Love- Cousin Sarah (Poulsen De Salle) age 13 years

The letter to Fred J. Ransom from his cousin M. de Salle is in French - (Elizabeth Ransom line 1770

-descended from her only son age 9 years when she marries M de SALLE French banker Paris...letters exist...)

1948 Diary LIR- Dr Len Immanuel Ransom-sends letter to ANDRE MALRAUX- his brother Fred Ransom his brother John Ray Ransom have also written- Ivy Ransom too- no replies- but

'in pipeline' replies 'when he returns' 'handed to him for his reply'

Telephone calls got a *'not known where he may be'...*

Diaries LIR ~ A real big balloon was hoisted with *'MALRAUX SAYS NO'* on it-this was intended to insult us- we had gone to Argentina for we wished to know if we might draw a salary for the work of administration of the Estate we were all engaged upon-we knew our roles-Grote Brokers & administration...everyone... were in shock over the dead children-it was not possible now

(at this time)

to say they were missing-

It was all handed to us in our old Solicitors Offices-we should draw what we needed-they could not understand how the LINDSAY family were in command of the Canadian transport-they had no experience-& were a very very remote line-they had from time to time paid them moneys as gifts to assist education-they were entitled to nothing-

Rumour flew about that the children were killed by the Nations-this was not at all true- no one would name the killer outright-

They

(Brokers Solicitors et al)

assured us with their simple philosophy- we were a good family the Estate was ours-we had always had a care of it and they too-since Fred and Gertruid sailed in over a hundred years ago and asked their firms to assist...

there were families of greed & avarice- we should try to avoid them-

They too were puzzled over the non-appearance of ANDRE MALRAUX- they had

expected a personal visit...perhaps it

had to be discussed with General de Gaulle- we should all go

on with taking care of the flower garden round the world-this beautiful piece of craftwork or artistry-never had they seen anything work so well for the benefit of all mankind...` *US A & South America at the time the United Nations Building was given a speech by MALRAUX...(1948/1949)*

`Do you remember Geraldine-Dumont...her mother was Japanese-she had a terrible time in the war-she had to say she was Chinese-her husband had gone to war- Geraldine came to the rescue of your father-she set about the Estate looking to all the properties he handed to her to advise-she was doing excellent work-everyone was pleased- she came to see your mother who began a diatribe of marital woes-by now it was known her sister Miss Winifred Gordon had kept her from the Asylum where she was really in need of care-...& to free the community from her mad attacks on anyone.

Your mother had no big moneys now...she was entirely dependant upon handouts from the big nobles of her pre-war days- they would see she had a good time if she gave them information on Investments & Estates to hunt out-

Geraldine and us did not know enough. She told her (*Teresa Gordon Ransom*) she was only interested in seeing the family Estate was well run-the children were the inheritors her children and Len her brother-in-law...they were to take over as they grew-`

1946/1947... SHE Geraldine WAS ATTACKED IN HER OFFICE -they came in & thrust a pin in her brain- she would never recover- we got her into a good home abroad- we called until her recent death (her death therefore is c 1970-Geraldine mid-20 years of age in a COMA since 1946/47)
Her mother we sent home to Northern Japan... IT IS A TERRIBLE TRAGEDY- Geraldine a girl who came to help with the great work

-
attacked orders Nobles of the British Lords & Crown...

I CAN't go on- I left a little Weddell wife with her parents in the Argentine...all of them slain so the IMPERIAL POWER could thrust its snout upon our properties...grab our SEA...they've blown him up my brother (*Dr John Ray ®*)...they warned us round about here...the Rural Tories...they said they had had enough...they'd get HIM
(*old log of the sea Centaur*)
somewhere...some had seen the dead children in the pits or at sea in the nets

BUT HE RETURNED WITH JOSETTE DEAD HIS BROTHERS DEAD

What a fool he had been-not to understand there had to be more to this violence when it began 1957 behind his back-

Nota bene : October 1937 upon receiving the letter from Margaret Grote to his Paris address... ANDRE MALRAUX did not know it was Guardianship to this gigantic Estate of which he was not aware (alt hough years on he did recall some matters & that he had seen HER 1920s surrounded by

persons of high degree of intelligence in Paris but he was young & not introduced...)

1945

onwards IMPERIALIST BIG BOOTS WERE STRIDING ABOUT EUROPE & THE WORLD AGAIN- The Ransom Grote Homes Estate A-Z the globe had a million & a quarter children & families plus our attached men & women & other families...so many were murdered or forced into terrible poverty & early deaths by the cunning destruction of this private property- the miracle of philanthropy NOT OWNED BY THE BRITISH GOVERNMENT OR THE BARELY EDUCATED SCUMMERY OF NOBLES Gross Britain & Scandinavia- seldom sober & 99 per cent of them on the PIN -

1937/8 GROSS BRITAIN GOV. & CROWN *`officially-but unofficially`* now took all ANDRE MALRAUX's post/mail in FRANCE & the searching had to go on evermore... & went on taking all Post/mail of Greta Ransom & kith & kin- what ever they could filch !
