

1944-1949 ....**POST/mail STOLEN by Gross Britain** -□ letters messages sometimes asked for a meeting- some people felt slighted by having no response from **ANDRE MALRAUX** upon simple or otherwise philanthropic Estate matters- we hear they were always very polite because of his World position alongside his General de Gaulle- Malraux could not be got on the telephone...

1940s Letters enquiries came from Hemmingway Novelist/ USSR-the nation of Uzbekistan/ Charlie Bronson Films & actor Hollywood-□ Grote Brokers/Ransom family-

By

1949

**GROTE BROKERS HAD TO CONSIDER MALRAUX AS NOT INTERESTED...he had failed to meet them when he came to the United Nations Building New York & GAVE A SPEECH of importance-**

( The Roman Catholic connexions brought Charlie Bronson on a visit to England trying to get some sense about GROTE HOMES which his parents may have had a helping hand with...Charles appears in the Joseph Conrad film as the mad Captain of the ghost ship )

There were also enquiries from musicians/colleges & small schools/craftworks- & concern over the disgusting greed over our tiny Maryland enamel works arose/etc endless- reports/tapes/paperwork/

1957 As well as all POST/mail opened- STOLEN- there was full scale listening equipment in the Catholic Mission household Nav

STORM TROOPERS :

`...1938- you remember the island- the forest - France- Aunt Mag had a hospital for them-she gave them two big wood Crosses-old we think-  
*not modern*

- they may have come from an old church or building gone-pulled down-suffered in some way-`A well defined character turned up-  
*we were told on the telephone*

- Asian speaking French as a native- then it was learned he was half English-  
represented the British Empire & Crown-  
the forests were to be felled  
-he was taking the 2 Crosses into custody-  
*to a Museum-*  
to safety-  
the  
hospital  
was to be closed  
- it was badly managed he told them  
(this is a familiar cry over the decades-so the criminally insane take lands or property  
because `Oh badly run`...LIES )  
- it could be developed as a more important spot- they would have all they needed when  
the new management came in-  
(He called himself the Hon. Major Carew)  
Your father alerted everyone- we could see the pattern- pick off isolated places- we did  
not know yet JIM Mr Pong was cunningly waving bits of document  
- `British Crown lands  
`in France)  
a small line inserted- later to disappear when logging finished- At the hospital a man  
who was considered tame made a complaint to our solicitors in Paris- We got to them the  
foresters- gave them the Woodlands & re-instated the Hospital- funded it from Grote  
New York !

We put the workers as the management team-& alerted the French Police on our way  
back at every stop- they were amazed at how this could be done- We explained who he  
was & that he took up  
Commissions from English Lords & two women with  
big debts  
& ambitions for the British Empire-  
The logging could not now begin  
!  
The New Team were sent packing  
(*by the French Police & Department administration*)  
! We never did find what  
JIM  
had done with the  
2 Crosses  
that Aunt Mag had given them- we think they must have been significant to French  
history...`

On the 19<sup>th</sup> January 1958 ANDRE MALRAUX left for the GUYANAS Tour- Representing General de Gaulle - *Mengele* Harrington was in my room within 10 minutes of ANDRE leaving- & jabbed me with a needle  
“I I I won’t have YOU remembering my patient MALRAUX”

2 weeks later a phone call from Andre South America at 11am in the morning had my response clearly worry the telephonist- he saw Greta had NO IDEA WHO WAS PHONING- and seemed to have forgotten ANDRE- he earns to keep his invalid mother & cycles in to work...he was now in danger...

*SHE* she mad Mother Kali had been re-instated for some nights by Doctor *Mengele* paedophile- /  
it can all be followed in the vast accounts-Life at 50 Lancaster Gate Square-by 1960 there were many- & others added to them over the coming years-

MALRAUX had no idea until he spoke with Pope Pius 12 November 1957 that the April 1947 `early wedding` allowed by him `young Paccelli- who knew Mary Gordon & Irish family as well as Margarethe Ransom Grote` had never been annulled

1957 November- He returned from ROME & looked at Greetha a long time & was wordless...then looked pleased & said[] [] `I am puzzled...it has never been cancelled...he[] (Pacelli)[] was a bit impatient with me...& sent me to see the Cardinals...yes we can take up the marriage again...live here quietly...have a Service of re-vowing... He fixed the service for the ancient Roman Crypt Saint Ethedreada in the City of London ...saying "I thought this would be nice for you & it would please Mr Poulter...we only have to have 4 banns this time not 6 & they suggest the end of the Christmas because there is a day they have no ceremonies...7<sup>th</sup> January...` I had my tiny Lempriere in my bucket bag & we found it was even better...7<sup>th</sup>

( If he had said go buy a new gown I would have got grey shades & wanted to look like a Parthenon girl in mourning....)

He did look like Father Christmas
