

1945-46 -I am shadows from our TIME OF THE SEAS- I know I am not to speak upon it to
ANDRE-George
or to the Winnclemanns` my
12 years old body
shudders at what she & her filth in London Town have done with this
TIME - this past WAR...

1940-1945 Filthy accusations come at me from Treasa Gordon R. her nobles in cars one

These
dope-soaked
creatures are, as Clacton old people said pre-war `dirty DOG piles along our SEAFRONT`

I think of the old Quaker Preacher -the enclave under *the Rise* down from Great Clacton

WHEN ANDRE & GREETHA HAVE BEEN DESTROYED FOR MAKING A WEDDING OF
GRACE...

`Our friend Sam Rathbone may come & speak with us` says an opening Letter in a
rectangular black cover book that

SheSHE

Mad Mother Kali got her hands on-
beautifully printed books of the old 17

th

century Quaker Enclave Clacton-on-Sea...

1985 I found them in the Duke Humphreys Library the Bodleian Oxford while looking for R.A. lists of the Artists who'd exhibited from The Pillar House Harwell...I reached for the tall rectangle book & said in my mind those words about Sam Rathbone (*having married into this famous Liverpool Quaker family*)

The words seen that Summer of Sorrows for ANDRE MALRAUX & GRETA RANSOM
Malraux

...THEY WERE THERE

`Must sink who carries the Great Stones-these stones I hath carried as long as I was able`

does that line from George SEFRIS Greek Poet say something of young lives smashed so that GREAT GREED & IGNORANCE can strut sail fly the globe...

1930s- there was early 20th century the occasional ANABAPTIST Service in their tiny chapel just down from Great Clacton Rise at the beginning of the Valley Road - they would get permission from a Bishop- They all good people of moderation-humanism-some come in from The Seas or fleeing the Continent & its Wars of Religions the last 400 years... Many of them well known to the Ransom families & addressed by Christian names -

1940s there are more predators about me even though my memory is badly impaired *but I hath a sense of evil when I see some of them-*

creatures of uniforms-good tailoring-much talk of women with Military moustaches too-□ □

Pre-war late 1930s I knew they were out to destroy & rob our miracle GROTE HOMES RANSOM Estate of 2,000 years THE JOYOUS VENTURE-

I do not put the 1930s of my carefully structured early learning into words anymore-I am alone- RANSOMS & that side of my family were taken off to WAR-to be slain with the Grote children-

The violence upon me physically has stored away my family ARCHIVES into dark landscapes lining tunnels of silver black light where THE ONLY DAWN IS FROM THE MEMORY-□ These rabies ridden dogs want all of us dead- all identification removed

-

so they may go on with the GREAT DECLINE-the great debauchery-THEIR IMPERIAL GREEDY EMPIRE FALLEN...

1946 from September□ I Greta Ransom have *SHEshe* not yet sent into the Asylum & she

slithers at me from places of overhanging trees-coming at me school dinner times with buns in a bag saying in authority "I want to talk to YOU

- I need help with the boys- I have to think of my sons- MY SONS-you are only a girl-you are to help me with your brothers- I require to speak with you-you"

I am advised not to go near her alone & only be polite at a distance- I am not to be her servant again- the Marital Court has said this- she is to be put in the Tendring Nut House- then sent where they recommend- she has dope addiction-violence-& poisons people as ordered with & by the her noble criminally-insane- They all take this dope *Divinorum Salvia Scotland*

-& no nations should permit them to live outside a secure Asylum or Psychiatric Prison-

SHEshe is insisting that her important friends have put her in charge-that she has had an illness "BECAUSE OF HAVING TO MARRY HIM-& look after you lot all the WAR-& I did not have enough to eat or warm clothes-I had to work my fingers to the bone to feed you three-my bloody husband spent every penny on himself....

IT IS ALL LIES !

