**The 3 supporters of Andre Malraux do not tell PJPW his 2 sons died`-they either believe he knows this- or they might say `an accident plotted`...**

PJPW continues November 1967- `What impresses me is they are only looking back a few years- my notes (*from them*) go on from 1949/50s/61- to just before you came to the Museum 1962 from Colchester ( 24<sup>th</sup> January 1962 ) you never said about living over the Park- with him  
- not in 1962- Only that you called a mysterious man `your second cousin` and had written some poems to him- Only last year you told me more- now I learn who he was `-

**November 1966 I took PJPW to the house 50 Lancaster Gate Square at nightfall-he had been told 1958 on his Glasgow `sabbatical` that MALRAUX lived in the Gardens Lancaster Gate Square when he called in on The British Communist Party-his Grandmother`s cousin HUGO RATHBONE is a Founder Member-It was the author**

Richard Carrington told PJPW that night of this visit where we were heading-  
**THE MALRAUX MORGUE--**

I had gone with Peter to deliver some Research papers for his book on THE SEA-

I Greta Ransom wanted to see if that building of horror-happiness-horror-built  
1860s-existed ! I was being reminded October 1966 when I had returned from 6 weeks  
Athens with my cousins-one married living there- *Some older scientists*  
*in the BMNH who had known Andre Malraux said about my going from one side of the*  
*Park to the other-*

A young man Heyward used to exchange a greeting with me winter 1957/8 beside the  
great staircase at Sir Joe (Joseph) Banks Soho Square-trundling his Sea Boxes in &  
out (his great great Uncle Heyward on *The Bounty*) now appeared as a Staff Member  
Oceanography housed in a HUT in a courtyard inside the great Waterhouse Building BM  
Natural History- He surprised me as we used our bunches of keys for the Spirit Building  
-saying `Hello-I usually see you at Sir Joe's-How is

Camulodunum

-must fly-come & see us in our HUT-coffee time- I will introduce you...`

I decided to accompany PJPW to deliver the papers to the author R. Carrington who lived  
very nearby Lancaster Gate square- No 50 the house of strange  
happiness-violence-threats-horrors-doped beverages-winters 1957/1959-a man in a  
Glenn Miller raincoat who made my legs go weak when I saw him- It had become a  
nightmare-Sea mists-pencil sketches upon the iced air of perpetual winters- I hoped he  
would step from the shadows of the Pillars-if only A PHANTOM-of the Opera !

I felt a British Museum Natural History scientist would be a safe person to escort me  
to-THE DOORS JAWS OF HELL- Alone I might be suddenly transferred in to that time-the  
threatening Mr *Mengele* paedophile murderer of the 12

years old in the Kent Hotel-he sucked a poisoned scarlet lollipop prepared by

1962 November - I had it confirmed that ANDRE MALRAUX all of us lived there- by the housekeeper who looked startled to see me then relaxed-

**The great beautiful Catholic home-hostel-Mission -of Andre Malraux where General de Gaulle had also work going on- he called early one morning on MALRAUX- 1962 I speak with the housekeeper & the cat walked by ![] The same cat-- The building she reminded me was so warm-cosy when we were all there-

**She had[] “ not seen Mr Malraux for 9 months- since the accident...” I did not ask- I had no idea of an accident- perhaps I should know- I did not wish to upset her more- her husband the violin teacher- well known- was ill[] `coughing- the Doctor says he can do no more for him`**

She did not continue living in her basement flat- between 1965/66 she died from being poisoned/reports-*Police looking for woman I white raincoat...* Andre had found her another flat after her husband died- She had a monthly Soiree for the Malraux young staff I had been with at 50 Lancaster Gate Square the 1950s- David Brown rnr went- I think he was told to go in my place by the G.B. & Crown thieves of my post/mail
