`I came with you-you did not know me-I am not to speak to my kin as myself-I have no identity now my Papers are all removed-no record of my birth-of `Jerusalem`, my parents... *Mengele* has made me an orphan of people of no standing- he boasts at his blondes & his male partners- I had began to speak to the young ones-my own kin-you are now in your own setting again-this world we all knew before we WENT TO WAR 1939-

(G.R. I think it is the ASHMOLEAN- the paintings...we have days out in the holidays from school- I show the children my world which to me is more meaningful... Pete born 1970 21<sup>st</sup> August/ Victoria-Augusta (2nd legion Ancient Rome ) 1968 21<sup>st</sup> April- `A & A 21` as PJPW did call them once or twice-

...I do recall this small man- Lennie has not grown like his brothers Fred & John...he has kept the height of his father and the delicacy of his mother- the eyes are not round but almond...I KNOW HIM AS SOMEBODY AROUND- there is nothing remembered of 1930s but 1940s all I have there of memory is misery of she-

& being told I am a pauper- & nasty things in the dark

...

a concrete wall of shivering billowing blackness throws itself in my head- nothing more...

YET TO CONFRONT THIS MISERY IS THE WAY OF ENTRY INTO THIS PAST THEY HAVE OFTEN DAILY TAKEN FROM MY WAKING HOURS WITH THEIR FIENDISH DOPES THAT REMOVE THE MEMORY...

*THEY LEARNED IT ALL IN GREAT WAR NUT HOUSES VISITING THE SHELL SHOCKED FROM THE FRONT ..... I want to AXE `EM Lennie & they have murdered your son then your daughter...your Weddell kin & kith...burned their bodies in their madness after the discovery of DNA... .I Greetha want to put them on chains to*

build our great JOYOUS VENTURE back again...

they are dope-trash at the top of the British Pyramid- ignorant crass...& piles of dogs dirt

on Clacton-on-sea seafront-as the many good people who protected us called them-

LEN speaks on....` ANDRE TAUGHT ME THIS-look at paintings thus

...1960- he had taught the boys-VINCENT was most interested with it- How to put yourself in the painting-walk in-and look out at the world if you like-walk about- this painting has all the kindly animals all over the gentle landscape...little Peter 7 years understood-Victoria was delighted- I told them how my brother John who worked one time on the STARS used to imagine himself up in a balloon above the earth and then look at his life-his work-his problems...they understood-`

I G.R. must have been listening to him-for I too can walk about in that painting with little Peter and Victoria-*Mousie* in a dream I have...Len is there & others familiar...big Peter comes and says something about mistakes-then I am in a car Victoria driving she both child & adult merged... she driving & I suddenly see thick mists -the windscreen wipers are not on & she seems to be in a trance as I feel I am -I shout her name-Victoria-Augusta ! ...I know no more....

*(Her name-it's the 2<sup>nd</sup> Legion ROME-the Empress own regiment-the VICTORIA AUGUSTA-II Legion visited Camulodunum Colonia Victricensis -Colchester- Claudius Emperor had his temple there burned by Boadicea )*

If I were allowed to live free of these-they full of deceit & madness that they will be found out for slaying the GROTE HOMES children & stopped at the ongoing robbery... of the delicate flower garden round the globe THE JOYOUS VENTURE...I would recall  
ANDRE MALRAUX  
winter 1969 shouting in agony

`that

,  
s my child`

as we leave a fashionable dinner party at Blewbury-

where he has been walking about with Victoria on his shoulder-she 9 months-she cried if he put her down in her tiny cot-

I take her everywhere-I have already had threats to `take her away` ...

She lived on my hip for over a year-

(  
There is a painting by Grandpa Gordon that Andre would tell me he was to be imagined by me on the Grandpa big bike coming down the snowy hill & bidding good evening to the people coming to Church by Moonlight...He also told me that I should pretend the painting is sometimes with daylight & I should remember he comes down that hill on the bike to me when he is away in GAUL...)