The Courts have proved it! August/September 1946. Her Noble friends including one Angela have baited her that `she has given birth to Apes` ...They do not intend giving her a big fortune from Grote Ransom Estate-she would be too dangerous to them as the mother of `the Apes & Eskimos` ...But they do not drop her acquaintanceship-

She is committed to an Asylum for the poisoning of her mother & should be in to Tendring for assessment by October 1946...but the Courts know who has put her up to all this- & with these monsters Earls of Lindsay- Mr Jimmie Jong & others Noble always helping in crimes against us (the three of them poisoned Jean Weddell & Mr Jimmie Jong Mr Pong & No 14 Lindsay poisoned Minerva 1934 in a London Tea shop)-
1945 onwards life is dangerous for me - also for Andre Malraux widower with 2 boys-

& so many others are in danger from *She Clytemnestra* & these criminally insane
POWERFUL IMPERIAL HIGH Class Sin

1946 the things that protected me pre-war have all been lost in my memory & further removed with drugs that give NO YESTERDAY -

She has turned all of the truth around- I find it scary- her weird world of lies exactly as these noble monsters of SIN & GREED- she is free & fooling people I think- but she is not fooling many people - they believe the Family Gordon are in charge with ANDRE MALRAUX

-
She is to be his future mother-in-law-he has known her since 1924- she will be the grandmother of our children... The marriage had those that knew `wetting themselves round their vice ridden Gents Clubs ...they could not believe such disaster could befall their violent Plans to take all the RANSOM Estate too ... Our deaths were plotted planned as before...

Not all of them knew- **Earl no 15 sometime Count Lindsay b 1926 went even more dope-insane by November 1957- He had clearly come to kill Greetha Ransom yet again-he began seriously when I was 5 years old 1938-his father told him all the money was his !**

I did not know who a `Count Garnie- Garnlock ` was & said `NO- I AM WAITING FOR MY HUSBAND - George...ANDRE MALRAUX- TO COME FROM GAUL `

Also the children had the meanest of bedding & while the boys were clothed adequately the girl had been seen at schools 1943/5 in the meanest & thinnest of garments in winter-her mother hid her knickers or soaked them in cold water in winter before school...Her mother said the girl did this-she was *doo lah li tat* & all her friends in London knew it-they were important ! The matter of drugs used was reported upon by a retired Medical Officer who'd made a study of Upper Class use from 1920s...there had been a nurse at the hospital with some training-but knowledge was rare...

The girl did all the housework she could cope with of a large house-the 2 other children-GR & CFR were left with 2 pence for the gas meter & sometimes no electricity-candles-a bike torch-an old hurricane lamp-an oil stove-but often there was no oil- In March 1945 the mother had tipped paraffin over the girl's school raincoat & tried to push her on the stove when the chimney was not closed... Both these children inherited- the mother insisted the child JGR was *a bastard*- but this was denied by Captain FJR who produced photos of his grandfather JOHN RANSOM Educationalist of Montreal & the Greenland Island the RANSOM family home/ there was an

Clacton & other hospital reports **said they had locked TGR up 1930s- the correct documents got-** but she was **GOT OUT** by her friend *Angel* Jim a, mie, & some of the Earl Lindsay family- Earl Lindsay of the Grand on the seafront pulled down this year 1946-Often the place was listed by Police for various crimes that could not be prosecuted because of the noble visitors-

1938 TGR & nobles- put a monkey gland in the forehead of her new born baby CFR cutting the month old babe's forehead/□ Clacton hospital locked her in a store room- if the baby lived then they'd let her out- Five days later they took her & threw her on the beach -

she could drink seawater - Locking her up having her disappear was the only way they could stop her interfering NOBLE FRIENDS

Challenged by Police & hospital & others at law- the mother Teresa Gordon R. said `

It was violence by persons very well known.

