**JIM & MENGELE** GAVE OUT THEY WERE CLEANING UP LONDON for 3 broads & a Greek` ...

& knew he was a crazy mischief making little piece  
of VERMIN  
round their Williams & Butler & GORDON families-

All these Irish families cousins to Mary Gordon grandmother of Greta Ransom raised  
horses sometimes & JIM was after theft-crooked racing-the BIG TIME ! He is no  
stranger ! He & Angela gone mad on dope were into TREASON... perhaps they could  
destroy them by claims of treason ...& this got going heavily after  
Teresa made the marriage 1932 with Ransom/Grote !

JIM Jong at Xmas 1953 demanded David S. Brown rnr cut down every Ancient Tree on an  
island called Arran- saying

grandly ` The Sovereign-Elizabeth-  
Elizabeth-

needs NEEDS fine timber

-`

Is she building a wood Navy ? ~ Or wants it for matches ?

3 Broads & a Greek were told Greetah had cut the trees down....with an axe... ?

Can not the world get British Nobles OFF the PIN...?

Young educated London said 1950s `Oh she keeps a Pub for him- Saint Liz Arms- we  
never let him in our doors` He sold the Island Arran having drawn all moneys out of the  
Ransom banks 1953 to Angela`s 2<sup>nd</sup> cousin & pocketed the  
DOUGH 1957 - This is his old chum Angela whom he has had mischief with since she  
was 12 years old - It was  
this pair used to torment MARY & George Gordon to try get in on RACING in Ireland-  
My grandmother's cousins sometimes raise horses- Murphy O'Brien-Carroll...they also  
have three 19

th  
century Baronetcies & JIM wished to ruin them socially as they are related to Greta  
Ransom heir to Grote Homes Ransom Estate in 3 Parts who has

ANDRE MALRAUX as GUARDIAN  
...!

It was in 1956 when JIM tried sell Arran to USA- but an AMERICAN said ` JOHN  
RANSOM is dead- murdered in 1890 by

the Lindsay Earls

-what

is this little half Chinese racist up to with an island that is part of the Ransom-Grote Estate- when there are plenty of heirs ? And why are the Frobisher families Canada being persecuted by him !

Memo G.R. from records : This insane little racist had been about the families Murphy-O-Brien-Carroll since 1919 when Teresa Gordon was sent to the Carroll branch to get her away from undesirable companions at the Horse training Riding Ceremonial Grounds (somewhere near London)...these penniless Nobles who felt they could get dough out of this Gordon branch with well off Southern Irish relatives ...Teresa was felt to be showing signs age 6 years of age (1912) that she could be `a good horsewoman`...

Mr Pong 1919 onwards & his travelling companions followed when they wanted some `BIG GAME HUNTING` for dough & fun...

A Murphy household was burned & only 6 years old Brian escaped... Police said to put Teresa on the next boat back to Liverpool- wired Mary Gordon to collect her...`she was in with the wrong kind...`

Police shocked at what had occurred from this British Nobles bunch...

1954 The New Reign... WITH YEARS OF EXPERIENCE OF VIOLENT BRITISH NOBLE SCUM ON THE PIN ... Uncle O'Brien took his shocked & made very ill old Aunts back home to Southern Ireland !

murdered with poison in a cup of tea October 1933 to stop the great family XMAS in the great Ransom house Jacopsholmen Island-

JIM JONG personally went & slew the wife of Count Poulsen- October 1933- she was receiving the Xmas goods coming from New York-he cut the top of her head off to make it look as if an Eskimo did it - PJPW told this by Andre Malraux 1970 said...`more like East or China-I'll ask in the Museum on Monday if this is an Eskimo practice...?` Count Poulsen's wife had described JIM in 2 letters to her husband which reached him before her murder - she gives the man's appearance-languages- French perfect & Chinese- said he had been prospecting...`had an ancestor who was a prospector on Greenland shores`... She believed he was French-Chinese-raised in France...he had appeared on the shore & accompanied her on her walks two days...she was unpacking the Stores from New York for the great family XMAS we were all going to...

1933-1935 The investigation into Countess Poulsen's savage murder took 2 years by Denmark- a farce- GROTE BROKERS & the Argentine could get nothing in writing from Gross Britain- its penniless upper crust had gone on pilfering the Estate- mouthing an old Eskimo gave it to Angela- Mr JIM Jong & her parents swore to this in secret silence that Crowns & Lords can demand...no WILL was necessary now Angela had this divine role- Her word was enough- & that of the LINDSAYBUGGARHS...all old friends since they were kids....

1938 Whitehall were told `Angela wants the HOMES emptied the lands sold IMMEDIATELY & the moneys given to her` This was when she had received the WILL intended for ANDRE MALRAUX in Paris from the British ambassador Phipps- THE VISIT HAD TOO MUCH FRENCH LIQUOR WITH THE MEALS said a member of the Visit...
