1954 Mr *Mengele* had got ripped off a quarter of million Sterling by a 19 years old ROMA playboy aristocrat ! *Mengele* did not dare get Greta RANSOM to sign him investments but he certainly courted Teresa Gordon for this & was aware she could enter some circles where they did not trust him & he would not get in the door without a respectable wife !□□□ He knew ANDRE & I

But all of this information does not come together until later- when **ANDRE MALRAUX & I** have been parted **AGAIN 1960s** - *I a pauper as I think am threatened he has lots of women* ...I am not allowed any memory of the past at all !

& similar things to keep daily knocking my memory away ! It is easy to do it to very young people when you are able to crush them & frighten them you have the power to lock them up !  
Jenny Brett was never free of them after she sent a 2 page letter to

Scotland Yard about **JIM** & mentioned **Mengele** as not suitable to enter either...that both of them were stealing from the Charity...  
**WE ARE BUGGED...tapped...bilge rats in the panelling** so that all that is said can be known...

1960 January- **CHURCHILL** will tell Philip Silverlee...`Millie Frobisher married John Ransom...Classical approach to life - she skated too ` He describes her performance one late afternoon - he an eye witness to a girl who ran a little Academy of Ancient Arts with school friends, & skated magnificently...enter the ice go round & round then a leap in the air and the most magnificent figure skating you saw...some acrobatics...another circle round...a leap...a bow...`

**Diaries/Reports/ Andre Malraux Detectives Colleagues Colne Engaine 1960/1961...**

He knew Lindsay were involved in disasters in the family...that her son Frederick Charles had his little mother killed age 32 years, he 14, 1897. There was a big tomb in a London cemetery & Greenlanders Eskimo came for the funerals...he earlier (1890)... The little home Jerusalem was bought for them after the Passports had been withdrawn to stop them getting away from Earl Lindsay- not unusual for penniless British aristocrats to behave so...they had taken all her Frobisher moneys- he had thrown them out of England 1920s after deaths & robberies in Scotland.. They'd got back in... He had known Mrs Grote they sometimes wrote a page to one another... He tells Philip Silverlee & Andre Malraux `the relationship is too far out...they are entitled to nothing...GIVE HIM A SPADE Lindsay 14...TELL HIM TO DIG IT UP... & he called him in and got 98 thousand pounds off him...put it in a Swiss Bank in names Greta & Len Ransom/MALRAUX Guardian to draw. *Then he was sent painting by frightened persons !*

1957/1959 Life at 50 Lancaster Gate Square...JOSETTE KILLED BY ALL OF THIS GREED by Gross Britain Lords & Crown ...& a double Rampart of EVIL scroungers all able to call on the Special Branch of this or that of the Nation to assist them STAY FREE OF THEIR HORRENDOUS SADISTIC CRIMES OF GREED...Oh so carefully planned & plotted ...

November 1957 suddenly MALRAUX was rushed to a clinic by *Mengele (he jabbed him with a needle of knock out stuff & was in the house & Andre did not know this !)* We were to leave for Philippines to meet Uncle Alfred Richard GORDON who would come from Australia & he wanted to tell us about an ORPHANAGE Adelaide 1955/6 he & friends had been called to investigate after queer happenings by a little fat man called JIM whom he Alfred-Richard had known briefly early 1920s as a nuisance about his parents & younger brother and sisters ...JIM had sent me messages he would have me arrested at Heathrow if I dared try go to New York with ANDRE earlier that autumn...But I was going to go now to Singapore with Andre !  
ANDRE SHOULD HAVE DONE AS I SAID...we leave some hours before - HIDE then quickly get to Airport with some friends to see us on the PLANE... He seemed to have an engagement that day...

**WE ARE WATCHED NIGHT AND DAY !**

**JIM KNEW WE WOULD FIND OUT ABOUT THE ESTATE IN NEW YORK ! I WAS SCARED AS DIRTY JIM HAD COME INTO COLCHESTER CASTLE with 4 gunmen spring 1954...trying to TAKE ME AWAY...the Curators got on the phone to BIG GUNS in London & these WHITES Club NOBLE thugs were told to leave....**  
**& all this faded into the winter mists within days so**  
**Mengele**  
**& his evil DAMES clearly had me MEMORY LOSS jabs & powders too**  
...

I could not remember it until PJPW & ANDRE MALRAUX retired Minister of FRANCE spoke from the notebook entries of 1957...& this was winter 1970.

Both PJPW & Malraux did by then understand that the *Scarlet Town Malraux Household/workshop* was being spiked ... |PJPW had given up believing I was having a BIG SPEND & living as a Noble as Mengele & his SCUM had tried tell him since 1968...

PJPW came to follow that I had to leave St Edmund's House, Lancaster Gate Square end of May 1959 because I knew I was being poisoned, my memory so bad mornings & my kinetics in a perilous state until early afternoon- AND I DID NOT THINK I HAD SEEN ANDRE MALRAUX SINCE JANUARY 1959 ! WHEN THE POISONING AND THE HIDEIOUS ATTACKS BY JIM & others peering at me so ill I was unable to stand after that poisoning...The attacks happened over 2 days...THERE WAS NO LOCK ON THE DOORS

... I do not believe this Catholic household originally had these hotel type doors where anyone can get a key from the housekeeper and WALK IN ... I recall WHITES CLUB filth about 6 of them who were clearly ALL ON THE PIN with those hideous little dead fish pin prick eyes... & MOUTHING squeaking in those awful over refined little pip pip noises of the penniless aristocrat - The worst of the Noble Britain 1920s and some of them had their ISSUE/kids as evil as them... were determined to go on getting blood & gore moneys & destroy the reputations of ANDRE MALRAUX & Greta Ransom & her families... They were using Teresa Gordon Ransom as they had done from 1933 to harm us...