1943 **A Report from a retired Medical Officer-**

10am frosty very cold morning February-Holland Sea front cliffs-

`...he found the girl Greta Ransom age 9 years with her brother's shoes that had been cut off at the toes- her mother had bound them on with string ![] She did not go to school because she was shaking & dizzy bruised some bleeding- but at 8.30am had made her

way to Holland-on-Sea seafront where she felt her mother would not come-

The girl was sitting on the wooden Council seat trying to warm herself in the morning sun- the child was shaking & could hardly speak- her mother had begun to burn everything in the grandmother's home in the kitchen range- She raged- she had found Granny had bought the two of them new shoes (*little Colin 5 years old & Greetha*) Granny had paid for them from dear Augusta's account which came in each month for school things & outings. TGR had begun screaming at her mother Mary Gordon when she found out ! Colin was to have brother John's shoes

when he grew out of them

- Colin's shoes would be sold...John could have the new shoes first...`

(The retired Medical Officer also knows of the murder of the 9 years old Miss `d`UFF Macdrew Newfoundland heiress in the school Greetah is in-in her class-he knows Patrick MacDrew...& his mother...the connections will be important in giving evidence over the years-it will also lose many of them their lives when Mr

Mengele

paedophile Harrington steps in November 1953 & gets his snout in to everyone's lives...& is paid a fortune to do so...)

1943 February "NO NEW SHOES FOR APES" her mother kept shouting...She her mother had waited until Granny was taken to hospital & began going mad that school morning...

SHE HAD BURNED THE NEW SHOES bought for both of them- she & little Colin ! She had seen her shoes new set ablaze... That left GR with no shoes- the old ones too small but still in nice condition had been given to a poor family by her Grandmother Mary Gordon- Little Colin wore his old ones which were very broken & worn-he was going to keep those for playing after school in the REC...`

GR had also body bruises from blows-an examination was later carried out when the child was composed -she had been kicked & blows to her mouth-some hair may have been pulled out- She was sturdy & quickly cheerful as soon as she was got warm by a fire- & the whole time polite- perhaps too anxious to have little fuss made of the violence- He regarded her as under-nourished- highly nervous but sturdy- He recommended Cod Liver Oil other things if available- Yes he knew her ancestry- North & some down the other end South...good bones & teeth & complexion...

It was in Hospital records that the mother 1920s & 1930s became insane on narcotics- obtained from the *Noble Mafia* on Clacton front- a place called THE GRAND- this family of Scots Lords were demanding an Estate be given to them-

It was they and their highly placed friends who insisted the child GR was an imbecile because of her ancestry-

Sea traders-

philanthropists...

Others could comment here...

`The retired Medical Officer he said -` HE HAD MADE A STUDY OF THE USE OF NARCOTICS BY THE UPPER CLASSES- since 1923- when he 'came ashore' & decided not to be a ship's Surgeon- He made it a leisure study-narcotics/dope-users/ it was an area of medicine little understood

-
one nurse at Clacton hospital before this War began had also studied & had some training in this field-

1943 January- `The previous month January 1943 this sad woman with these noble connections was frequently found to be *violent* - TGR- was to have been transferred to a Mental Institution- again a message from a woman known at Clacton-on-sea 1920s/30s as

Angela

a

friend of the Earls Lindsay-their place the GRAND stood on the Seafront next to the Royal Hotel on a small piece of spare land...It was she urged authorities they let TGR go free to take care of her 3 children- This was known about the town before the War to be a worrying connection-

Angela

with Mr JIM Jong & TGR... especially to the parents of TGR

`Mary Gordon had legal care of the 3 children when their mother was put in a secure place by the Counties of Wiltshire & Worcestershire 26 December 1941 & to remain for 2 years then be transferred to a High Security Mental Institution to await her husband's return from the WAR- a request WAR OFFICE was to have him return for Home Duties... (*Earls of Lindsay & JIM saw he did not-they tried have him killed in Kenya- he was hidden by a family Malindi who knew of GROTE HOMES & their worth*)

TGR had been given LEAVES too frequently during the year 1942- she would return to Clacton-on-sea but go to her Noble friends-

(A Miss Butler reported her fears to an Essex JP & the Clacton Hospital staff her aunt Mary Gordon knew)

sometimes this was to Clifton a house owned by the Astor family...TGR had just spent the Christmas there-

1942/New Year 1943

...□

TGR returned early January & violence began at her mother & the girl GR & the 4 years old boy CFR

-

a relative a Miss Teresa Butler had been alarmed but had to return to her War Duties...

