My father & Ransom families can send no post addressed to Greta Ransom without interference-removal/

Begins XMAS 1933- FJR can see any documents at his parents home `Jerusalem` Deptford- they have all post/mail sent to EMBASSIES of USA & Argentine & others- therefore he had NO IDEA that the barbaric dope-soaked criminally insane of Westminster-Buckingham Palace-House of Lords were tearing open our Post/mail & putting their snouts into an Estate of the world-its management-its HUMAN BEINGS- They should have had NO knowledge of how this vast piece of philanthropy lay about the world- with permission of the Nations it was in- Its Empire collapsing on its ignorance-greed...

ANDRE MALRAUX his last visits to GRETA RANSOM

September & October 1976

people said he also came over to us -October a surprise visit/notes, tapes/some memory-its misty-too planned !

I recall the September evening 9.30 pm Harwell village, The Pillar House-A SURPRISE VISIT-he sweeps in no warning to PJPW- He has an overcoat on-dark blue perhaps-not his usual romantic raincoat-a local taxi is outside-

At school 1945/1947 we all loved him in the raincoat like Glenn Miller & the Americans in the 2nd World War newsreels- Betty Kean gave him wolf-whistles & was corrected by the Irish teacher 18 years with red hair- I used to go weak at the knees & my head swim with delight & misery for he will it is said take the Robe as a Widower he someone so holy & clever....

His eyes are tired 1976 *but it is him & again I wilt but know I must be calm as a statue- a Caryatid on the Acropolis of Athens* - he asks me to look into his eyes-before he begins to speak-

`try & remember-it is only something they have done to you & sometimes they did it to me-

STOPPED LIFE !

We had a little Wedding-I was happy & I think so were you-we tried again & I was happy very happy Greta Maureen & so I think were you...

THEY HAVE DONE IT- STOPPED LIFE ”

!

(Stopped lives to get themselves big dough...)

I am like a person in a dusty glass jam jar- I often experience this- I am trying to look out but the air is grey departing-in-grey & we are writings- drawings upon the seas upon the cold winter air of Essex beaches & Londinium...

We have lived in a hideous world where evil wins & our dead encircle the earth of the JOYOUS VENTURE- I have replaced some of them in this DOCUMENT !

ANDRE MALRAUX arrived by private car- unexpected

PJPW is very flustered-he was working at history of natural history papers on the dining-room table that evening-children in bed-a quiet comfortably warm September evening- Peter seats Andre Malraux in the gold arm chair- I have never been able to see Malraux without preparation of a visit...Orders are given by SCUM I am not to have a memory...

But George-Andre rises saying `I wonder if I might sit on that William Morris sofa Peter- that Miss Rose Holder bought you when you came here- this chair is small- & I am a big man-

Perhaps I could sit next to *Greetah*...Greta-

I was told to fetch some wine from the cellar & I brought it into the sitting-room- I give him a glass of homemade wine-a dry one of white rose petals to try- & another of rhubarb- `You made this *Greetah*-it has a touch of ginger-am I right ?

I am amazed-□ it is so clear-`

Victoria is got from her bed to play for him on the piano- Peter must leave us- Peter wishes him to hear her play...it is 9.30pm

Two minutes together...he holding my hands...

`Tell me- did you ever really care-for me- Yes I should have understood- I think you did- t hey opened our post...

We had a little wedding- I was happy & I think so were you Greta Maureen-□ We tried again- &□ I was very- very happy- & so were you... I still cannot follow it- in some places... There□ (he pats my hands)□ you must go on here-□ you have Victoria & he the little one- little Peter- to take care of...I must go to my tomb in Gaul- I went to see the Rec-□ to the beach again-□ I always say it is the last visit- but I have to return...to happiness-

One day

they may let you remember- again-
when we were a family & had a holiday

-

it was 1937 -
you were 4 years & a half
- we had a summer holiday-
with a girl who had to die...too soon... ”

**Victoria will at 13-14 years play a little Debussy very well/so sacred to he & I as much as Monteverdi. Does he recall the music of 1945-47- yes- we have spoken all that 1957-1958-

1937- summary - to their deaths JO & ANDRE MALRAUX were grasped by the violent

Noble thieves obscenely tearing at a worldwide miracle of philanthropy-

The savagery allowed & organised by Nobles of the British Government & Crown had JO & ANDRE harmed all their lives-driven to early death-□ The killing of their 2 sons 1961 in haste when the whole evil was being unmasked- that greatest crime of mankind -

Gross Britain a nation claiming superiority allowed its Nobles to use the state system to systematically clean up-murdering the Creators & Legal Owners of Grote Ransom Estate by bragging that *we Ransom-Weddell-Frobisher are apes-Eskimos* - Relentless search by the criminal ly insane goes on into the 1990s for those who knew of GROTE HOMES & the good people who saw it could run so effortlessly- & all other good people who came on board from the Nations A to Z-

1930s- It was this A to Z nations involvement that had the British Government & Lords & Crown reeling in anger - this system had shown it could help stabilize the globe- So the British empire & big noble fists dug claws in to make their piles of gold & evil kudos before enlightenment...

1937 October “ JO- SHE HAD HER NEEDLE WITH HER THEN ” *Say`eth my grandmother JEAN WEDDELL Mrs Frederick Charles Frobisher RANSOM* -□ “ Yes-she made herself a bolero out of a piece of black cloth...” `...probably it was velvet or a cloth like that felt□ -we could not tell- you said it was shiny but not too much`□ reads LIR FLYER from his diary October`

' She JO did marvellous stitches on it- in the plan of a CROSS- her work took your breath away.... ' *G.R.*

(I can see it in my memory & it is stitched in red as a Cross- not a heavy thick cross as I see- but delicate- it is to be worn

in memory to them the dead of Spain. She says she is going to wear it at a something in Paris that Fall- but I cannot remember what it is for she may

said it in French. It will have come to my mind that she had better be careful of mad Clara waving a gun

... *G. R.*

'I recall her saying she was going to do it for Spain-the embroidery- but she had had enough of thinking of Spain because it had been so awful- such a waste of life- & she needed a rest-

& to do pleasant things... I heard her say this many times for people asked in solemn manner....
