning to prefer to walk & talk.□ We do like

JO

to take rides though- all the time if we can see she does-□ She wears very high heels & she

has

to look fashionable for

ANDRE

who might look at other girls...

Tall windows at the Tennis Club I notice & admire... Andre in white shirt no tie- tall so tall & graceful bending at those impossible degrees & never falling over-□ If only there was an invention to get from one's memory the mind pictures that run like a cine film...& where tremulous happiness was on this Summer holiday with he & Josette -

We have come this morning to arrange tennis for them `TO GET THE JUMPS OUT OF

ANDRE`

repeats Unity's mother

talking away to some people- there's Freddie Theatre who may be coming with us & we are going somewhere with him soon or perhaps just to see a little rehearsal of his play that week-☐ Freddie will take us to

JOHN CONSTABLE's Dedham

& we hire a big car from Harry's garage as he cannot come & be second driver to take us to see the famous places & the old houses- Uncle Harry knows people who have paintings

but not perhaps by Mr Constable

- but there are old people whose grandparents knew Mr Constable...

On the way to Dedham we pass the strange house built in one part upstairs like a ship- there is a history about its builder owner who was a Sea-going man (*perhaps Essex archives*)

... Now the trees in summer 1937 hanging over the road & a dark Pine plantation at the back - a mood rather sinister passes over all of us- That Norway like forest gives gloomy thoughts & it spoils the house & you'd not feel happy☐ perhaps at night... There was a reason for this☐ pine forest but I forget- grown for the wood & table birds that could be reared ?

It will enter our life 1947 January with JO dead from Imperial greed of Britain & Scandinavia

...

(A sinister place I felt when spoken of in 1946 Nov.)

1940s the IMPERIAL Mafia Earls of Lindsaybuggarhs & Noble scum & Jim Jong *of many names*

These thugs burn bodies in Scotland-
several reports-

1942 March- A Lindsaybuggarh Earl 14 was rude to us- we two 9 years old SEA HEIRS & rude in front of our C lass- I had just arrived January 1942 from Wiltshire to Custody my grandmother Mary Gordon & my two younger brothers John Gordon R 6 years & Colin Frederick Ransom 4 years in October 1942. ..Ca

ptain-Commadore Learoy's Llewellen Road School Clacton-on-Sea-

The Jack-in-the-Box Lindsay he began with authority in his fat stuck out stomach & his glare ... demanded her lands Miss `Uff Macdrew now her brother her co-heir just dead at 19 years & her father all in the last months-

Her mother is pregnant with the last child-it is she is the `UFF heiress & married Patrick MacDrew's brother...these families have had so much persecution from these IMPERIAL MAFIA LINDSAY & Pongery the half-Chinese Racist *travelling companion of Angela*

for many years...

Lindsay calling itself a Lord or a *Count*

glared at me when I raised my head from the desk & said something rude again with blazing eyes of hate

!

I in shock & considerable fear at the suddenness the onslaught so unexpected that school morning- & always speechless at first to anyone suddenly addressing me could only hang my head over my desk again-he had clearly said venomous things about my families...

Nota bene:

He was to give a talk on Ship Wreck Mariners

-

his family's history as prime wreckers early 19

th

century is still well known at The Admiralty & seashores where MEN OF THE SEAS retire

!

Coins were marked in the collection LINDSAY made for Ship Wreck Mariners - as expected they all turned up in the Clacton Royal hotel bar-
staff helping unmask -

These Earls & monsters & the half-Chinese racist have
kudos
& pour tea for Imperial divinities...
WHAT IS THE BRITISH CITIZEN REDUCED TO
THAT IT CAN ALLOW THESE
OBSCENE
MONSTERS TO ASCEND &
GRASP
SUCH POWER !