Andre calls her Victoria but we at The Pillar House often call her `Mousie` ...she is used to him & she & little Peter smile at him readily

...

I see her one morning run towards him

...

she nearly 4 years old calling gently

...

`its Andre-I love Andre-he makes me laugh...` and she ran down The Pillar House garden to the East Gate

child like a little star described on the climb up the mountain paths in the story JOHN RUSKIN writes-its printed at the back of

Sesame & Lillies-

,  
King of the Golden River` ...

but most children recall it as `

World wartime children immediately thought of a lovely joint of mutton cooking over a warm fire...)

ENTER we- THAT LOST WORLD- where British Noble SCUM can cover up the slaying of

our GROTE CHILDREN...

Len speaks:

“1977/80 tapes/ I am Len-I am your kin- I am a musician and artist-I have 3 books on social and philosophical matters abroad-I speak several tongues even Japanese of which I am `A Master` -

yet I am not to tell these my kin whom we descend from

...all that magic has to be locked away-one day some grubby creatures may unlock their stolen

trunks and laugh and jeer-some more...I have talked with Miss Welch explained the matters of the Estate-of course she knew of GROTE...`enlightenment-she knew older people who had been to teach awhile or make an academic visit-it was ORDER out of chaos for the whole world- She'd look after the young...I should watch the world- see if there could not be some break-through...she'd try have a talk with some persons involved

Memo from G.R. (1995-2008 AD- our work programme)

MEMO to LIR after his death as I set out this Document as he has done in this manner in his diaries he kept all his life from boyhood...

`Lennie- it was in the June 1945 *George* COLONEL ANDRE came out of `Stella Maris` from talking with Annie & using the sitting room with the gilded old piano for reading & writing his thoughts his work... I HAVE NO MEMORY AT ALL OF YOU...this is where you would so often 1930s go in and talk with Annie- show your drawings, and speak on the ancient and modern art & music & people & life...

( before 2<sup>nd</sup> World War)...& *Mademoiselle* Mrs Honoria-Rachel might call on Annie & Bessie or you could go and have a secret tea in Rachel's tiny half a house both of you speaking in French her first language- The Monsters on the Seafront think she is a beggar woman- she knows there sort- do you recall picking her up in the snow her cat in her tiny rough wood cart she takes for her shopping she in a ragged coat... she

plays that beggar woman very well- and then flips off to the most expensive Watering  
Places the Continent for a rest -or calls in on `young Paccelli & old friends in Rome-`

1945 Summer- `WELL-I am in awe of Colonel Malraux- *Malroohx*- and in love-- he bends  
his tall frame and has a ghostly smile on face but never in those eyes of the stars  
because he is A WIDOWER-

& Colonel Andre say`th` `I have seen your Grandfather's paintings- Now  
little one

- do you look at the one on the staircase where it curves- his painting of snow &  
moonlight...I want you to look into it next time &

see

ME

coming down that hill on your Grandfather Gordon's bike- on George's bike-which I am  
now to ride-it is for a tall man- I shall be coming down the snowy hill, I will stop & lean  
on the pedal and speak to the figures going up and into the lighted warm church-Annie  
says your grandfather knew who they were-we will try and find out- I shall then continue  
down-and at the bottom of the hill I WILL COME TO YOU- ”

` I- will come to you...` - tremble doth meeeee G.R....`

I find some words ` yes -*it is in my bottom drawer*- my dowry- Great Aunt Annie did say it  
last year ...but I have to be worthy of  
it-to have a holy home for it to come to...

HE DOTHTH RETURN TO THIS POETIC TIME

Outside time

...as when you walk in grief- delicacy- uncertainty- outside dimensions- there was a  
book I used to enjoy turning the pages of 1943 because it had been my father's but out of  
date in his time he said.... old Professor Dunn's book his ideas on dimensions...