She knew of the unsuitable companions of her cousin TGR -

They noble Britain & some from Scandinavia had little money but knew only too well where it lay

...Southern Ireland & with the Ransom Estate...`

`February 1943 Mary Gordon had been taken to hospital suffering from malnutrition & violence from her daughter Teresa over some days-she demanded money !□□ TGR clearly was a user of narcotics & he feared a specific narcotic used by the upper crust-grown in Scotland- he diagnosed this immediately he saw the child & heard her account of the early morning while they were preparing to go to school...she & her two younger brothers... & that narcotic had to be got from the Nobles their mother TGR knew... One person now in a very high position had had her released & this clearly should never NEVER have been allowed...`

Police Records 1943/Marital Court 1946/Research 1960/

1946 `...some Private Reports from the last years showed Angela & JIM-the Earls of Lindsay instructing law & medical authorities to free TGR- it was pleaded by them to the law & medical authorities that TGR was needed by her sons-

There was a note on files (1940/1941) examined 1943 that two years ago Angela & JIM Jong

(

he now an Army Major working in the Palace where he had an apartment from the 1920s) were speaking in noble gatherings about this young heir born

1933

being insane & she was violent to her mother & others- this was clearly untrue ~

JIM was known to be `on the PIN` always...`

Staff reported in the Palace some things missing-taken by him...` He was often unbalanced-unpredictable...`

It was discovered 1939 by the RANSOM family that ALL POST/mail addressed to Miss Greta Ransom from CHRISTMAS 1933 WAS STOLEN IN THE NAME OF THE EARL OF LINDSAY & TAKEN TO Buckingham Palace where it was opened- Documents correspondence being taken to Whitehall to Rooms set apart... THIS WAS NOT ALLOWED AT LAW
...WAR had begun September 1939- It was alarming as many people connected to the family were missing-their properties sold on...this was outside Great Britain & its Empire...` This came to light in a frightening manner late 1940s...
The Weddell families were disappearing in South America...`
reports/

1943 January -the Authorities Law & Medical were ignored & it was arranged by the Earl of Lindsay JIM & his friend Angela who telephoned the Worcester & Wiltshire authorities that TGR should be released to go and take care of her children as HER MOTHER WAS A DRUNK... Therefore this violent woman Teresa Gordon Ransom as requested by her noble friends walked free-` By

IT WAS ADDICTIVE !
,

1944 3rd June- Then the death of Mary Gordon-from poison-given a dose of narcotics at 11pm by her daughter TGR who then left her with her youngest child EGP-` TGR denied she gave her mother dope & said `old girl took anything-drunk` She admitted to `perhaps she had given her mother medicine` -

Greta Ransom 11 years 3 months told a school friend & her mother she heard her mother cursing to the stars in the back garden at midnight saying` ` "YOU WON'T SEE THE SUN

RISE OLD GIRL-I'll give YOU interfere with my family- I will have them all in prison- in the bloody Lunatic asylum- my friends will see to that- THIS MONEY IS OURS-`

She Clytemnestra had returned from a relative- Mary Gordon was just come out of hospital there- Mary whom everybody knew a God fearing woman of great intelligence died at 2.30am on the bathroom floor -she did not cry out-` (*to her youngest child EGP*)

A lot of information was given in *closed-closed* court- the County Press were on our father's side - newspapers were asked not to print legal matters or medical matters on the death of Mary Gordon- IT WAS DECIDED THAT

Miss Winifred Mary Gordon would see to the entry of her sister TGR into the Hospital at Tendring & they should be able to accept her in a month- arrangements would then be discussed by them -□□ The du Cann mob were telling