1946 Colonel ANDRE MALRAUX *of France & Britain* does not know the hideous role-the
careers of these criminally insane of the Imperial big boots long black tongues all with
Divinorum Salvia Scotland
pellets fire blown up their collapsing snouts
(it dissolves cartilage if used over years)
MALRAUX Widower with 2 brothers slain in this 2
nd

great War 1939-1945 knows not of the slaying in FRANCE of the children of GROTE
HOMES-
or that the deaths of my grandparents all four is because these penniless monsters have
hijacked a Nation- With the Grote Homes Ransom Estate 3 WILLS he would perhaps be
able to protect us all-we need publicity OFFSHORE !
*But polite people do not tell you what they think you know -especially when you are
working for a General of France- in this matter it is General Charles de Gaulle-*

1937 Summer -we go slowly by the ship architecture gloomy pine forest house in the big
car to visit JOHN CONSTABLE's DEDHAM & return late afternoon because Freddie must
be at his *The Clacton Theatre* for the evening presentation- curtain going
up- A house rather spooky & I am glad to
leave it far away & be back with the
others at the house on the corner with the garden where are growing things we can eat...

as George ANDRE MALRAUX reading 1970 his notebooks has recorded
on Summer Holiday 1937...

1946 I will see it looking the same-gloomy pine trees dense packed-death could lurk in
there for us-cheerful I must be that he this tall spiritual but very clever young man wishes
to chose a home for a life with me- I am told payment does not matter by Uncle Potter &
we can easily pay- he is seeing to it with my father...That I am a pauper clings to me
but I must allow the grown-ups this matter as the Convent School class have cheered me

along to find a home that

Georg

e & Andre

likes... I must go inside this spook house with

George-ANDRE

& Uncle Harry when we are to look seriously at houses for us because the `early

wedding` is thought best by `young Paccelli` & all the town-`

I am advised be delicate about choosing a home & allow him

THE MAN ABOUT THE HOUSE

his way & I shall have a say with everyone in the furnishings & some old pieces are to come to us...`

& I am delicate towards him & about our life that will begin

BECAUSE JO IS DEAD

-

I know that Colonel ANDRE-George had married JO for life-

I am *will-o-the-whisp* the what should not have been-the seas edges of salvage washed in...Sometimes some writing on the winter air the cold seas doth say `what will he do with two wives in Heaven`...well I can only hope this matter has been solved **UP THERE** ?

But life is too horrible some hours of the day because of *SHE*she Clytemnestra roaming about at night & trying to stop me having any food Mid-day dinner times...saying I am a nuisance to everyone & he Andre is an old man

...`

She keeps saying I-I-I

know-know-know

him-him-him... Phha! Phha! Trash! Low Class !

She insists that *SHE* & her friends & POLICE are watching us- `WATCHING YOU-you-you- Old girl! old girl ! ...`

Early March 1947 ~She poisoned me one Mid-day dinner time saying `I want to talk to you about your brothers- you are a girl & are to help me now I have only a Widow's mite...` Miss Winnie told me I was to come from Convent School and meet her in the Recreation Ground...She Clytemnestra with a horrible stare had a bag with a cream bun a cheese

role & a bottle of lemonade (all fattening I knew -school friends have much better food even with rationing !)...Foolishly a starving 13 years old nearly 14 I took a drink & a bite on that bitter still winter day...& I went into terrible silver black tunnels in my head of no daylight except in the memory- and was ill for some days...It is early MARCH 1947...

I am 14 years

11.3.1947

& all my presents from the Globe A-Z will be torn open by Earls of Crawford & Lindsaybuggarhs back of Buckingham palace as usual since 1933 XMAS-

when they CLAIMED ME chortling I was an APE ESKIMO the year of my birth 1933 I GRETA RANSOM-

Angela & her Imperial Noble mobs help tear open all PRESENTS TO GREETHA (lists) including Scandinavian nasties-

Those nasty gloomy forests suit their evil minds very well...

The wedding of grace is 17 April 1947-

& their evil cannot remove that upon

Time