I will print Grandpa Gordon's painting in this book for JO- she would have like it`

The nations outside Gross Britain

*well thus they*

understood...& were well pleased with the children who came out of the Grote Homes & took up POSITIONS which helped them the peoples of the area & the nation have a more comfortable life span...

This was how TIGGY GROTE learned his HUMANISM -

IN THE SNOWS OF Jacopsholmen Island where we go local Arctic shopping to Kristensharb 1850s-1930s...

( Thomas Immanuel GROTE an old family of West Saxony born 1841/1842-murdered 1904 by Scots Nobles Arran our 98 acres stolen by JIM JONG & sold on to Angela's 2<sup>nd</sup> cousin...

TIGGY

(

*Ward of the ARCTIC because of his Ringworm from talking to the Animals Boston Zoo )*

... felt human nature functioned best when it knew common sense & he grew up with this...

his mother's great uncle was Frederick IMMANUEL K A N T...

Tiggy says he learned much from age 11 years Ward to Fred Ransom & Gertrude

Poulsen his wife... TIG BEGAN HIS WORK AT 21 YEARS after plaguing Edward LEAR artist cartoonist on the family acres Corfu aged 18 to 19 years of age...

TIG now upon marriage to Margarethe Ransom in his enthusiasm & her agreement both aged 20 years put both Grote Brokers New York & Ransom families into

NO SHOES state for a few years

...

but nobody minded... FAIR TRADERS HUMANISTS...

Tiggy's ideas with the intelligent the noble of the world flourished... & soon with Aunt Mag's GREEN GOLD FINGERS everybody had shoes....

Nota bene : we go from the HUMANITAS above to the LUCIFERS of a Fallen British NOBLES Empire ...all penniless for 2 even 3 generations .... I/we give it

below...YOU DOTH LEARN WITH THIS DOCUMENT

**THIS BOOK OF JOSETTE & ANDRE MALRAUX SUMMER HOLIDAY 1937**

*...& I Greetah found them FULL OF SUCH GRACE...JoJOH&Jo & Saint George ANDRE...*

A WORD IMPORTANT...**IN SUMMATRA WE HAD IN EDUCATION GROTE HOMES 3,000 orphans in HUMANISM living in quality GROTE HOMES...** When the British Empire 1940s slew them they using The Realms of noble circles (Scandinavia & Gross Britain)□ mouthed that about 200 children only

were on all these LANDS & they were used as SIN  
*(so they had told the Diplomatic Enclaves to PAY THEIR BILLS FROM RANSOM GROTE BANKS where they may...)*

And thus for a few years this FOULNESS at the TOP OF THE CLASS PYRAMID OF GROSS BRITAIN paid its gigantic life of debauch...

touring the globe fingering other NATIONS

..../

The lies about the numbers of GROTE HOMES CHILDREN will be repeated & falsified where they bulldoze the HOMES nations A to Z□ 1950s claiming THE LANDS ARE THE PROPERTIES OF THE LAWFUL PURCHASE CONQUEST OF THE ANCESTORS OF THE CROWN...

It is ALL LIES

...thus they have become quite-quite-quite mad...Oh so very criminally insane concerning Grote Homes & Ransom Estate...

When the moneys & KUDOS reaches to grandchildren it is more difficult to point out the EVIL OF THE ROARING 1920s & the horrible slitherings of their previous generations in this RIVER OF BLOOD ...

`WE do not want them in New Zealand...they are never sober you can smell the liquor...so it is come about THAT THEY HAVE BEEN ALLOWED TO OPEN THE POST/MAIL of GROTE HOMES & RANSOM ESTATE ...from 1933...THERE IS YOUR PROBLEM TO THEIR MADNESS-IT IS A GATHERING STORM FOR THE FABRIC OF THE GLOBE...THEY HAVE GONE MAD...FOR THEY ARE RAISED TO BELIEVE THEY CAN DO

**NO WRONG...THEY ARE DIVINE...I did tell you before we moved away (LATE 1940s)....GET RID OF MR PONG...`**
